Braynard, William H. Miller, 1982 Ocean Liners Karl Zimmermann, 2008 Ocean liners once sailed all the world's seas and
played important roles in times of peace and war Ships transported the rich and famous as well as millions of immigrants to
new countries Over time airplanes changed the nature of travel and the role of the ocean liners Today's cruise ships are
dramatically different from the liners of old bigger than ever they are like small cities on the water *Greek Shipowners
and Greece* Gelina Harlaftis, 2015-11-19 This account of the extraordinary growth of the Greek ship operating industry
following the Second World War is a major breakthrough The body of data presented and analysed makes it possible to form
an informed historical view of Greek pre eminence in sea transport Persons of Interest Pamela Burton, Meredith
Edwards, 2022-04-29 A world in upheaval two lives lived under stress This story is set in the social and political landscape of
pre and post World War II It tells two vastly different tales of Cecily and John's lives in Australia and overseas as nations
clashed and governments and international organisations tried to remake the world Cecily Nixon knew that marrying John
Burton would be bad for her But she loved him and impressed with this handsome sullen young man and his belief that he
could change the world for the better saw her role in life as to serve the world through John Cecily's story is a deeply
personal and psychological one of love duty and betrayal that explores the complexities of relationships In a world that
overwhelmed her Cecily searched for wholeness and delved deep into her psyche to find herself and emerge from John's
shadow John has been known as an influential and controversial young head of Australia's Department of External Affairs and
as a would be politician It is less known that he was also an innovative farmer bookseller entrepreneur arts patron and writer
He received international acclaim for his later work in conflict analysis and resolution These combined stories of courage and
achievement unfold amid political intrigue and psychological trauma ASIO surveillance love triangles loyalty infidelity and
tragedy all play their part in the Burtons lives *A Postcard History of the Passenger Liner* Christopher Deakes, 2023-10-01
From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their
magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in
imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and
their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of
the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the
North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have
disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the
postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political
times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are
the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long

past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting *The Last of a Salty Breed* Roy Vaughan,2015 Just as the Romans built roads to create and maintain their empire so the British ruled the ocean waves with ships and created the biggest empire the world has seen *The Last of a Salty Breed* tells tales about British ships seamen and the many millions of folk who were voluntarily or forcibly shipped to the four corners of the world to create new countries This book takes a conventional chronological narrative interspersed by interludes between the chapters They are light hearted or poignant in nature in many cases highlighting the high and low points of seafaring and the harrowing voyages of times past The author a former maritime journalist for the New Zealand Herald and a ship deck officer adds to the narrative his personal experiences and those of his maritime ancestors who stretch back to the 1700s The main characters are ships and prominent seafarers who made history one way or another from Elizabethan mariners to present time and include the author s long family history of seafaring The dual dialogue and the subject a very worthy one as to my knowledge there is no history of the New Zealand Merchant Navy only books about ships and individual shipping companies Captain Hamish Ross editor of *Sea Breezes* the worldwide magazine of ships and the sea *Athene* ,1966 *P & O Orient Liners of the 1950s and 1960s* William H.
