New Essays on F. Scott Fitzgerald's Neglected Stories Jackson R. Bryer, 1996 F Scott Fitzgerald's short stories are the most critically undervalued and ignored segment of his fiction Despite the fact that most of his short fiction has been published in various extant collections critics nonetheless continue to focus primarily on his novels Moreover even when they turn their attention to Fitzgerald's stories they tend to deal with the half dozen most frequently anthologized to the exclusion of the vast majority This volume presents twenty three previously unpublished essays on Fitzgerald's other stories The first section contains close readings of individual stories and ranges chronologically over his entire career from The Spire and the Gargoyle published in 1917 when Fitzgerald was at Princeton through such early efforts as Bernice Bobs Her Hair 1920 and John Jackson's Arcady 1924 down to late stories such as An Alcoholic Case 1937 and The Lost Decade 1939 The second section includes essays on Fitzgerald's three story groups the Basil and Josephine stories the Count of Darkness stories and the Pat Hobby stories By placing these stories within the context of Fitzgerald's total fictional achievement this collection serves as a resource for a deepened understanding of the intensely autobiographical nature of Fitzgerald's work offering insights into his methods of composition and his aims both artistic and human The roster of contributors includes long time Fitzgerald critics such as John Kuehl Scott Donaldson and Ruth Prigozy along with distinguished critics of modern American literature such as Robert Merrill Alan Cheuse and James Nagel and younger scholars like Gerald Pike and Heidi Kunz Bullock The editor Jackson R Bryer deliberately chose such a diverse group to ensure a variety of critical perspectives The resulting volume is not the last word on these neglected stories rather these are the first words on stories that will now begin to receive more attention in what will be a continuing discovery of the pleasures in the full range of F Scott Fitzgerald's fiction
