The Chained Lion:

The Lion's Gambit Philip Petruna, 2020-12-17 Kota always knew he was a Prince by chance not by blood as he arrived at the castle at a young age before the Queen took him into her family Suddenly everything he knew changed in an instant One day he receives a mysterious letter from an unknown sender with information about his mother After answering the letter he not only drags himself but those around him into an ancient mystery long forgotten In this ancient world of swords and arrows there are those who can call upon the powers of the elements These elemental users are named Callers Callers can create a flash of fire with a snap of their fingers while others can mold the earth to their will Kota was not born with the power to call upon the elements but that does not mean he is not a capable fighter Kota including his allies get caught in a plot that is orchestrated by an enemy that is smart as they are deadly Those who stand with him will have to use more than metal and callings to fight a mysterious foe that threatens everything they know *The Pilgrim's Progress in the Language of Scripture.
