Celebrating the Labyrinth Gaillard MacQueen, 2021-04-05 Labyrinths and labyrinthine borders have been around for a very long time In fact they have been used outside of formal religion as a ritual object to express spiritual values for at least 3500 years in countries all over the world including China India the Holy Land Ireland Southern Europe Scandinavia pre Columbian America and England They can be found at Neolithic and Sardinian and Hopi rock art sites in Hindu temples and Taoist shrines bordering Minoan frescoes and in Roman mosaics They have been incorporated into Roman Catholic and Episcopal cathedrals Protestant churches and in New Age retreat centres They have been carved into rocks turf and wood engraved in metal laid out in stones woven in reeds set in tiles painted and drawn In other words the labyrinth is a nearly universal form and comes as close as we can to an archetype An archetype is a symbol that appeals to us at an unconscious level We don t have to struggle with its meaning intellectually Its symbolic meaning is somehow ingrained in us part of our very nature As a result it may appeal to us without our even understanding why It is always risky to talk about the meaning of such an archetypal symbol We know that it must carry a wealth of meaning to appeal to so many different sorts of people over such a long stretch of time But we can tentatively explore some of its meanings if we stay aware that we can never really plumb all of its riches [An Orthodox Festival Book in the Habsburg Empire](#) Jelena Todorovic, 2016-12-05 A transcription and translation of Zaharje Orfelin s 1757 festival book Festive Greeting to Mojsej Putnik this book is one of the most comprehensive accounts of the festival life of the Orthodox hierarchy in the Habsburg lands While the Festive Greeting remained just an outline for the spectacle and was never publicly performed in its entirety it remains a fascinating embodiment of Church politics an issue too dangerous to be made public in the political arena of the Catholic Empire In addition to the transcription and translation of the festival book Jelena Todorovic provides a full account of the background to the Mojsije Putnik s episcopal investiture beginning with a study of the political and historical context to the foundation and establishment of the Orthodox Archbishopric in the Austrian Habsburg and moving on to an examine the religious politics of the Orthodox Archbishops during this period With detailed surveys of the book s illustrations proposed scenography and music it concludes with an assessment of the place of the Festive Greeting in the history of spectacles in the Archbishopric as well as in the history of the Orthodox Church [Learning with the Labyrinth](#) Jan Sellers, Bernard Moss, 2016-04-15 This book discusses the theory and practice of labyrinth creation and use From issues of design and cost to how a labyrinth may

be used as a university wide resource and also be used for outreach to the wider community it covers labyrinth use Within disciplines such as initiatives to deepen reflection and explore contemplative approaches to learning In wider university contexts such as counselling chaplaincy learning and educational development widening participation and student transition Across the whole university and reaching out to the wider community of which the university is a part from the labyrinth as a conference resource as well as topic to festival contributions Learning with the Labyrinth seeks to illustrate inspire and share ideas that can be taken further by the reader

Birksted,2017-07-05 Situated in a Mediterranean landscape the Maeght Foundation is a unique Modernist museum product of an extraordinary collaboration between the architect Jos uis Sert and the artists whose work was to be displayed there The architecture garden design and art offer a rare opportunity to see work in settings conceived in active collaboration with the artists themselves By focusing on the relationship between this art foundation and its Arcadian setting including Joan Mir's labyrinth George Braque's pool Tal Coat

s mosaic wall and Giacometti's terrace Jan K Birksted demonstrates how the building articulates many of the ideas that preoccupied this group of artists during the culminating years of their lives The study pays special attention to the ways in which architecture can shape the experience of time and addresses the Modernist desire for wilderness and its problematic roots in the classical Mediterranean ideal In showing how the design of the Maeght Foundation is a Modernist representation of Mediterranean culture the author has developed an interpretation of architecture that accommodates not only the architect's handling of material or function but shows as well how it can be the embodiment of a particular vision of space and time
