Storm Weaver And The Sand:

The Storm Weaver & the Sand Sean Williams, 2014-05-27 Sal and his friend Shilly have been joined by a third refugee Skendar by the time they make their way to the remote island that is the home of the famous feared Haunted City home of the Sky Wardens Sal's great aunt the Syndic is also there and she is determined to keep Sal under control even if she has to imprison him to do it But there are greater threats even than that The ghosts that live behind the ancient glass of the City are restless No one can say why they are stirred up and no one has any idea what they can do if they act The golem is determined to make Sal do its bidding and will not stop short of murder to obtain his obedience It appears that the Weavers have plans as well yet no one knows or will admit knowing whether the legendary Weavers even exist or what they are Beset on all sides by dangerous powers and controlling agendas Sal must find a way to choose his own path or submit to a fate not of his own making

The Storm Weaver and the Sand Sean Williams, 2017-08 When the three runaways Sal Shilly and Skender finally arrive at the remote island of the Haunted City home of the Sky Wardens Sal's great aunt the Syndic is determined to keep them under control And if that means imprisonment so be it But the Syndic isn't the least of Sal's worries The ghosts that live behind the ancient glass of the city are restless and no one knows why or what they can do The golem will force Sal to do its bidding by whatever means necessary even murder And it seems that the Weavers have their own plans for the three of them but what and who are they Few people believe they exist and those who do keep their knowledge close to their chests Whichever path Sal chooses it seems the price to pay is very high for those closest to him But he must decide or submit to a future not of his making

Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites The Sky Warden & the Sun Sean Williams, 2014-05-27
