Riis, 2021-04-25 In *The Children of the Poor* Jacob A. Riis presents a poignant and unsettling exploration of urban poverty in late 19th century America focusing on the plight of children trapped in socioeconomic despair Employing a journalistic style underscored by vivid imagery and firsthand accounts Riis immerses readers in the harsh realities of life in New York City's tenements The book contains a compelling blend of personal narrative and sociopolitical commentary challenging the prevailing notions of social responsibility through evocative descriptions and reformist zeal while also leveraging the era's emerging documentary photography to underscore his claims Riis a Danish American social reformer and journalist used his own experience as an impoverished immigrant to fuel his activism and advocacy for the urban poor His unique background and keen observational skills allowed him to illuminate the conditions faced by marginalized populations particularly children whose innocence was under siege by the

grinding machinery of poverty *The Children of the Poor* effectively reflects Riis's commitment to social justice and sheds light on the urgent need for reform in the face of systemic neglect This powerful work is essential reading for anyone interested in social history urban studies or child welfare Riis's compassionate yet stark portrayal of impoverished youth not only resonates with contemporary issues but also serves as a call to action for the modern reader to recognize and address the ongoing challenges faced by vulnerable populations

Riis, 2015-07-19 Excerpt from *The Children of the Poor* To my little ones who as I lay down my pen come rushing in from the autumn fields their hands filled with flowers for the poor children I inscribe this book May the love that shines in their eager eyes never grow cold within them then they shall yet grow up to give a helping hand in working out this problem which so plagues the world to day As to their father's share it has been a very small and simple one and now it is done Other hands may carry forward the work My aim has been to gather the facts for them to build upon I said it in *How the Other Half Lives* and now in sending this volume to the printer I can add nothing The two books are one Each supplements the other Ours is an age of facts It wants facts not theories and facts I have endeavored to set down in these pages The reader may differ with me as to the application of them He may be right and I wrong But we shall not quarrel as to the facts themselves I think A false prophet in our day could do less harm than a careless reporter That name I hope I shall not deserve To lay aside a work that has been so long a part of one's life is like losing a friend But for the one lost I have gained many They have been much to me About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
