The Catacombs:

The Catacombs of Rome W. Withrow, 2023-04-17 Reprint of the original first published in 1874 The Story of the Catacombs Florence Edythe Blake-Hedges, 1909 *The Catacombs of Rome* John Harvey Treat, 1907 **Italy ... Second Part: Central Italy and Rome, Etc** Karl Baedeker, 1897 **The Urban Uncanny** Lucy Huskinson, 2016-04-28 The Urban Uncanny explores through ten engaging essays the slippage or mismatch between our expectations of the city as the organised and familiar environments in which citizens live work and go about their lives and the often surprising and unsettling experiences it evokes The city is uncanny when it reveals itself in new and unexpected light when its streets buildings and people suddenly appear strange out of place and not quite right Bringing together a variety of approaches including psychoanalysis historical and contemporary case study of cities urban geography film and literary critique the essays explore some of the unsettling mismatches between city and citizen in order to make sense of each and to gauge the wellbeing of city life more generally Essays examine a number of cities including Edmonton London Paris Oxford Las Vegas Berlin and New York and address a range of issues including those of memory death anxiety alienation and identity Delving into the complex repercussions of contemporary mass urban development The Urban Uncanny opens up the pathological side of cities both real and imaginary This interdisciplinary collection provides unparalleled insights into the urban uncanny that will be of interest to academics and students of urban studies urban geography psychoanalysis cultural studies social studies and film studies and to anyone interested in the darker side of city life The Real and the Sacred Jefferson J. A. Gatrall, 2014-11-13 The figure of Jesus appears as a character in dozens of nineteenth century novels including works by Balzac Flaubert Dickens Dostoevsky and others The Real and the Sacred focuses in particular on two fiction genres the Jesus redivivus tale and the Jesus novel In the former Christ makes surprise visits to earth from rural Flanders Balzac and Muscovy Turgenev to the bustling streets of Paris Flaubert Seville Dostoevsky Berlin and Boston In the latter the historical Jesus wanders through the picturesque towns and plains of first century Galilee and Judea attracting followers and enemies In short authors subjected Christ the second person of the Christian trinity to the realist norms of secular fiction Thus the Jesus of nineteenth century fiction was both situated within a specific time and place whether ancient or modern and positioned before the gaze of increasingly daring literary portraitists The highest artistic challenge for authors was to paint using mere words a faithful picture of Jesus in all his humanity The incongruity of a sacred figure inhabiting secular literary forms nevertheless tested the limits of modern realist style no less than the doctrine of Christ's divinity The international quest of the historical Jesus has been amply documented within the context of nineteenth century biblical scholarship Yet there has been no broad based comparative study devoted to the depiction of Jesus in prose fiction over the same time period The Real and the Sacred offers a comprehensive survey of this body of fiction examining both the range of its Christ types and the varying formal means through which these types were represented The nineteenth century despite forecasts of God's death

at the time not only revived older Christ types but also witnessed the rise of new ones including le Christ proletaire the Mormon Christ the Buddhist Christ and the Tolstoyan Christ Novelists played a crucial role in the invention and popularization of the historical Jesus in particular one of modernity's major figures These pioneering works of fiction written by authors of diverse religious and national backgrounds laid the formal groundwork for an enduring fascination with the historical Jesus in later fiction and film from Mikhail Bulgakov's Master and Margarita to Mel Gibson's The Passion of the Christ The book is enhanced by a gallery of illustrations of the historical Jesus as depicted by nineteenth century artists

Italy ...: Central Italy and Rome Karl Baedeker (Firm),1909 The Churchman's Monthly Magazine ,1854 **Pagans and Christians in Late Antique Rome** Michele Renee Salzman,Marianne Sághy,Rita Lizzi Testa,2016 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that the once dominant notion of pagan Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome Together the essays demonstrate that the fourth century city was a more fluid vibrant and complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century **Memories of Rome** Denis O'Donovan,1859 *The Catacombs of Paris* Charles River Editors,2019-07-29 Includes pictures Includes excerpts of contemporary accounts Includes a bibliography for further reading In the late 18th century as political unrest stirred in the heart of Paris local residents of the neighborhoods surrounding the city's urban cemeteries faced a pressing crisis the putrefying stink of rotting corpses many of which were likely friends and family members crept into every house and business due to overflowing burial grounds The city's population had long since outgrown its centuries old cemeteries and mass graves packed tightly with corpses lay open for months at a time sometimes upwards of a year as they waited for more bodies to join Before long over filled charnel houses spilled bones into their neighboring churches During and after the Enlightenment science was a popular tool and many began to question the potential health detriments that such ongoing decay might bring With growing concerns and rising complaints the anciens regime of France took steps to begin the long process of transferring old bones from charnel houses and old graves into the miles of tunnels beneath the city streets now known as the Paris Catacombs As the French government engaged in this initial step however a revolution broke out across the country initially bringing moderate change before transitioning into a brutal Reign of Terror by the revolutionaries The chaos would witness a frightened return to a more moderate republic and finally the rise of Napoleon Bonaparte yet throughout all of this upheaval the topic of burial reform in Paris remained pressing and the conversation began to shift from merely a practical issue of space and health to a discussion that included legislators

priests moralists and everyday citizens Put simply the newly formed government had to decide what to do with the dead no matter the politics The Catacombs of Paris The History of the City s Underground Ossuaries and Burial Network looks at the architectural history of the catacombs the events that inspired their establishment and what they re like to this day Along with pictures depicting important people places and events you will learn about the Catacombs of Paris like never before
