**The Celtic Gods** Patrick McCafferty, M. G. L. Baillie, Pat McCafferty, 2005 The Celtic myths involving heroic warriors such as Finn and CuChulinn can be read as simple primitive stories but closer examination reveals strange descriptions and relationships The authors of this groundbreaking book argue that all the principal characters are aspects of the one Celtic sky god Lugh who was a comet Against the background of a comet scenario this re interpretation of about 10 key Celtic myths shows how many of the descriptions in the myths fit the appearance of comets Sacred Darkness Holley Moyes, 2012-09-01 Caves have been used in various ways across human society but despite the persistence within popular culture of the iconic caveman deep caves were never used primarily as habitation sites for early humans Rather in both ancient and contemporary contexts caves have served primarily as ritual spaces In *Sacred Darkness* contributors use archaeological evidence as well as ethnographic studies of modern ritual practices to envision the cave as place of spiritual and ideological power and a potent venue for ritual practice Covering the ritual use of caves in Europe Asia Australia Africa Mesoamerica and the US Southwest and Eastern woodlands this book brings together case studies by prominent scholars whose research spans from the Paleolithic period to the present day These contributions demonstrate that cave sites are as fruitful as surface contexts in promoting the understanding of both ancient and modern religious beliefs and practices This state of the art survey of ritual cave use will be one of the most valuable resources for understanding the role of caves in studies of religion sacred landscape or cosmology and a must read for any archaeologist interested in caves *A History of Irish Literature and the Environment* Malcolm Sen, 2022-07-28 From Gaelic annals and medieval poetry to contemporary Irish literature *A History of Irish Literature and the Environment* examines the connections between the Irish environment and Irish literary culture Themes such as Ireland's island ecology the ecological history of colonial era plantation and deforestation the Great Famine cultural attitudes towards animals and towards the land the postcolonial politics of food and energy generation and the Covid 19 pandemic this book shows how these factors determine not only a history of the Irish environment but also provide fresh perspectives from which to understand and analyze Irish literature An international team of contributors provides a comprehensive analysis of Irish literature to show how the literary has always been deeply engaged with environmental questions in Ireland a crucial new perspective in an age of climate crisis *A History of Irish Literature and the Environment* reveals the socio cultural racial and gendered aspects embedded in questions of the Irish environment **Orientation of Prehistoric Monuments in Britain: A Reassessment** Alistair Marshall, 2021-07-08 Reassesses major axial alignment at many megalithic ritual and funerary monuments Neolithic to Bronze Age in Britain and Ireland not in terms of abstract astronomical concerns but as an expression of repeated seasonal propitiation involving community agrarian economy and ancestry in an attempt to mitigate variable environmental conditions **Cult in Context** Caroline Malone, David Barrowclough, 2010-04-01 Gods deities symbolism deposition cosmology and intentionality are all

features of the study of early ritual and cult Archaeology has great difficulties in providing satisfactory interpretation or recognition of these elusive but important parts of ancient society and methodologies are often poorly equipped to explore the evidence This collection of papers explores a wide range of prehistoric and early historic archaeological contexts from Britain Europe and beyond where monuments architectural structures megaliths art caves ritual activity and symbolic remains offer exciting glimpses into ancient belief systems and cult behaviour Different theoretical and practical approaches are demonstrated offering both new directions and considered conclusions to the many problems of studying the archaeology of cult and ritual Central to the volume is an exploration of early Malta and its intriguing Temple Culture set in a broad perspective by the discussion and theoretical approaches presented in different geographical and chronological contexts

Coirpre de los Juncos, el violento e insaciable. Seor del Oeste quiere completar su conquista que ya inició hace años con la masacre de la tribu Barr Ciarán. El superviviente de aquel exterminio ha conseguido encontrar un pedazo de tierra que habitar en paz junto a sus tres hijos. Sin embargo, el pasado no está dispuesto a desaparecer. Su antiguo enemigo Diarmait, ahora rey, no perderá la ocasión de vengarse haciendo prisionero al hijo mayor de Ciarán. Precipitará a los destinos de las dos familias que se unirán definitivamente para salvar la Llanura y lo que queda de su mundo.
