The Casualty Norton Paperback Fiction:

The Casualty Heinrich Böll, 1989 These stories written between 1946 and 1952 are stunning accounts of German soldiers in a war they did not want and the bleak aftermath of Germany in ruins This Nobel Prize winner's other works include *Billiards at Half Past Nine* *The Clown Group Portrait with Lady* and *The Lost Honor of Katharina Blum* ***The Coming Triumph of the Free World*** Rick DeMarinis, 1991 DeMarinis is a wizard shaking to its literary roots the short story genre Matthew Gilbert Boston Globe ***The Miracle Game*** Josef Škvorecký, 1992 This energetic and hilarious novel is made even more important by the current final thawing of the long Communist winter in Czechoslovakia Moving between 1948 when our hero Danny Smiricky falls asleep in church while a miraculous event occurs and 1968 when he observes the miracle of Prague Spring *The Miracle Game* is a sharp look at the strange sad and silly things people do to survive **Outside Books** **Points Unknown** David Roberts, 2002-11-26 From Robert Falcon Scott's final journal entry to Jon Krakauer's reckless solo climb of the Devil's Thumb Roberts and the editors of *Outside* have gathered the most enduring adventure literature of the century into one heart stopping volume By turns charming and tragic whimsical and nerve racking this extraordinary collection gets to the heart of why adventure stories enthral us It includes works by Sebastian Junger Jon Krakauer Edward Abbey Tim Cahill Edward Hoagland Ernest Shackleton Freya Stark and Wilfred Thesiger **The Star Café & Other Stories** Mary Caponegro, 1991 A breathtaking debut *The Star Cafe* heralds an utterly original artist already writing with something like mastery Robert Kelly *The History of the Science-fiction Magazine* Michael Ashley, 2000 The second of three volumes this book takes up the story to reveal a turbulent period that was to witness the extraordinary rise and fall and rise again of science fiction Mike Ashley charts the SF book years in the wake of the nuclear age that was to see the golden age of science fiction **Play Among Books** Miro Roman, Alice_ch3n81, 2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science **Law Books Published**, 1992 **Books in Print**, 1994 *Books and Bookmen*, 1969 **The Publishers Weekly**, 2002 *Library Journal*, 1981 *The Guardian Index*, 2002 **Books in Print Supplement**, 1994 [Towards a Victimology of State Crime](#) Dawn Rothe, David Kauzlarich, 2016-05-13 State crime victimization often leaves a legacy of unrecognized victims that are ignored forgotten or negated the right to be labeled as such Victims are often glossed over as the focus is on a state's actions or inactions rather than the subsequent victimization and victims *Towards a Victimology of State Crime* serves to highlight the forgotten victims processes and cases of revictimization within a sociological criminological

framework Contributors include expert scholars of state crime and victimology from North America Europe Africa and Latin America to provide a well rounded focus that can address and penetrate the issues of victims of state crime This includes a diverse number of case study examples of victims of state crime and the systems of control that facilitate or impede addressing the needs of victims Additionally with the inclusion of a section on controls this volume taps into an area that is often overlooked the international level of social control in relation to a victimology of state criminality Transformations

Mike Ashley,2005-02-01 This is the second of three volumes which chart the history of the science fiction magazine from the earliest days to the present The first volume Time Machines traced the development of the sf magazine from its earliest days and the creation of the first specialist magazine Amazing Stories Transformations takes up the story to reveal a turbulent period that was to witness the extraordinary rise and fall and rise again of science Britain s foremost sf historian Mike Ashley charts the sf boom years in the wake of the nuclear age that was to see the The Golden Age of Science Fiction with the emergence of magazines such as Galaxy Startling Stories and Fantastic as well as authors like Isaac Asimov Philip K Dick and Frank Herbert He then goes on to explore the bust years of 1954 1960 followed by the renaissance in the 1960s led by the new wave of British authors like Michael Moorcock and J G Ballard and the rise in interest of fantasy fiction encouraged by Lord of the Rings and the Conan books of Robert E Howard Transformations concludes with an examination of the new found interest in sf magazines during the late 1960s and the incredibly influential roles Star Trek the film 2001 A Space Odyssey and above all the first manned Moon landing played in transforming the sf magazine *Hollywood's Imperial Wars* Armando José Prats,2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando Jos Prats explores in Hollywood s Imperial Wars The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood s earlier representations of Americans at war from the mythic heroism of a film like Sands of Iwo Jima to the rupture of that myth in films such as The Deer Hunter Apocalypse Now and Platoon As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats s analysis were forever altered by the loss in Vietnam Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the

tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts **Paperbacks in Print** ,1975 [Hotel Florida](#) Amanda Vaill,2024-03-26 An utterly compelling account of the intrepid and sometimes crazy journalists who risked everything to report on the Spanish Civil War Amanda Foreman New York Times bestselling author Madrid 1936 In a city blasted by a civil war that many fear will cross borders and engulf Europe a conflict one writer will call the decisive thing of the century six people meet and find their lives changed forever Ernest Hemingway his career stalled his marriage sour hopes that this war will give him fresh material and new romance Martha Gellhorn an ambitious novice journalist hungry for love and experience thinks she will find both with Hemingway in Spain Robert Capa and Gerda Taro idealistic young photographers based in Paris want to capture history in the making and are inventing modern photojournalism in the process And Arturo Barea chief of the Spanish government s foreign press office and Ilsa Kulcsar his Austrian deputy are struggling to balance truth telling with loyalty to their sometimes compromised cause a struggle that places both of them in peril Beginning with the cloak and dagger plot that precipitated the first gunshots of the war and moving forward month by month to the end of the conflict Hotel Florida traces the tangled and disparate wartime destinies of these three couples against the backdrop of a critical moment in history a moment that called forth both the best and the worst of those caught up in it In this noir landscape of spies soldiers revolutionaries and artists the shadow line between truth and falsehood sometimes became faint indeed your friend could be your enemy and honesty could get you or someone else killed Includes 16 pages of black and white photographs *The Murder of Marilyn Monroe* Jay Margolis,Richard Buskin,2014-06-03 A New York Times Best Seller Since Marilyn Monroe died among suspicious circumstances on the night of August 4 1962 there have been queries and theories allegations and investigations but no definitive evidence about precisely what happened and who was involved until now In *The Murder of Marilyn Monroe Case Closed* renowned MM expert Jay Margolis and New York Times bestselling author Richard Buskin finally lay to rest more than fifty years of wild speculation and misguided assertions by actually naming for the first time the screen goddess s killer while utilizing the testimony of eye witnesses to exactly what took place inside her house on Fifth Helena Drive in Los Angeles Brentwood neighborhood Implicating Bobby Kennedy in the commission of Marilyn s murder this is the first book to name the LAPD officers who accompanied the US Attorney General to her home provide details about how the Kennedys used bribes to silence one of the ambulance drivers and specify how the subsequent cover up was aided by a noted pathologist s outrageous lies This blockbuster volume blows the lid off the world s most notorious and talked about celebrity death and in the process exposes not only the truth about an iconic star s tragic final hours but also how a legendary American politician used powerful resources to protect what many still perceive as his untarnished reputation Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in
