The Play Theory of Mass Communication William Stephenson, The literature on mass communication is now dominated by objective sociological approaches What makes the work of Stephenson so unusual is his starting points his frank willingness to adopt a subjective and psychological approach to the study of mass communication In short this is an internal analysis of how communication processes are absorbed by individuals The theory of play is not a doctrine of frivolity but rather a way in which Stephenson gets at such sensitive areas of communication theory as what is screened out and why Without a notion of the play element in communication one would be led to imagine that every televised docudrama would be immediately lived out by every adolescent Clearly this is not the case People can distinguish quite well between imaginary and real events in mass communication contexts The Play Theory of Mass Communication is a work that studies subjective play how communication serves the cause of self enhancement and personal pleasure and the role of entertainment as an end in itself In short for those who are tired of cliché ridden volumes on the political hidden messages and meanings of communication or the economic management of media decisions this volume will come as a refreshment a piece of entertainment as well as instruction But with all the emphasis on aspects Stephenson's volume is shrewdly political He takes up themes ranging from the reduction of international tensions to the happily alienated worker to such pedestrian events as the reporting of foreign Soviet dignitaries in their visits to democratic cultures This is in short an urbane wise book sophisticated in its methodology and critical in its theorizing

Casmir,2013-10-16 Concern with various matters related to humans as they communicate has led to an increase in both research and theorizing during the second half of the 20th century As a matter of fact so many scholars and so many disciplines have become involved in this process that it is virtually impossible to understand and appreciate all that has been accomplished so far This book focuses on one important aspect of human sense making theory building and strives to clarify the thesis that theories do not develop in some sort of social intellectual or cultural vacuum They are necessarily the products of specific times insights and mindsets Theories dealing with the process of communication or communicating are tied to socio cultural value systems and historic factors that influence individuals in ways often inadequately understood by those who use them The process orientation of this book inevitably leads to an emphasis on the perceptions of human beings Thus the focus shifts from the subject or area called communication to the act of communicating Finally this volume offers insight into how the process of human sense making has evolved in those academic fields commonly identified as communication rhetoric speech communication or speech within specific socio cultural settings **Messages** Arthur Asa Berger,2016-06-16 This brief introductory textbook to the field of communication offers the advantages of Arthur Asa Berger's informal writing style and flair for popular culture examples aimed to engage students Designed for the basic course in communication departments Berger introduces the key theorists who shaped our concepts of communication while also describing the varied processes and settings in which communication occurs Messages is a strong option for instructors who want a student friendly alternative to the standard encyclopedic textbook This text Contains chapters on key contemporary topics such as social media communication and identity and visual communication Includes accessible popular cultural examples ranging from advertisements to folk tales to James Bond films all based on Berger's years of expertise as an author and scholar in mass media and popular culture Incorporates useful pedagogical features such as exercises quotes from key theorists and cartoons **UGC NET Mass Communication & Journalism Solved Previous year [PYQ] Solved Paper Book 2018 to 2024 With Detail Explanations of Questions** DIWAKAR EDUCATION HUB,2025-04-21 UGC NET Mass Communication Journalism Solved Previous year PYQ Solved Paper Book 2018 to 2024 With Detail Explanations of Questions UGC NET Mass Communication Journalism PYQ Book Year 2018 to 2024 Solved Previous year Paper All Questions with Detail Solution Answer Written by Expert Faculty *Communication Yearbook 4* Dan Nimmo,1980-01-01 *Human-Computer Interaction.
