The Cathay Stories and Other Fictions MacDonald The Cathay Stories and Other Fictions MacDonald Harris, 1988 The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set Harris,1988 in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites The Balloonist MacDonald Harris, 2012-11-06 The acclaimed novel of love ambition and Arctic adventure told with fin de siecle elegance with an introduction by Philip Pullman Kirkus Reviews It is July 1897 at the northernmost reach of the inhabited world Swedish inventor Gustav Crispin is determined to become the first person to set foot on the North Pole and return borne by hot air balloon Making the expedition with two companions an American journalist and a young French speaking adventurer all three climb into the small wicker gondola and cuts the ropes But as Gustav pursues his history making ambition and their flimsy balloon is battered by Arctic winds his mind returns again and again to his fraught romance with the beautiful Luisa Nominated for the National Book Award in 1977 The Balloonist was hailed by Mary Renault as a tour de force The story of Gustav Crispin is chilling and comic by turn An unusual mixture of Arctic adventure and Parisian love story with philosophic overtones Kirkus Reviews Science Fiction, Fantasy & Horror ,1989 A comprehensive bibliography of books and short fiction published in the English language Short Story Index ,1989 **Historical Dictionary of Fantasy Literature** Allen Stroud, 2023-06-12 Fantasy is both old and new In the ancient past stories of magic where supernatural creatures existed the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history religion and fact It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy the literature of the impossible and appreciate it for its craft and storytelling once more Historical Dictionary of Fantasy Literature Second Edition contains a chronology an introduction an extensive bibliography

and cross referenced entries on more than 800 authors ranging across the entire historical spectrum More than 200 other entries describe the fantasy sub genres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies.
