The Christian Life Karl Barth,1981 Karl Barth's Church Dogmatics: An Introduction and Reader Michael

Allen,2012-12-18 This reader from Karl Barth s multi volume Church Dogmatics offers an introduction to the whole work key readings in reasonable portions with introductions and provides helpful hints at secondary material An ideal textbook for all beginners studying the work of one of the most important theologians of the last century **Challenging the Stereotype**

Glenn A. Chestnutt,2010 Karl Barth never paid particular attention to the religions of the world In fact he has often been stereotyped as the prime exponent of an exclusivist attitude toward other religions because of his belief that salvation comes through Christ alone However a close analysis of his work suggests that it defies the rigid typology of exclusivism inclusivism and pluralism so often used in inter religious debate and instead allows for the possibility of discerning God s presence in the other Abrahamic faiths This book asserts that a case can be made on the basis of Barth s theology for promoting a democratic society which respects freedom and difference It shows how this argument can be extended to accommodate religious pluralism Other faith groups can contribute to a just society and interact in ways which are theologically fruitful for the Church s own life In particular this book demonstrates how Barth s theology can help Christians relate to Muslims by showing that God s grace is at work in places it is not expected beyond the boundaries of the Church The Church can be addressed through the presence and voice of the other In today s context this includes address through the presence and voice of Islam **God's Command** John E. Hare,2015-10-29 This work focuses on divine command and in particular the

theory that what makes something obligatory is that God commands it and what makes something wrong is that God commands us not to do it Focusing on the Abrahamic faiths eminent scholar John E Hare explains that two experiences have had to be integrated The first is that God tells us to do something or not to do something The second is that we have to work out ourselves what to do and what not to do The difficulty has come in establishing the proper relation between them In Christian reflection on this two main traditions have emerged divine command theory and natural law theory Hare successfully defends a version of divine command theory but also shows that there is considerable overlap with some versions of natural law theory He engages with a number of Christian theologians particularly Karl Barth and extends into a discussion of divine command within Judaism and Islam The work concludes by examining recent work in evolutionary psychology and argues that thinking of our moral obligations as produced by divine command offers us some help in seeing how a moral conscience could develop in a way that is evolutionarily stable **Authority and Obedience** Mitsuo

Miyata,2009 Despite famously small numbers Christians have had a distinctive presence in modern Japan particularly for their witness on behalf of democracy and religious freedom A translation of Ken i to Fukuj Kindai Nihon ni okeru R ma sho J san sho 2003 Authority and Obedience is a personal pre history of the postwar generation of Japanese Christian intellectuals deeply committed to democracy Using Japanese Christians commentary on Paul s injunction in Romans 13 1 7 the counsel to

let every person be subject to the governing authorities for there is no authority except from God Miyata offers an intellectual history of how Japanese Christians understood the emperor focused modern state from the time of the first Protestant missionaries in the mid nineteenth century through the climax and demise of fascism during the Pacific War Stressing verse 5 s admonition to conscience as the reason for obedience Miyata provides a clear and political perspective grounded in his lifelong engagement with German political thought and theology particularly that of Karl Barth and Dietrich Bonhoeffer as he calls for a conscientious citizenry in his modern society Showing both Christians complicity with the state and the empire including the formation of a unified church the Nihon Kirisuto Ky dan and their attitude toward Christians in Asia and the complexity of the critical voices of Christians like Uchimura Kanz Kashiwagi Gien Nanbara Shigeru and many others less well known Miyata s work aims not at exposing cultural particularity but at showing how the modern Japanese Christian experience can give meaning to a theology and a political theory of how to live within the freedom of religious belief **T&T**

Clark Companion to the Doctrine of Sin Keith L. Bloomquist, John R. Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today s world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition s insights and oversights and show how it might illumine today s burning ethical issues such as homosexuality [The Potter's Rib](#) Brian A. Williams, 2005 Just as a potter uses a rib to exert pressure and give shape to clay vessels spinning on a wheel so God has used the practice of mentoring to shape leaders from the times of ancient Israel to the modern church This book provides a theological and historical foundation for the practice inviting the modern supervisor and seminarian to step into the church s rich heritage of

mentors and mentees by offering selected vignettes of these relationships in the lives of such influential leaders as Gregory the Great St Augustine John Newton and Dietrich Bonhoeffer By tracing out the spiritual formation of some of the most influential leaders in church history Brian Williams shows how certain patterns of mentoring relationships have been pivotal for the people of God in ages past He then combines the wisdom of the classical discipline of spiritual direction with the tradespractice of apprenticeship to offer us a practical model for mentoring today The book concludes with a number of tools forms and practical suggestions to help shape and guide this demanding but rewarding practice The Potter s Rib will challenge experienced pastors and seminary students alike to take seriously the role of mentoring in becoming the pastors they are called to be Brian A Williams a graduate of Regent College is involved in local ministry in Vancouver British Columbia

The Analogy of Grace Gerald McKenny, 2010-03-18 Once considered inimical to ethics Karl Barth s theology is now rightly recognized for the central role ethics plays in it But can Barth be safely placed in the mainstream tradition of Christian moral theology or does he offer a challenge to the latter Gerald McKenny argues that the claim that God not only establishes the good from eternity but also brings it about in time is of fundamental importance to Barth s mature ethics The good confronts us from the site of its fulfilment

Methuselah Todd T. W. Daly, 2021-02-04 The quest to live much longer has moved from legend to the laboratory Recent breakthroughs in genetics and pharmacology have put humanity on the precipice of slowing down human aging to extend the healthy life span The promise of longer healthier life is enormously attractive and poses several challenging questions for Christians Who wouldn't want to live 120 years or more before dying quickly How do we make sense of human aging in light of Jesus' invitation to daily take up our crosses with the promise of the resurrection to come Is there anything wrong with manipulating our bodies technologically to live longer If so how long is too long Should aging itself be treated as a disease In *Chasing Methuselah* Todd Daly examines the modern biomedical anti aging project from a Christian perspective drawing on the ancient wisdom of the Desert Fathers who believed that the incarnation opened a way for human life to regain the longevity of Adam and the biblical patriarchs through prayer and fasting Daly balances these insights with the christological anthropology of Karl Barth discussing the implications for human finitude fear of death and the use of anti aging technology weaving a path between outright condemnation and uncritical enthusiasm *The Dialectics of Creation* Martin G.

Poulsom, 2014-03-13 This book investigates the philosophical components of Christian faith in creation by analyzing the distinction and the relation between creation and its Creator The writings of Edward Schillebeeckx and David Burrell supply a terminology of distinction and relation that shapes the discourse following in the footsteps of Aquinas Poulsom elucidates the relational dialectic in the thought of Schillebeeckx as a way of thinking about the Creation and offers a helpful comparison with the thought of David Burrell Relational dialectic is an organizing principle not only of Schillebeeckx's account of creation but of his philosophical theology more generally It can operate as a hermeneutic for his material on praxis and humanism in a way that resolves some problems noted by other Schillebeeckx scholars Poulsom's interpretation of Schillebeeckx enriches current approaches to this thinker and offers a significant contribution to thinking on the doctrine of Creation and issues surrounding the ontological distinction which is of major concern in philosophical theology today

Promise and Presence John E. Colwell, 2011-09-22 John Colwell presents a robust sacramental theology for Protestant churches He maintains that a doctrine of the Trinity leads us to conceive of God's gracious engagement with his creation as one that is mediated through that creation And this lies at the foundation for an understanding of the sacraments Colwell further argues that the Church and Scripture confer context definition and validity on all other sacramental events The final section reconsiders the seven Sacraments of the Catholic tradition in the light of the understanding of sacramentality developed earlier in the book baptism confirmation the Lord's Supper cleansing healing ministry and marriage Colwell discusses the Sacraments from an evangelical perspective but with a committed ecumenical intent **Sabbath Rest as**

Vocation Autumn Alcott Ridenour, 2018-06-14 Autumn Alcott Ridenour offers a Christian theological discussion on the meaning of aging toward death with purpose identity and communal significance Drawing from both explicit claims and constructive interpretations of St Augustine's and Karl Barth's understanding of death and aging this volume describes moral

virtue as participation in Christ across generations culminating in preparation for Sabbath rest during the aging stage of life Addressing the inevitability of aging the prospect of mortality the importance of contemplative action and expanding upon the virtues of growing older Ridenour analyzes how locating moral agency as union with Christ results in virtuous practices for aging individuals and their surrounding communities By responding with constructive theology to challenges from transhumanist bioethical and medical arenas the volume highlights implications not only for virtue ethics but also for the goals of medicine

The Culture of Theology John Webster, 2019-10-15 John Webster one of the world's leading systematic theologians published extensively on the nature and practice of Christian theology This work marked a turning point in Webster's theological development and is his most substantial statement on the task of theology It shows why theology matters and why its pursuit is a demanding but exhilarating venture Previously unavailable in book form this magisterial statement now edited and critically introduced for the first time presents Webster's legendary lectures to a wider readership It contains an extensive introductory essay by Ivor Davidson

Breakfast with Barth Donald K. McKim, 2019-03-22 Breakfast with Barth Daily Devotions provides extracts from the writings of theologian Karl Barth The short devotion that follows explains the meaning of Barth's quotation in light of his overall writings It also explores the meanings of Barth's thought for contemporary Christian living The goal is to introduce readers to Barth's theology so it can be readily understood and also to see ways Barth's theological insights expressed in the initial quotation can shape our beliefs and help us live the life of Christian faith in today's world

Faithful Living Michael Leyden, 2019-12-31 How can the things we do and say in Church impact our lives and shape the decisions we make on a daily basis What kind of life is implied for people who believe the things that Christians believe Faithful Living attempts to think through these questions and considers the formational impact worship can have on Christian ethics and therefore on the lives of Christian disciples It focuses on one of the Church's regular practices reciting the Nicene Creed and offers an ethical commentary on the Creed's key ideas and themes challenging Christians from all traditions to think through their faith in order to live faith fully before God In so doing it seeks to hold Christian belief and practice what are often more formally called doctrine and practice together Each chapter addresses one clause from the Creed attending to its theological meaning before turning to the ethical implications associated with it Topics include community food politics disability suffering hope discernment and catechesis

Karl Barth on Prayer Ashley Cocksworth, 2015-08-27 Ashley Cocksworth presents Karl Barth as a theologian who not only produces a strong and vibrant theology of prayer but also grounds theology itself in the practice of prayer Prayer and theology are revealed to be integrally related in Barth's understanding of the dogmatic task Cocksworth provides careful analysis of a range of key texts in Barth's thought in which the theme of prayer emerges with particular interest He analyzes Barth's writings on the Sabbath and uncovers an unexpected theology of contemplative prayer the doctrine of creation of the Church Dogmatics and explores its prioritization of petitionary prayer and the ethics of the doctrine of reconciliation in which

a turn to invocation is charted and the final resting place of Barth's theology of prayer is found. Through the theme of prayer, fundamental questions are asked about the relation of human agency to divine agency as conceived by Barth, and new insights are offered into his understandings of the nature and task of theology, pneumatology, sin, baptism, religion, and sanctification. The result is a rich engagement with Barth's theology of prayer, an advancement of scholarship on Karl Barth, and a constructive contribution to the theology of prayer.
