Behind the cross, a landscape with rolling hills and a distant horizon is visible. ## **The Christian Experience Of Salvation:**

The Christian Experience of Salvation William E. Hull, 1987-04-01      The Christian Experience Daniel Worcester Faunce, 1881      **The Holy Spirit and Christian Experience** Simeon Zahl, 2020-06-11 In *The Holy Spirit and Christian Experience* Simeon Zahl presents a fresh vision for Christian theology that foregrounds the relationship between theological ideas and the experiences of Christians. He argues that theology is always operating in a vibrant landscape of feeling and desiring and shows that contemporary theology has often operated in problematic isolation from these experiential dynamics. He then argues that a theologically serious doctrine of the Holy Spirit not only authorizes but requires attention to Christian experience. Against this background, Zahl outlines a new methodological approach to Christian theology that attends to the emotional and experiential power of theological ideas. This methodology draws on recent interdisciplinary work on affect and emotion which has shown that affects are powerful motivating realities that saturate all dimensions of human thinking and acting. In the process, Zahl also explains why contemporary theology has often been ambivalent about subjective experience and demonstrates that current discourse about God's activity in the world is often artificially abstracted from experience and embodiment. At the heart of the book, Zahl proposes a new account of the theology of grace from this experiential and pneumatological perspective. Focusing on the work of the Holy Spirit in salvation and sanctification, he retrieves insights from Augustine, Luther, and Philip Melancthon to present an affective and Augustinian vision of salvation as a pedagogy of desire. In articulating this vision, Zahl engages critically with recent emphasis on participation and theosis in Christian soteriology and charts a new path forward for Protestant theology in a landscape hitherto dominated by the theological visions of Barth and Aquinas.

**Philosophy of Christian Experience** Randolph Sinks Foster, 1890      The Christian Experience Michael Keene, 1995 Written for use with new and existing GCSE syllabuses, this is one of a series of three books which is also suitable for general RE and PSE courses at Key Stage 4. The book offers an understanding of contemporary Christianity through an examination of its development, rites of passage, ceremonies, principal festivals, and beliefs and attitudes to a range of personal, social, and global issues.

*The Christian Experience* Michael Molloy, 2017-04-06 How do we study Christian life and thought? How have political and cultural events influenced the experiences of Christians in different places at different times? How has the world's largest religion been lived in varied parts of the world? *The Christian Experience* is the first textbook to unite traditional approaches to Christianity with special attention to art, music, architecture, and lived experiences. The material, individual, and personal sides of Christianity are brought to the fore throughout this chronological survey. Every chapter begins with a first encounter in order to bring the subject matter to life for students, mirroring the author's approach in his successful book *Experiencing the World's Religions*. This book on Christianity features over 100 color images, maps, and diagrams, and each chapter ends by pointing to additional print and electronic resources.
