Hushbeck, Jr., 2025-06-19 Discover the Timeless Relevance of Christianity in a Secular World In the third edition of Christianity and Secularism Elgin L Hushbeck Jr delivers a compelling exploration of the intersection between faith and modern society With updated insights and refined arguments this volume tackles the pressing questions of our time Is Christianity still relevant in an age dominated by science and technology Can faith coexist with reason How do we navigate the growing secularization of culture Through meticulous research and clear reasoning Hushbeck examines the nature of religion in general and Christianity specifically the evidence for Jesus Christ s resurrection and the philosophical arguments for the existence of God He also addresses common misconceptions about Christianity critiques secularism and highlights the transformative power of faith in shaping individuals and societies Whether you re a believer seeking to deepen your understanding a skeptic exploring the claims of Christianity or a student of philosophy and religion Christianity and Secularism offers a thought provoking defense of the Christian faith that is both rational and relevant **Simple Faith** Bo Lange, 2011-12-16 Man shares his Faith in book A simpler approach to the Bible January 2 2012 By Jason Raiche jraiche dailypress net Daily Press ESCANABA Escanaba resident and Swedish native Bo Lange has recently released a book on Christian faith now available online The book called Simple Faith touches on Biblical Christianity in the culture of religions and secularism as noted in the book s subtitle and stemmed from a book Lange wrote in his native Sweden Simple Faith offers a look at Christian faith as represented solely in the Bible according to an overview of the book on publishing company WestBow Press website Lange said Simple Faith is essentially about having confidence the Bible is God s word as he is concerned with secularism and religion dominating our culture which has led him to reintroduce the Bible to readers The book breaks down arguments about Christianity to the most basic yet powerful aspects of the Christian faith according to the overview I have the preconceived idea that the Bible really is the word of God which means you can still trust it explained

Lange adding if the Bible truly is God's word and it is the revealed word of God to man that makes it no ordinary book. He said the word simple helps define the concept behind faith and also represents his own mind. I have a simple mind, said Lange. Some people, especially those who are more sophisticated, they have a hard time with me because I'm so simple. So I decided to write the book about simple faith by a simple mind. By simple, Lange does not mean simple in the way of easy believism where if you believe then you're a Christian, but simple as in the concept of faith itself. First of all, one of the chapters has to do with how does a person reconcile with God or how is a person like they usually say saved, said Lange. And I say it's only by faith. Very simple. He said Simple Faith is based on an earlier book he wrote in the Swedish language about the Christian faith in the Swedish philosophical world which was called The Dividing Line and discusses the dividing line between religion and Christian faith. Simple Faith, which he finished writing this last year, essentially evolved from The Dividing Line, he said. Coming from a secularist society and humanistic parents, I have gone through all these issues, he explained. You wonder how in the world did you come up with an idea like that if you grew up in a very liberal progressive country. And I still believe it so that's why I decided I'm going to write it and say You can still believe this, Lange said. The book is for those seeking to figure out whether they can believe the Bible for those who have just become Christians, for those long time Christians as a reminder they can still believe the Bible, and for sophistic philosophers such as priests or pastors who have gone away from this message. The process for getting the book published this time was different from what he did on his first two books in Sweden, he said. The two first ones I wrote in Sweden, I went to the printer and said This is what I want you to print, said Lange. So this time I did a lot of web searching and I found this WestBow Press which I had heard a little bit about before. And they do all the publishing. WestBow is a Christian book company with all books published having Christian messages, said Lange. Though he had a friend from Marquette edit the book, he said WestBow has cut out a lot of the work he had to do from the first two times he was published. The second book in Sweden, I printed 1,000 copies and I had to distribute them and it was so hard so they WestBow do the distribution on Amazon.com and Barnes and Noble and it's an eBook. He said the company will print the book according to needs and keeps 50 percent of proceeds from each book which costs \$9.95. Lange will be requesting 100 copies from the company and the book will be sold locally at Canterbury Bookstore, he said. There will also be a book signing coming up at Stones Cafe when copies of the books arrive in approximately two to three weeks. Lange comes from an Evangelical Covenant Church background and said he has been a confessing Christian since his childhood. He also has served 38 years as a pastor serving both denomination and non denomination congregations. Currently he resides in Escanaba with his wife Diana and has recorded Scandinavian music on both cassettes and CDs. He has also helped organize area Scandinavian festivals, teaches Swedish classes at the University of Wisconsin in Marinette and also teaches Swedish online. The Christian Faith and Secularism John R. A Secular Faith Darryl G. Hart, 2006-09-01 Darryl Hart the highly regarded historian of religion contends that appeals to Christianity for social and political well being fundamentally misconstrue the meaning of the Christian religion His book weaves together historical narratives of American Protestantism s influence on the nation s politics and commentary on recent writing about religion and public life with expositions of Christian teaching The tapestry that emerges is a compelling faith based argument for keeping Christianity out of politics

A Short History of Secularism Graeme Smith, 2007-11-28 What does it mean to call Western society secular What is secularism And how should we understand the concept of secularism in international relations particularly the clash between radical Islam and the West The Latin term from which the word secular is derived *saeculum* means generation or age and came to mean that which belongs to this life to the here and now in this world It is widely used as a shorthand for the ideology which shapes contemporary society without reference to the divine However according to Graeme Smith secularism represents a great deal more He offers a radical reappraisal of the notion of secularism and its history beginning with the Greeks and proceeding to modernity and the contemporary period The assumption that the West is becoming increasingly secular is often unquestioned By contrast Dr Smith discerns a different kind of society one informed by a historical legacy which makes sense only when it is appreciated that it is religious Secularism was born of Christianity Daringly and very originally Smith argues that it is impossible to understand the idea of the secular without appreciating that at root it is Christian A Short History of Secularism will fundamentally reshape discussions of western culture religion and politics It will have strong appeal to students of religion political philosophy and the history of ideas
