The Scrolls of Apollonia Atlas Porter, 2024-10-18 The Scrolls of Apollonia transform history into the stuff of legend and legend into the stuff of prophecy W A Roberts Time Is the Real Monster When it was first reported that a team of archaeologists had discovered cursed scrolls written in a time before history most scholars were skeptical to say the least The story is that a shepherd who while praying in a cave near the southern coast of Mygdonia found a bronze basket with seven large scrolls in it Not knowing what to make of his discovery he brought the basket to his pastor in Thessalonica Shortly thereafter both men ended up dead This was the first sign that there was something in this alluring basket of words that was not supposed to get out The first scroll of Apollonia tells the story of how a civil war became a world war and how a world war destroyed a magical land of immense art and wealth where fairy tale lives were the norm and dreams were a reality The world was divided between the gods Apollo and Artemis who represented the Sun and Moon respectively When Dominique La Celeste the daughter of the Fletcher of Dantea fell in love with her enemy Rexel Lightborn the son of the Bowmaster of Apollonia the end of Time itself was set into motion Theirs is a timeless story of tragedy and betrayal that can only be described as monstrous Because of the calamities presented in these scrolls and the subsequent tragedies that have

occurred since their rediscovery some audacious scholars continue to make the claim that these scrolls are cursed and that reading them could put one's life in peril. Obviously claims such as these cannot be substantiated. Nevertheless here is a warning if you do choose to read these scrolls please do so very carefully.

Zeb Bolt and the Ember Scroll Abi Elphinstone, 2022-08-23 Will keep readers on tenterhooks as it reaches its gratifying end. Kirkus Reviews In the thrilling finale to bestselling author Abi Elphinstone's *The Unmapped Chronicles* a young orphan rises up to stop the evil harpy Morg once and for all. Eleven year old Zebedee Bolt is on the run. Again. Only this time it's not the police who find him. It's an evil harpy called Morg. And when she hauls him into Crackledawn an Unmapped kingdom that conjures sunlight for our world Zeb discovers running away only gets you so far. When magic's involved you've got to pick a side. And though Zeb vowed he wouldn't trust anyone ever again he didn't expect to stumble aboard *The Kerfuffle* an enchanted boat belonging to a girl called Oonie and her talking chameleon Mrs Fickletint. Suddenly Zeb finds himself on a voyage complete with silver whales, fire krakens and underwater palaces. Can he muster up enough trust in others and in magic to summon a dragon, find the Ember Scroll and defeat Morg once and for all. This is a story about saving the world but it's also a story about trusting friends and chameleons even when kingdoms are falling apart.

The Mystery of the Copper Scroll of Qumran Robert Feather, 2003-06-23 Introduces a radical new perspective on the historical foundations of monotheism based on the enigma of the Copper Scroll of the Essenes. Confirms the link between ancient Judaism and the pharaoh Akhenaten. Decodes the system of measurements encrypted on the Copper Scroll that has confounded scholars for over 50 years leading to the identification of fabulous lost treasures. Points to a radical new understanding of the origins of monotheism. The famous Dead Sea Scrolls comprise the oldest collection of Biblical documents ever discovered. Of the Dead Sea Scrolls none has baffled experts more than the 2,000 year old Copper Scroll discovered in 1952 by a team of Bedouin led by Henri de Contenson of the Ecole Biblique in East Jerusalem. Appearing to be a list of buried treasure engraved on copper pieces the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes who lived by the Dead Sea around the time of Jesus. No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried. Robert Feather combining his background as a metallurgist with his journalistic expertise has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia through Canaan into Egypt and back to the shores of the Dead Sea. His exploration links the scroll to the ancient Egyptian king Akhenaten confirming a long suspected influence of this pharaoh's religious beliefs on those of the Hebrews. The author's findings not only reveal the locations of most of the treasures listed on the Copper Scroll but they also point to a radical new understanding of the origins of monotheism the basis of the three great religions of Judaism, Islam and Christianity.
