

The background of the book cover is a photograph of a mountain range. The mountains are layered, with the closest ones in sharp focus and the ones in the distance becoming increasingly hazy and blue-toned, creating a sense of depth and tranquility. The sky is a pale, hazy blue, blending into the distant peaks.

convinced Lee Strobel an atheist investigative journalist turned faith filled Christian that Jesus is real Join Lee in this fascinating journey of discovery If you re an atheist or just aren t sure about Jesus these stories will turn your whole world upside down If you re already a Christian you ll gain powerful insights that will reshape your understanding of the Bible and affect your life of faith like never before **God's Outrageous Claims** Lee Strobel,2005 In his newest work Strobel explores 13 of God s phenomenal claims that can change the trajectory of one s life The Case for Christ Lee Strobel,1998 A journalist s personal investigation of the evidence for Jesus *Lee Strobel's the Case for Christ* Jane Vogel,2002

Tough Faith Questions Garry Poole, Lee Strobel,2005-12-13 Discussion of forgiveness pain and suffering the Trinity and Islam is encouraged in this third participant s guide that complements Poole and Strobel s four session DVD curriculum for small group study *The Case for a Creator* Lee Strobel,2004 My road to atheism was paved by science But ironically so was my later journey to God Lee Strobel During his academic years Lee Strobel became convinced that God was outmoded a belief that colored his ensuing career as an award winning journalist at the Chicago Tribune Science had made the idea of a Creator irrelevant or so Strobel thought But today science is pointing in a different direction In recent years a diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed At the same time Darwinism has faltered in the face of concrete facts and hard reason Has science discovered God At the very least it s giving faith an immense boost as new findings emerge about the incredible complexity of our universe Join Strobel as he reexamines the theories that once led him away from God Through his compelling and highly readable account you ll encounter the mind stretching discoveries from cosmology cellular biology DNA research astronomy physics and human consciousness that present astonishing evidence in *The Case for a Creator* Also available in mass market and audio CD editions

Case for Christ Student Ed Padded Lee Strobel,2002-02-05 Who Was Jesus A good man A lunatic God There s little question that he actually lived But miracles Rising from the dead Some of the stories you hear about him sound like just that stories A reasonable person would never believe them let alone the claim that he s the only way to God But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions That s why Lee Strobel an award winning legal journalist with a knack for asking tough questions decided to investigate Jesus for himself An atheist Strobel felt certain his findings would bring Christianity s claims about Jesus tumbling down like a house of cards He was in for the surprise of his life Join him as he retraces his journey from skepticism to faith You ll consult expert testimony as you sift through the truths that history science psychiatry literature and religion reveal Like Strobel you ll be amazed at the evidence how much there is how strong it is and what it says The facts are in What will your verdict be in *The Case for Christ*

The Reality Check series makes just one assumption that you're serious enough about your spiritual journey to investigate Christianity with an open mind. This isn't about joining anyone's religious club; it's about being real with yourself and with the others in your group. Since no one has all the answers, there's plenty of room for discussion. After all, if there is any truth to the Bible's stories about Jesus, then one thing he'd welcome are questions and opinions that come from honest, earnest hearts. If there is a God and he's good, then why doesn't he do something about the evil and suffering in this world? Where was he when the Twin Towers fell? Where is he in the midst of your own tragedy? Questions like these are hardly academic; they're the gut wrenching cry of a world consumed with unendurable pain and ugliness. Something about this life is so terribly broken that only God can fix it. So why doesn't he or has he? Is he and will he? When Tragedy Strikes includes these sessions: Where Is God? When Tragedy Strikes Is God to Blame? How Should You Respond to Evil? Is War the Solution? What Has God Done About Evil? Will Evil Win in the Long Run? For the Group Leader. Reality Check is for spiritual seekers of every persuasion. Uncompromisingly Christian in its perspective, it steers wide of pat answers and aims at honesty. This innovative and thought provoking series will challenge you and those in your group to connect heart to heart as together you explore the interface between Jesus, the Bible, and the realities of this world in which we live. Children have always been close to Jesus' heart. As his followers, it's our responsibility to protect, nurture, and pass our faith to children. In [Small Matters: Why Children Are Such a Big Deal](#), authors Greg Nettle and Jimmy Mellado offer a model of discipleship that encourages parents to raise up the next generation to be deeply committed to and in love with Jesus. Ministry pioneer D.L. Moody once said that if he could relive his life, he would devote his entire ministry to reaching children for God. What Moody understood was that by investing in them, the potential for effective change in a child's life is huge. When we awaken to the fact that children between the ages of four and fourteen are the most likely to make a decision to follow Jesus, and that the discipleship that children receive forms their future, it may give you an idea of the importance of ministering to the young. Greg and Jimmy challenge the typical church models of youth discipleship and offer ways to shift into a more effective and more biblical method that begins by empowering parents in their homes and works outward. Discipling children in the home. Discipling children in the church. Discipling children in the community. Now more than ever, churches have to invest in the cause of children through advocacy, sponsorship, and children's ministries, all of which need to be committed to holistic child development. [Small Matters](#) will transform the way we view children, invest in them, reach out to them, teach them, and ultimately empower them to be disciples of Jesus. This is a book about small matters which are really large matters. God has used the small things of this world to do his work, and he continues to do this today. In Jesus' kingdom, the first are last, and the least are the greatest; the servants are the heroes, and

the small are the biggest winners of all John Ortberg author and pastor **Is God Just a Human Invention?** Sean McDowell, Jonathan Morrow, 2011-03-24 Sean McDowell and Jonathan Morrow have penned an accessible yet rigorous look at the arguments of the New Atheists Writing from a distinctively Christian perspective McDowell and Morrow lay out the facts so that the emerging generation can make up their own mind after considering all the evidence **Case for Faith, Student Edition (5 Pack) (Ys)** Zondervan Publishing, 2005-12-01 **Books in Print Supplement** , 2002
