Storms And Illuminations 18 Years Of Access Theatre:

Storms and Illuminations Cynthia Wisehart,1997 **Bodies in Commotion** Carrie Sandahl,Philip Auslander,2009-12-10
A testament to the synergy of two evolving fields From the study of staged performances to examinations of the performing body in everyday life this book demonstrates the enormous profitability of moving beyond disability as metaphor It s a lesson that many of our cultural institutions desperately need to learn Martin F Norden University of Massachusetts Amherst This groundbreaking collection imagines disabled bodies as bodies in commotion bodies that dance across artistic and discursive boundaries challenging our understanding of both disability and performance In the book s essays leading critics and artists explore topics that range from theater and dance to multi media performance art agit prop American Sign Language theater and wheelchair sports Bodies in Commotion is the first collection to consider the mutually interpretive qualities of these two emerging fields producing a dynamic new resource for artists activists and scholars *Moving Over the Edge* Pamela Kay Walker,2005 Making an Entrance Adam Benjamin,2013-10-18 Making an Entrance is the first ever practical introduction to teaching dance with disabled and non disabled students This clearly written thought provoking and hugely enjoyable manual is essential reading whether you re just starting out or are already active in the field Taking improvisation as his focus and as the starting point of choreographic exploration Adam Benjamin asks what it has to offer as an art form and how it can be better used to meet the changing needs of dance education In the theoretical section Benjamin explores the history of a disintegrated dance practice placing it within the wider context of cultural and political movements He questions what is meant today when we talk about inclusive or integrated dance and what we might expect of it The book includes over 50 exercises and improvisations designed to stimulate and challenge students at all levels of dance Benjamin also includes useful hints on the practicalities of setting up workshops covering issues as diverse as a class size the safety aspects of wheelchairs and the accessibility of dance spaces Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004
