**Storm Over the Constitution** Harry V. Jaffa,1994    Storm Over the Constitution Harry V. Jaffa,1999-08-31 Written by one of America's foremost political and legal theorists Storm Over the Constitution examines the arguments of some of the leading proponents of the doctrine of original intent According to legal scholars such as Judge Robert Bork Lino Gralia Charles Cooper and Supreme Court Justice Antonin Scalia a jurisprudence of original intent requires that judges bring no theory to the interpretation of the Constitution In this brilliant new book Harry Jaffa illustrates how judges under the influence of this definition of original intent particularly neglect the Declaration of Independence as a guide Jaffa shows that this definition is from the point of view of the American Founding anything but original moreover it is openly hostile to the natural rights theory of those who wrote and ratified the Constitution The author implores Americans to follow the example set by Abraham Lincoln who admired the Declaration of Independence more openly interpreted it more deeply and implemented it more practically than any other president before or since Lincoln's achievement fulfilled a tradition of civic understanding and scholarship closer in time and purpose to the founders and was thus more original    **Leo Strauss and His Legacy** John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss's students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss's own complete bibliography and that of one of his most revered students George Anastaplo    The Rediscovery of America Edward J. Erler,Ken Masugi,2019-02-08 Harry V Jaffa 1918 2015 one of the profoundest political thinkers of his time is known most prominently for his pathbreaking work on Abraham Lincoln Jaffa who taught for 50 years at the Claremont Colleges and was a Distinguished Fellow of the Claremont Institute sought to produce a revolution in political philosophy by applying Strauss's controversial thinking about natural right Scripture and human greatness to American politics In these 10 essays beginning in the 1980s Jaffa rediscovered the moral and intellectual complexity of statesmanship in particular that of Lincoln and the American founders The essays reveal the profundity of the Declaration of Independence in observations both theoretical e.g Aristotle and Aquinas and practical e.g campus radicalism Jaffa takes aim at the interpretations of America made by some of Leo Strauss's students chastising their imputation of radically liberal theorizing to the Declaration and their ignorance of the meaning of all men are created equal The Declaration's radicalism lies rather in its synthesis of ancient political philosophy and Scriptural authority on the good human life Jaffa is particularly critical of Allan Bloom and in previously unpublished essays Irving Kristol and Harvey Mansfield for their errors about America Jaffa's essays recover political philosophy in its political and philosophic dimensions so that it can be a continuing guide for our politics today    **The Public Interest Law Review** ,1995    **Regent University law review** ,1997    **Choice** ,1997    **Interpretation** ,2001 A journal of political philosophy    **Storm Over the Constitution** Irving Brant,1963
