Stories For Generations One:

The Story of Sexual Identity Phillip L. Hammack, Bertram J. Cohler, 2009-03-06 This book assembles a diverse group of scholars working within a new pathbreaking paradigm of sexual science fusing perspectives from history sociology and psychology The contributors are united in their commitment to the idea of narrative as central to the study of sexual identity offering an analytic approach to social science inquiry on sexual identity that restores the voices of sexual subjects The result is a rich examination of lives in context with an eye toward multiplicity and meaning across the life course Central to the chapters in this volume is the significance of history generation and narrative in the provision of a workable and meaningful configuration of identity

Generation One Adam Parrish, 2013-07 If you hang around any given church in America long enough you will eventually hear someone say God only calls us to be faithful It is a quaint little saying that sounds good as it rolls off the lips But there is a serious problem with it it just isn't true God calls us to be more than faithful He calls us to be fruitful John the Baptist put it simply Produce fruit in keeping with repentance Matthew 3:8 and Jesus Himself said This is to my Father's glory that you bear much fruit showing yourselves to be my disciples John 15:8 Too many have settled merely for a faithful life They faithfully attend church faithfully give of their finances and faithfully try to be nice to people That's commendable but do you long for something more than that Does your heart cry out for a life that transcends faithful duty and actually bears fruit fruit that will last for eternity Then this book was written with you in mind Using humor inspiration and everyday illustrations pastor and author Adam Parrish looks to the first generation of the Church for instruction and inspiration to help us fulfill God's call to be fruitful

Majestic Waterfalls and Their Stories Kavit Anjal, 101-01-01 Majestic Waterfalls and Their Stories is a captivating journey through some of the world's most breathtaking waterfalls uniquely told from their own first person perspectives This imaginative and informative book blends geology ecology and storytelling to offer readers a deeper appreciation of waterfalls not just as natural wonders but as living witnesses to time and change Each waterfall narrates its origin the natural forces that shaped it and its impact on the environment and human culture From Venezuela's towering Angel Falls to Romania's enchanting Bigar Waterfall the book spans continents and ecosystems weaving scientific insights with personal almost mythic voices These stories illuminate the relationship between water rock and life while reflecting on environmental challenges and cultural significance Ideal for nature lovers travelers and curious minds this collection invites readers to experience the grandeur and inner life of waterfalls with newfound awe and understanding

A Compilation of 33 Incredible Stories Marsden Kerrington Kray, 2022-06-10 We have all heard the expression that fact can be stranger than fiction This collection of short stories may indeed prove this idea to be true About half of these stories have been experienced by myself the remaining stories have been retrieved from friends relatives family history records medical colleagues and military officers How is it possible that I could have encountered such strange occurrences during my lifetime I believe it is because I attended ten different schools before high school graduation attended universities

from East to West Coast USA was exposed to numerous different cultures and developed friendships with a plethora of unique interesting people Read these stories and some of your questions about life and its meaning may be answered and ask yourself the question Have I ever experienced any unusual stories that are as incredible as these I bet the answer is yes

The Grandparenting Effect Trevecca Okholm,2020-07-21 Whatever life gives you and wherever life takes you there is always a story Life and relationships all begin and are sustained in the context of a story This is not a how to do it right book as much as it is a book of stories personal stories from the author biblical stories and stories of ordinary grandparents and grandchildren who have been willing to share their own stories with which you may be able to identify and be encouraged in your own adventures of grandparenting This is a book for everyone that either has biological grandchildren or has the potential to influence the lives of non biological youth and children in the role of grandparenting This is also a book for churches to consider while planning for ministry to bring generations together in meaningful interactions and in doing so to create space for generations to share their stories and share in God s overarching Story of reconciling the world one story at a time

Making Meaning of Narratives Ruthellen Josselson,Amia Lieblich,1999-04-05 The most challenging aspect of narrative research is to find and select stories that go beyond a good story to some kind of wider theoretical meaning or implication How can we know what is good work in narrative research if there are no methodological commandments How can nonlinear concepts such as persuasiveness credibility and insightfulness be measured Exploring these provocative questions the contributors to this volume examine such issues as the various guides to doing qualitative research how scholars from two different disciplines psychology and literature respond to an analysis of several autobiographies that were published and analyzed by a third scholar how to make meaning of narrative interviews by considering the problem of interpreting what is not said how cultural meanings and values particularly about gender are transmitted across generations the transformational power of stories within social organizations and the use of these stories as an agent of change and more The papers in this volume come from five countries United States Finland Holland Israel and England and five disciplines criminology literature studies nursing psychology and sociology These chapters will spur and support the quest for understanding through narrative and reflect the many ways to approach this type of research
