**The Case of California** Laurence A. Rickels, 1991      *Lyotard, Beckett, Duras, and the Postmodern Sublime* Andrew Slade, 2007 Original Scholarly Monograph      **Global Pop** Timothy D Taylor, 2014-08-13 Global Pop examines the rise of world musics and world beat and some of the musicians associated with these recent genres such as Peter Gabriel Ladysmith Black Mambazo and Johnny Clegg Drawing on a wide range of sources academic popular cyber interviews and the music itself Global Pop charts an accessible path through many of the issues and contradictions surrounding the contemporary movement of people and musics worldwide Global Pop examines the range of discourses employed in and around world music demonstrating how the central concept of authenticity is wielded by musicians fans and other listeners and looks at some of these musics in detail examining ways they are caught up in forms of domination and resistance The book also explores how some cross cultural collaborations may fashion new musics and identities through innovative combinations of sounds and styles      *A Commentary on Augustine's De cura pro mortuis gerenda* Paula Rose, 2013-05-16 In *De cura pro mortuis gerenda* Augustine interweaves an assessment of burial near the memorial of a martyr with a series of dream narratives The seeming lack of coherence between argument and narrative in this treatise has puzzled many scholars Combining an analysis of the overall structure of the argument and a detailed philological commentary this study shows that Augustine's text forms a well composed unity The study is based on discourse linguistic and narratological concepts as well as an analysis of the global structure of the narratives Relying on this combined approach Rose demonstrates how Augustine explores the full breadth of his narrative material in the service of his argument In addition this book situates Augustine's text in its cultural historical context      *Semiotica*, 1992      *Directions*, 1991      **Publishers Trade List Annual, 1992**, 1992      *Medievalism and the Modernist Temper* R. Howard Bloch, Stephen G. Nichols, 1996 While modernists are currently so mired in the question of who did what to whom during World War II that they have lost a sense of intellectual urgency the study of medieval literature and culture has never been more alive or at a more interestingly innovative stage from the Introduction *Medievalism and the Modernist Temper* brings major and outstanding younger medievalists into confrontation with the notion of medievalism itself in order to chart the directions the field has taken in the past and may take in the future The collection not only explores modern conceptions of cultural patterns in the Middle Ages but also makes a significant contribution to the wider field of sociology of knowledge in the humanities In its largest sense it is a study of the institution of modern scholarship using medieval literature as a focus Contributors are R Howard Bloch Alain Boureau E Jane Burns Michael Camille Alain Corbellari John M Ganim John M Graham Hans Ulrich Gumbrecht Suzanne Fleischman David Hult Carl Landauer Seth Lerer Stephen G Nichols Per Nykrog and Jeffrey M Peck This highly original polemical and paradigm shifting book challenges academics to look more closely at the ideological foundations of the very disciplines we practice Perhaps its most extraordinary contribution to literary studies as a whole and it emerges with luminous clarity from the editors
