The Life of Thomas More Peter Ackroyd,2012-06-27 Peter Ackroyd s The Life of Thomas More is a masterful reconstruction of the life and imagination of one of the most remarkable figures of history Thomas More 1478 1535 was a renowned statesman the author of a political fantasy that gave a name to a literary genre and a worldview Utopia and most famously a Catholic martyr and saint Born into the professional classes Thomas More applied his formidable intellect and well placed connections to become the most powerful man in England second only to the king As much a work of history as a biography The Life of Thomas More gives an unmatched portrait of the everyday religious and intellectual life of the early sixteenth century In Ackroyd s hands this renowned man for all seasons emerges in the fullness of his complex humanity we see the unexpected side of his character such as his preference for bawdy humor as well as his indisputable moral courage

[Loyalty in the Spirituality of St. Thomas More](#) Brian Byron,2024-04-15 The object of this thesis will be to study the policy More adopted when he found himself confronted with conflicting demands on his loyalty It is a theme which hitherto has not been studied in detail on a theological level Introduction **The Life and Letters of Sir Thomas More** Agnes M. Stewart,1981-05 **Thomas More** John Guy,2018-06 If the English people were to be set a test to justify their history and civilization by the example of one man then it is Sir Thomas More whom they would perhaps choose So commented The Times in 1978 on the five hundredth anniversary of More s birth Twenty two years later Pope John Paul II proclaimed Thomas More the patron saint of politicians and people in public life on the basis of his constant fidelity to legitimate authority and

his intention to serve not power but the supreme ideal of justice In this fresh assessment of More s life and legacy John Guy considers the factors that have given rise to such claims concerning More s significance Who was the real Thomas More Was he the saintly self possessed hero of conscience of Robert Bolt s A Man for All Seasons or was he the fanatical heretic hunting torturer of Hilary Mantel s Wolf Hall Which of these images of More has the greater historical veracity And why does this man continue to fascinate inspire and provoke us today **The Life of Erasmus** Charles Butler, 1825
