Stories Hollywood Never Tells:

Artists in Times of War Howard Zinn, 2011-01-04 Political power says Howard Zinn is controlled by the corporate elite and the arts are the locale for a kind of guerilla warfare in the sense that guerillas look for apertures and opportunities where they can have an effect In Artists in Times of War Zinn looks at the possibilities to create such apertures through art film activism publishing and through our everyday lives In this collection of four essays the author of A People's History of the United States writes about why To criticize the government is the highest act of patriotism Filled with quotes and examples from the likes of Bob Dylan Mark Twain e e cummings Thomas Paine Joseph Heller and Emma Goldman Zinn's essays discuss America's rich cultural counternarratives to war so needed in these days of unchallenged U S militarism

The Case Against Israel Michael Neumann, 2005 A measured but relentless assessment of the long struggle between Zionists and Palestinians Realizing the Impossible Josh MacPhee, Erik Reuland, 2007-01-01 Looks at the history of the depiction of anti authoritarian social movements in art **Dreams of Freedom** Ricardo Flores Magón, 2005 The words of this Mexican American working class hero brought to English language readers for the first time **The Blast** Alexander Berkman, 2005 Explosive writing reporting and rhetoric of Berkman Emma Goldman and others who attempted revolution in 1916-17 Chomsky on Anarchism Noam Chomsky, Barry Pateman, 2010-09-08 We all know what Noam Chomsky is against His scathing analysis of everything that's wrong with our society reaches more and more people every day His brilliant critiques of among other things capitalism imperialism domestic repression and government propaganda have become mini publishing industries unto themselves But in this flood of publishing and republishing very little ever gets said about what exactly Chomsky stands for his own personal politics his vision of the future Not that is until Chomsky on Anarchism a groundbreaking new book that shows a different side of this best selling author the anarchist principles that have guided him since he was a teenager This collection of Chomsky's essays and interviews includes numerous pieces that have never been published before as well as rare material that first saw the light of day in hard to find pamphlets and anarchist periodicals Taken together they paint a fresh picture of Chomsky showing his life long involvement with the anarchist community his constant commitment to nonhierarchical models of political organization and his hopes for a future world without rulers For anyone who's been touched by Chomsky's trenchant analysis of our current situation as well as anyone looking for an intelligent and coherent discussion of anarchism itself Chomsky on Anarchism will be one of this season's most exciting and surprising reads The Price of Fire Benjamin Dangl, 2010-09 New social movements have emerged in Bolivia over the price of fire access to basic elements of survival like water gas land coca employment and other resources Though these movements helped pave the way to the presidency for indigenous coca grower Evo Morales in 2005 they have made it clear that their fight for self determination doesn't end at the ballot box From the first moments of Spanish colonization to today's headlines The Price of Fire offers a gripping account of clashes in Bolivia between corporate and people's power

contextualizing them regionally culturally and historically

Hollywood's Lost Backlot Steven Bingen, 2018-12-01 Hollywood is a transitory place Stars and studios rise and fall Genres and careers wax and wane Movies and movie moguls and movie makers and movie palaces are acclaimed and patronized and loved and beloved and then forgotten And yet And yet one place in Southern California built in the 1920s by allegedly murdered producer Thomas Ince acquired by Cecil B DeMille now occupied by Amazon com has been the home for hundreds of the most iconic and legendary films and television shows in the world for a remarkable and star studded fifty years This bizarre magical place was the location for Tara in Gone with The Wind the home of King Kong and Superman of Tarzan and Batman of the Green Hornet of Elliot Ness of Barney Fife of Tarzan of Rebecca of Citizen Kane of Hogan s Heroes and Gomer Pyle of Lasse of A Star is Born and Star Trek and at least twice of Jesus Christ For decades every conceivable star in Hollywood from Clark Gable to Warren Beatty worked and loved and gave indelible performances on the site And yet today it is completely forgotten Pretty much anyone alive today from college professors to longshoremen have probably heard of Paramount and of MGM of Warner Bros and of Universal and of Disney and Fox and Columbia but the place where many of these studio s beloved classics were minted is today as mysterious and unknowable as the sphinx

Hollywood s Lost Backlot 40 Acres of Glamour and Mystery will for the first time ever unwind the colorful and convoluted threads that make for the tale of one of the most influential and photographed places in the world A place which most have visited at least on screen and which has contributed significantly and unexpectedly to the world s popular culture and yet which few people today paradoxically have ever heard of

Fighting for a Hand to Hold Samir Shaheen-Hussain, 2020-09-23 Launched by healthcare providers in January 2018 the aHand2Hold campaign confronted the Quebec government s practice of separating children from their families during medical evacuation airlifts which disproportionately affected remote and northern Indigenous communities Pediatric emergency physician Samir Shaheen Hussain s captivating narrative of this successful campaign which garnered unprecedented public attention and media coverage seeks to answer lingering questions about why such a cruel practice remained in place for so long In doing so it serves as an indispensable case study of contemporary medical colonialism in Quebec Fighting for a Hand to Hold exposes the medical establishment s role in the displacement colonization and genocide of Indigenous peoples in Canada Through meticulously gathered government documentation historical scholarship media reports public inquiries and personal

testimonies Shaheen Hussain connects the draconian medevac practice with often disregarded crimes and medical violence inflicted specifically on Indigenous children This devastating history and ongoing medical colonialism prevent Indigenous communities from attaining internationally recognized measures of health and social well being because of the pervasive systemic anti Indigenous racism that persists in the Canadian public health care system and in settler society at large Shaheen Hussain s unique perspective combines his experience as a frontline pediatrician with his long standing involvement in anti authoritarian social justice movements Sparked by the indifference and callousness of those in power this book draws on the innovative work of Indigenous scholars and activists to conclude that a broader decolonization struggle calling for reparations land reclamation and self determination for Indigenous peoples is critical to achieve reconciliation in Canada
