The Poems of Andrew Marvell Andrew Marvell,2017-01-21 The Poems of Andrew Marvell With an introduction and notes by G A Aitken Letters Translated by A B Grosart Most of Marvell's poems on political subjects doubtless appeared as broadsides or pamphlets at the time they were written but of these original issues one only is known to have survived The Character of Holland written in 1653 printed early probably in that year appears to have been reprinted in folio in 1665 with the omission of the latter portion in which praise was given to Blake and other commanders of the Commonwealth This mutilated version was again printed in quarto in 1672 The first Anniversary of the Government under his Highness the Lord Protector was printed in quarto by Thomas Newcomb London in 1665 Advice to a Painter was printed as a four page folio sheet without date but apparently in 1679 after Marvell's death It is not necessary to justify any effort to make Marvell's Poems more widely known The sole object of this Preface is to acknowledge my indebtedness to my predecessors who have in a greater or less degree done good service by keeping the poet's name and character in the minds of his countrymen In 1681 more than two years after Marvell's death his widow published a collection of his miscellaneous poems Nearly half a century later Cooke brought out an edition which included the political satires These pieces could not of course be given in the volume of 1681 but they had been printed among other State Poems after the Revolution Another half century passed before Thompson published an edition of the whole of Marvell's works Thompson was a Hull captain and a

connection of the poet's family filled with enthusiasm for his subject but wanting in the critical training necessary for complete success. In spite however of all his shortcomings it is not to be forgotten that we owe to him some of Marvell's finest poems and that he was the first to print a large number of Marvell's letters which are of great assistance in studying his life and writings. Errors in the text grew in number in subsequent cheap editions of the poems until in 1872 a century after Thompson and when I was a scholar at the old Granmiar School at Hull which claimed Marvell as one of its most distinguished pupils Dr Grosart published the first volume of a limited edition of Marvell's works. It may be said that that edition was the first in which any serious attempt was made to give an accurate text or to explain the constant allusions to contemporary events. But greatly as I have been indebted to Dr Grosart's work much remained to be done. Many allusions remained unexplained while some of the notes upon historical events or persons were written under misapprehension and the errors in identification led to mistakes in the dating of the poems. In so difficult a field it is not probable that I have entirely escaped pitfalls and I do not forget that it is far easier to correct others than to be a pioneer.

The Complete Poems of Andrew Marvell Andrew Marvell, 2014-01-01 The English metaphysical poet Andrew Marvell is most commonly associated with his contemporaries John Donne, George Herbert and his colleague and friend John Milton. His most famous poem 'To His Coy Mistress' is a seductive chant to a would-be lover to seize the moment. 'The Garden' is an ode to the tranquility of a retirement from public life. Marvell, who was himself a politician, opines for the simpler life of the garden. Also included in this collection are 'An Horatian Ode upon Cromwell's Return from Ireland', 'The Mower's Song' and the country house poem 'Upon Appleton House'. The entire corpus of Marvell's poetry is brought together here in this edition of *The Complete Poems of Andrew Marvell* which has been edited with a memorial introduction by Rev. Alexander B. Grosart. T. S. Eliot wrote of Marvell's work that it is more than a technical accomplishment or the vocabulary and syntax of an epoch; it is what we have designated tentatively as wit with a tough reasonableness beneath the slight lyric grace.

Selected Poems Thomas Chatterton, Grevel Lindop, Andrew Marvell A. D. Cousins, 2016-03-02 This monograph studies how across the Folio of 1681 Marvell's poems engage not merely with different kinds of loss and aspiration but with experiences of both that were in mid-seventeenth century England disturbingly new and unfamiliar. It particularly examines Marvell's preoccupation with the search for home and with redefining the homeland in times of civil upheaval. In doing so it traces his progression from being a poet who plays sophisticatedly with received myth to being one who is a national mythmaker in rivalry with his poetic contemporaries such as Waller and Davenant. Although focusing primarily on poems in the Folio of 1681, this book considers those poems in relation to others from the Marvell canon including the Latin poems and the satires from the reign of Charles II. It closely considers them as well in relation to verse by poets from the classical past and the European, especially English, present.
