Williams, 1979      *Toward a Social History of American English* Joey Lee Dillard, 1985 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language

*Languages and Jargons* Roy Porter, Peter Burke, 1996-01-30 Languages and Jargons is a contribution to the social history of language This volume is particularly concerned with the special semi private languages dialects or jargons developed by different social groups whether they are professions like lawyers doctors and teachers voluntary associations like the Masons social classes or groups on the margin of society such as beggars or Gypsies The contributors are concerned to describe these jargons as they were spoken in particular places and times to analyse their functions which range from keeping secrets from outsiders to reinforcing a sense of collective identity and to account for change over time They also study the relations between these forms of speech and their speakers and the outside world the rejection of jargon the domestication of technical terms and the transformation of former jargons into ordinary languages The volume is mainly concerned with different forms of English from the 16th to the 20th century but some contributors range further afield from Calo to Urdu Languages and Jargons will be of particular interest to students and scholars in social and cultural history linguistics and sociolinguistics and anthropology

**Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

**Languages of Labour** John Belchem, Neville Kirk, 2021-02-27 This volume offers a multidisciplinary approach to the study of language in relation to the subject of history The British and American contributors put forward the idea that language is a broadly based means of communication with contested and consensual meanings and that such meanings must

be revealed and evaluated by precise historical contextualisation of language and proper attention to established rules of historical method The essays contend that the connections between the linguistic and the social must be rethought The book aims to move beyond the unproductive fragmentation and relativism the narrow textual range and the literal and anti realist readings of the postmodern linguistic turn to offer a rigorous approach to the study of language and the subject of history

**Language, Self, and Society** Peter Burke,1991-01      **Sociolinguistics / Soziolinguistik. Volume 3** Ulrich Ammon,Norbert Dittmar,Klaus J. attention to the problematic nature of politicians' claims to represent others and in doing so it challenges conventional ideas about both the rise of class politics and the triumph of party between 1867 and 1914. The book emphasises the strongly gendered nature of party politics before the First World War and suggests that historians have greatly underestimated the continuing importance of the politics of place. Most importantly however *Speaking for the People* argues that we must break away from teleological notions such as the modernisation of politics, the taming of the popular or the rise of class. Only then will we understand the shifting currents of popular politics. *Speaking for the People* represents a major challenge to the ways in which historians and political scientists have studied the interaction between party politics and popular political cultures.

**Critiques of Capital in Modern Britain and America** M. Bevir, F. Trentmann, 2002-10-28 This book is an innovative collection of essays by a new generation of British and American historians and political theorists. Moving beyond a conventional action reaction view of capitalism and its critics, the volume explores how critical traditions and beliefs have helped to shape capitalism. Chapters follow diverse critiques in Britain and America and explore their Atlantic and imperial exchanges. The volume includes chapters on questions of law and property in the Victorian empire, traditions of land reform in nineteenth century America and Britain, the influence of American romanticism on British socialism, the role of Britain in American progressivism, American and British consumer protection, the evolution of trusteeship and ideas of cosmopolitan democracy, the third way and narratives of globalization. The editors' introduction offers a critical historiographical survey and by stepping beyond the dogmatic opposition between post modernists and empiricists provides a new research agenda for an integrated study of capitalism and its critics. *Political Science and Digitalization - Global Perspectives* Marianne

Kneuer, Helen V. Milner, 2019-07-29 Digitalization is not only a new research subject for political science but a transformative force for the discipline in terms of teaching and learning as well as research methods and publishing. This volume provides the first account of the influence of digitalization on the discipline of political science including contributions from 20 different countries. It presents a regional stocktaking of the challenges and opportunities of digitalization in most world regions. [Library of Congress Subject Headings](#) Library of Congress, 2004 *Historical Information Science* Lawrence J.

McCrack, 2001 Here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines. Its focus is on the access, preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media, technique and research trends in library special collections, digital libraries, electronic and data archives and museums. **Language Reclamation** Hubisi Nwenmely, 1996 Nwenmely community studies U of Reading first attended then taught London classes in Kweyol, an Afro-French creole. She draws on her experience and other sources to describe the origins and development of classes there and in the eastern Caribbean. She also discusses the linguistic and social reasons people study the language, the written support such as dictionaries and grammars, the role of
