The Case For Socialism:

The Case for Socialism Peter Plate, Howard Zinn, 2010-10 We live in a world of poverty war and environmental devastation A world where living standards for working people plummet while an elite few enjoy lives of unbelievable wealth and power Something different an alternative to capitalism is desperately needed But what should replace it This book proposes socialism A society built from the bottom up through the struggles of ordinary people against exploitation oppression and injustice one in which people come before profit A society based on the principles of equality democracy and freedom This is a vivid fluent and rare book about socialism for those uninterested in tracts and excited by new prospects John Pilger author of Freedom Next Time Resisting the Empire Is socialism an impossible discredited dream or the only realistic path for human survival If you are not sure of the answer or are just curious about what the left really believes in you need to read Maass He is the Tom Paine of the contemporary American left *The Case for Socialism* Fred Henderson, 1934
