Dogmatics Emil Brunner,1950 The Christian Doctrine of God Emil Brunner, 2014-10-10 Emil Brunner 1889 1966 was the most widely read theologian in the English speaking world throughout the mid twentieth century Brunner was Professor of Systematic and Practical Theology at the University of Zurich from 1924 55 His key works The Mediator The Divine Imperative and Man in Revolt were standard texts for Protestant seminaries for decades The Christian Doctrine of God Emil Brunner,1980 **Dogmatics I** Emil Brunner, 2025-04-24 One of the great twentieth century works of theology Emil Brunner's Dogmatics series presents a profoundly biblical systematic theology Finding a path between Barth and Bultmann Brunner explores key doctrines such as the doctrine of God creation and redemption and the doctrine of the church and of faith These foundational texts from a leading theologian of the 20th century are crucial for scholars and students illuminating how modern Protestant theology was formed in the last century The first volume serves as an introduction to Brunner's view of dogmatics setting out the nature position and necessity of dogmatics before exploring the many facets of the doctrine of God In detailed vigorous explanation Brunner considers the nature and will of God including his name his holiness his wisdom and his glory Thorough insightful and extensive this first volume is an illuminating beginning to this series The second volume explores the fundamental concepts of the protestant doctrine from creation and the creator to man's position within creation sin and its consequences and the saving work of Jesus Brunner explores all of the possibilities of these fundamentals and his detailed thoughtful arguments are designed as he says to set us free to have a faith which is based on nothing save the Love of God revealed in Jesus Christ The third and final volume focusses on the theology of the Church as a reflection of God's self revelation through the Holy Spirit and an eternal consummation of Divine self communication Drawing together the understanding gleaned in the previous two volumes Brunner addresses the nature of the church and faith to bring his systematic biblical theology into the experiences of his readers The Barthian Revolt in *Modern Theology* Gary J. Dorrien, 2000-01-01 In this history of the rise development and near demise of Karl Barth's theology Gary Dorrien carefully analyzes the making of the Barthian revolution and the reasons behind its simultaneously dominating and marginal character He discusses Barth's relationship to his predecessors and contemporaries as well as to modern theologians and argues that his approach to theology was deeply indebted to his liberal past The Christian Doctrine of God, Vol. 1 Emil Brunner, 2017-05-19 Excerpt from The Christian Doctrine of God Vol 1 Dogmatics Dogmatics is not the Word of God God can make His Word prevail in the world without theology But at a time when human thought is so often confused and perverted by fantastic ideas and theories spun out of men s own minds it is evident that it is almost impossible to preserve the Divine Word with out the most passionate intellectual effort to te think its mean ing and its content The simple Christian may it is true under stand and preserve God's Word without theology but for those Christians who are involved in the thinking of their own day and who as children of their own day are deeply in uenced by these currents of

Duby, 2015-12-17 Steven J Duby examines the doctrine of divine simplicity This discussion is centered around the three distinguishing features grounding in biblical exegesis use of Thomas Aquinas and the Reformed Orthodox and the writings of modern systematic and philosophical theologians Duby outlines the general history of the Christian doctrine of divine simplicity and discusses the methodological traits and essential contents of the dogmatic account He substantiates the claims of the doctrine of divine simplicity by demonstrating that they are implied and required by the scriptural account of God Duby considers how simplicity is inferred from God's singularity and aseity as well as how it is inferred from God's immutability and infinity and the Christian doctrine of creation The discussion ends with the response to major objections to simplicity namely that the doctrine does not pay heed to the plurality of the divine attributes that it eradicates God's freedom in creating the world and acting toward us and that it does not cohere with the personal distinctions to be made in the doctrine of the Trinity **Christian Theology** Adam Harwood, 2022-10-19 The church has been entrusted with God's revelation and to steward the word of truth we must confess

the Bible's teaching with clarity and conviction Adam Harwood's Christian Theology is both biblically faithful and historically informed providing a fresh synthesis of the essential doctrines of the faith Writing from a Baptist perspective Harwood brings fresh insights that many systematic theologies lack With readable prose suggestions for further study and discussion questions Christian Theology will equip students and pastors to clarify and articulate what they believe and why Theology and History in the Methodology of Herman Bavinck Cameron Clausing, 2023-09-08 In the nineteenth century history was becoming a science while at the same time theology was vying for a place among the sciences and in the university In the midst of these developments theologians were grappling with how theology and history could relate This book examines one such important Dutch theologian Herman Bavinck and explores the intersection between theology and history in his methodology by considering Bavinck's intellectual and historical context and then seeing how that context influenced his understanding of revelation confession and Christian consciousness Heavenly Bodies Ola Sigurdson, 2016-07-30 Deep and wide study of 2 000 years of Christian thought on the human body Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these strands into a contemporary Christian theology of embodiment Sigurdson's profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging Celebrating the Reformation Mark D Thompson, 2017-09-21 Too often the Reformers and their doctrines have been caricatured misrepresented or misappropriated in the service of agendas they would never have recognized let alone endorsed Happily there has been a great deal of fine scholarship in recent years that has exploded some of these myths but it has not always been accessible to non specialists The intention of Celebrating the Reformation is that Christians today will find new cause to rejoice in what God did in the sixteenth century through weak and fallible men and women These people sought in their own context to submit themselves to the word of God and lead his people in a godly and faithful response to the gospel of grace Three sections deal with the chief Reformers key doctrines and the Reformation in retrospect Each contribution seeks to connect its subject to the present making clear its relevance for today The Reformation is not a dead movement but a living legacy that can still capture the imagination and encourage men and women in their own Christian discipleship The contributors are Andrew Bain Colin R Bale Rhys S Bezzant Gerald Bray Martin Foord David A H hne Chase Kuhn Andrew Leslie Edward Loane John McClean Joe Mock Michael J Ovey Tim Patrick Mark D Thompson Stephen Tong Jane Tooher and Dean Zweck Companion

Encyclopedia of Theology Peter Byrne, Leslie Houlden, Rev Prof Leslie Houlden, 2002-09-11 In 48 separately authored self contained articles by an international team of both Christian and Jewish theologians and practitioners this Companion provides a thorough examination of the place of Christianity in the modern world **Reformed Systematic Theology,**Volume 1 Joel Beeke, Paul M.
