 Michael J. Akers, 2014-03-18 There are many devotional books available containing brief daily inspirations that benefit all
 who read them This book is different in two respects The first is obvious it contains two readings per day 732 in all The
 second more important difference is that the author wanted to do more than offer inspiration this would make this book no
 different than so many others The messages in the book are study sketches in that the content is not only inspirational but
 also educational challenging and encouraging Most of these writings were based on author Michael J Akers's teaching of
 adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and
 application of the Word of God **Charles River** Robert Allan Hill, 2015-02-20 This collection of theological essays spiritual

 intention they are offered in media res in the midst of the cacophony and chaos of life and particularly of academic life These
 pages are markings along the journey on the trail and thus perhaps signposts for others coming along the same way To some
 degree the collection responds to similar recent publication of 200 word daily selections from the writings of Dietrich

 of the physiological steps one takes in performing the process called reading More commonly it is a manual describing the
 methods a teacher may use in teaching schoolage children to acquire the mechanical aspects of reading Some far fewer are
 focused on the psychology of reading such psychology usually emphasizing the conscious and logical approaches to learning
 Still others are directed toward some particular part of reading in its socio historical setting as for example freedom to read
 or adult reading habits or variation in trends in the production of materials All books of such nature are relevant to the
 omnibus topic reading A book which would include reading in its historical sociological and educational setting would indeed

be a major undertaking demanding both scope and depth of knowledge from its author Frank Jennings has written such an inclusive book and he appropriately calls it *This Is Reading Threshermen's Review and Power Farming*, 1914
