Students' Guide to Colleges Jordan Goldman, Colleen Buyers, 2005-08-02 College guides are a must for any teenager trying to choose the right school Unfortunately most guidebooks are vague boring tomes written by administrators and journalists instead of the real experts the college students that actually go there Students Guide to Colleges is different Entirely student written and edited this invaluable resource cuts through the cant with comprehensive listings of the vital statistics and requirements for America s top 100 schools accompanied by three totally honest fresh fun to read descriptions penned by attending undergrads from different walks of life Want to know how big classes really are How rigorous the academics get Or how greek or granola chill or up tight homogenous or diverse gay or straight a campus really is Lively irreverent and insightful the Students Guide to Colleges is the only guidebook that offers multiple perspectives on each school and tells it like it is so that college applicants can make the best choice when deciding where they want to spend their college years More than 30 000 students surveyed Preface by Chuck Hughes former senior dean of admissions at Harvard

University **Forthcoming Books** Rose Arny,2000 *So what is Tolerance Anyway?* John LaMachia,2001 *Children's Books in Print* ,1993 *Reading and Writing for Civic Literacy* Donald Lazere,2015-12-03 This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading writing and thinking skills for self defense in the contentious arena of American civic rhetoric Designed for first year or more advanced composition and critical thinking courses it is one third shorter than the original edition more affordable for students and easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis [A Study Guide for Anne Bradstreet's "To My Dear and Loving Husband"](#) Gale, Cengage Learning,2016 A Study Guide for Anne Bradstreet s To My Dear and Loving Husband excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs **Student Advantage Guide to the Best 310 Colleges 1997** Tom Meltzer,John Katzman,Edward T. Custard,1996-07-30 When it first appeared USA Today called this book the guide that doesn t follow a textbook approach to college life The Best 310 Colleges is based on The Princeton Review s student surveys the largest campus surveys in the nation More than 59 000 students answer questions on everything from academics to campus life Topics include the quality of teaching dorms and dining hall fare campus politics left or right and conservative or liberal whether the student body is diverse or homogeneous tolerant or intolerant of race class relations and of gay students and high or low in its use of beer liquor and marijuana In fact this book has caused schools across the country to change their food campuses and drinking policies Also included is information concerning admission and financial aid policies student body demographics average recentered SAT scores and What s Hot What s Not as well as the Counselor O Matic an easy to use if highly unscientific guide to your chances of getting into each of the top 310 colleges by calculating your desirability rating and comparing it to each school s selectivity rating Here s a sampling of what students have to say This school is filled with wealthy well dressed egomaniacs who are about as socially conscious as Marie Antoinette I m premed and there s no place I would rather be The academics are a killer no joke but for those few who survive the world is their oyster If you re not Caucasian the adjustment here is tremendous Since this is a Jesuit institution not all viewpoints get expressed particularly liberal ones about gays and premarital sex You have to be smart about where you go at night The food here is really bad it s either bland or sickening You re lucky if they don t screw up the bread Socially the surrounding area is so dead that the Denny s closes at night Girls over 5 8 watch out for some reason
