obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serve to reinforce Christ s radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis However while super intelligence or big degrees may not be necessary the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing *His Word 7 Year Work Biblical Roots by Former Skeptic* , [The Skeptic Encyclopedia of Pseudoscience](#) Michael Shermer,2002-11-14 A thorough objective and balanced analysis of the most prominent controversies made in the name of science from the effectiveness of proposed medical treatments to the reality of supernatural claims Edited by Michael Shermer editor and publisher of The Skeptic magazine this truly unique work provides a comprehensive introduction to the most prominent pseudoscientific claims made in the name of science Covering the popular the academic and the bizarre the encyclopedia includes everything from alien abductions to the Bermuda Triangle crop circles Feng Shui and near death experiences Fifty nine brief descriptive summaries and 23 investigations from The Skeptic magazine give skeptical analyses of subjects as far ranging as acupuncture chiropractic and Atlantis The encyclopedia also gives for and against debates on topics such as evolutionary psychology and case studies on topics like police psychics and the medical intuitive Carolyn Myss Finally the volumes include five classic works in the history of science and pseudoscience including the speech William Jennings Bryan never delivered in the Scopes trial and the first scientific and skeptical investigation of a paranormal spiritual phenomenon by Benjamin Franklin and Antoine Lavoisier **10 Answers for Skeptics** Alex McFarland,2011-10-01 In 10 Answers for Skeptics McFarland identifies the 10 most common types of skepticism that plague doubters minds and offers believers proven strategies for connecting intellectually and spiritually with those who are skeptical about the claims of Christianity Today s skeptics are looking for authenticity integrity and straightforward truth Readers will learn how to answer intimidating questions identify the root issue behind those questions and dismantle the spiritual bombshells dropped by atheists Plus they ll find encouragement to face hostility by persevering in love the ultimate apologetic Christians can offer as witness to our loving God **A Skeptic's Investigation into Jesus** J.
