#### The Chretien Legacy:

The Chrétien Legacy Lois Harder, Steve Patten, 2006-07-13 The legacy of Jean Chr tien Canadian prime minister from 1993 2003 is difficult to assess in the context of the sponsorship scandal and the subsequent cloud of uncertainty surrounding the Liberal Party's electoral prospects The contributors to this volume use their considerable experience and expertise as policy observers and critical thinkers to provide provocative essays that analyse Chr tien s government and provide insights into Canadian politics and public policy **The Chretien Legacy** Jack Dixon, 2004 The 10 year regime of the Chretien Liberals is exposed for its moral rottenness Quebec companies get hundreds of millions and make huge donations to the Liberal Party It funds projects mostly in Liberal ridings And Chretien the enemy of democracy the military and Western Canada travels the world in luxury 100 million jet airliners while our airmen and soldiers are being killed in antiquated equipment The Shawinigan Fox: How Jean Chrétien Defied the Elites and Reshaped Canada Bob Plamondon, 2017-10-18 Jean Chr tien's critics have said he was a man with no vision and a short attention span a small town hick who stumbled his way to become Canada's 20th prime minister Whatever credit the Chr tien government deserved was often given to Paul Martin the heir apparent who was touted to be the brains behind the operation But while Chretien was the subject of ridicule he was quietly giving his competitors both inside and outside of the Liberal party a master class in politics leadership and nation building His decisions which often ran counter to elite opinion fundamentally reshaped and strengthened Canada as it entered the 21st century Chr tien restored sanity to government finances kept Canada out of the Iraq war turned a brain drain into a brain gain and established clarity over national unity Relying on new evidence detailed analysis and exclusive interviews with former cabinet ministers provincial premiers political staff strategists and high ranking bureaucrats many of them speaking publicly for the first time bestselling author and historian Bob Plamondon tells the surprising inside story of the Chretien years including what Chretien would have done if the 1995 referendum had ended in a vote for separation why Paul Martin secretly threatened to resign in 1995 seven years before he actually guit who tried to convince Chretien to join the Iraq war and why he could not be intimidated into joining the US led coalition why a lifelong Liberal was the most conservative prime minister in Canadian history the shocking details of the Chretien Martin feud and the only time an elected Canadian prime minister has been overthrown Until now the story of Chretien s time as prime minister has been largely misunderstood Plamondon sets the record straight and provides compelling lessons about political leadership and problem solving from a critical chapter in Canadian history The Legacy of 9/11 Andrea Charron, Alexander Moens, Stéphane Roussel, 2023-07-15 While 9 11 was understood at the time as a world changing event in international relations its uneven aftermath and the long term effects for North America could not have been predicted Twenty years later The Legacy of 9 11 explores the political economic security and defence and trade and border implications of the event Written by a team of North American experts across many fields the book foregrounds the fallout of

9 11 in Mexico and Canada as opposed to the more commonly discussed impact on the United States Looking at the event and its aftermath through four lenses ideas about North America border trade and economics security and society and defence contributors analyze the complex legacy of 9 11 Rather than serving as a catalyst to create an integrated trilateral continent 9 11 entrenched the North America we have today three separate states with emphasis on two very different borders From a reconsideration of internationalism a rise in populism and a shift in migration patterns to the interventions in Afghanistan and Iraq The Legacy of 9 11 uncovers how successive North American governments reacted in surprising ways to the world altering attack Canada's Prime Ministers and the Shaping of a National Identity Raymond B. Blake, 2024-06-15 Since Confederation Canadian prime ministers have consciously constructed the national story Each created shared narratives formulating and reformulating a series of unifying national ideas that served to keep this geographically large ethnically diverse and regionalized nation together This book is about those narratives and stories Focusing on the post Second World War period Raymond B Blake shows how regardless of political stripe prime ministers worked to build national unity forged a citizenship based on inclusion and defined a place for Canada in the world They created for citizens an ideal image of what the nation stood for and the path it should follow They told a national story of Canada as a modern progressive liberal state with a strong commitment to inclusion a deep respect for diversity and difference and a fundamental belief in universal rights and freedoms Ultimately this innovative history provides readers with a new way to see and understand what Canada is and what holds us together as a nation The Complete Romances of Chrétien de Troyes Chrétien (de Troyes), 1990 Mandie is bewildered by the unhappy reaction of some of her Cherokee friends to her discovery of gold inside a cave and her Christian values are tested by a troublesome Cherokee cousin The Chrétien Legacy Lois Harder, 2006-07-13 Assessing the legacy of Canada's twentieth prime minister First Nations, First Thoughts Annis May Timpson, 2010-01-01 Countless books and articles have traced the impact of colonialism and public policy on Canada's First Nations but few have explored the impact of Aboriginal thought on public discourse and policy development in Canada First Nations First Thoughts brings together Aboriginal and non Aboriginal scholars who cut through the prevailing orthodoxy to reveal Indigenous thinkers and activists as a pervasive presence in diverse political constitutional and cultural debates and arenas including urban spaces historical texts public policy and cultural heritage preservation This innovative thought provoking collection contributes to the decolonization process by encouraging us to imagine a stronger fairer Canada in which Aboriginal self government and expression can be fully realized Law and Citizenship Law Commission of Canada, 2011-11-01 Long confined to the study of nationality citizenship was not always considered a major concern of social scientists In recent decades however the concept of citizenship has generated significant interest and intellectual debate in a variety of academic contexts Globalization is changing the relationships between actors on the national and international stage and shifting the balance of power between them These changes have spawned a wealth of

scholarship across social science disciplines The essays in Law and Citizenship add to this lively discourse and provide a framework for analyzing citizenship in an increasingly globalized world A number of fundamental issues are addressed How are traditional notions of citizenship erecting borders against those who are excluded What are the impacts of changing notions of state borders and participation on our concepts of citizenship Within territorial borders to what extent are citizens able to participate given that the principles of accountability transparency and representativeness remain ideals There are numerous implications of the concept of citizenship for law and public policy in a number of different fields International law both private and public poverty law immigration law constitutional law history political science and sociology all reflect concepts of citizenship Law and Citizenship will appeal to scholars and students in law and politics as well as those interested in the idea of citizenship in contemporary society **Divided Loyalties** Brooke Jeffrey, 2010-12-04 The Liberal Party has governed Canada for much of the country's history Yet over the past two decades the natural governing party has seen a decrease in traditional support finding itself in opposition for nearly half of that time In Divided Loyalties Brooke Jeffrey draws on her own experience as a party insider and on interviews with more than sixty senior Liberals to follow the trajectory of the party from 1984 to the leadership of St phane Dion in 2008 Riven by internal strife leadership disputes and financial woes the Liberal Party today faces unprecedented challenges that threaten its very future Conventional wisdom attributes the origins of the disarray to personal conflict between Jean Chr tien and Paul Martin However Jeffrey argues that this divisiveness is actually the continuation of a dispute over Canadian federalism and national unity which began decades earlier between John Turner and Pierre Trudeau This dispute as evidenced by recent leadership crises remains unresolved to this day An insightful examination of the federal Liberal Party Divided Loyalties sheds much needed light on an increasingly fissured party A Companion to Chrétien de Troves Norris J. Lacy, Joan Tasker Grimbert, 2008 A fine collection an excellent introduction to Chr tien s world and work Highly recommended CHOICE Chr tien de Troyes is arguably the creator of Arthurian romance and it is on his work that later writers have based their interpretations This book offers both crucial information on and a comprehensive coverage of all aspects of the work of Chr tien de Troyes the literary and historical background patronage his influence on other writers manuscripts and editions of his work and at the heart of the volume major essays on the themes techniques and artistic achievements in each of his compositions the contributions all from leading experts in Chr tien and related studies have been commissioned especially for this volume and are designed to remain accessible to studentswhile also addressing specialists in Arthurian studies and Chr tien de Troyes They reflect the most current critical and scholarly views on one of the greatest of medieval authors CONTRIBUTORS JOHN W BALDWIN JUNEHALL MCCASH LAURENCE HARF LANCNER NORRIS J LACY DOUGLAS KELLY KEITH BUSBY PETER F DEMBOWSKI ROBERTA L KRUEGER DONALD MADDOX SARA STURM MADDOX JOAN TASKER GRIMBERT MATILDA TOMARYN BRUCKNER TONY HUNT RUPERT T PICKENS ANNIE COMBES MICHELLE SZKILNIK EMMANUELE BAUMGARTNER

Across Boundaries André Blais, Cristine de Clercy, Anna Lennox Esselment, Ronald Wintrobe, 2021-06-09 Why and how does secession happen How do different levels of government interact with each other Why do some multilevel governments work better than others What makes political extremism so virulent in today s society.
