

Comparative Analysis of Social Policy Studies

Volkan Aşkun^a, Rabia Çizek^b, Edina Ajanovic^c

Abstract

While social policy refers to measures taken by society to improve and provide services to meet health and welfare needs, social policy studies are concerned with aspects of public policy, market transactions, personal consumption and interpersonal relationships that contribute to the well-being or wealth of individuals and/or groups. There has been an increase in the number of studies in the field of social policy. The main purpose of this study is to show how the research papers published in this field have undergone an evolutionary change in terms of emphasis. With 4,697 articles from seven different journals over 50 years, the most influential authors in the field, the impact of journals, the most collaborating countries, the evolutionary process of social policy studies in three different periods and the differences in transformations in this process are revealed. The number of studies making a general evaluation in the field of social policy is limited. The originality of the study shows how the studies in the journals, which are seen as a period of approximately 50 years, have transformed in this process. This study is expected to be a road map for researchers on what areas they will focus on according to the social policy transformation.

Sosyal Politika Çalışmalarının Karşılaştırmalı Analizi

Özet

Sosyal politika, sağlık ve refah ihtiyaçlarının karşılanmasına yönelik hizmetlerin iyileştirilmesi ve sağlanması için toplum tarafından alınan önlemleri ifade ederken, sosyal politika çalışmaları, bireylerin ve/veya grupların refahına veya zenginliğine katkıda bulunan kamu politikası, piyasa işlemleri, kişisel tüketim ve kişiler arası ilişkilerin yönleriyle ilgilenir. Sosyal politika alanında yapılan çalışmaların sayısında son yıllarda bir artış gözlenmektedir. Bu çalışmanın temel amacı, bu alanda yayınlanan araştırma makalelerinin vurgu açısından nasıl evrimsel bir değişim geçirdiğini göstermektir. Yedi farklı dergiden 50 yılı aşkın sürede 4.697 makale ile alandaki en etkili yazarlar, dergilerin etkisi, en çok işbirliği yapılan ülkeler, sosyal politika çalışmalarının üç farklı dönemdeki evrimsel süreci ve bu süreçteki dönüşümlerin farklılıkları ortaya konulmaktadır. Sosyal politika alanında genel bir değerlendirme yapan çalışma sayısı sınırlıdır. Çalışmanın özgünlüğü, yaklaşık 50 yıllık bir dönem olarak görülen dergilerdeki çalışmaların bu süreçte nasıl dönüştüğünü göstermektedir. Bu çalışmanın araştırmacılara sosyal politika dönüşümüne göre hangi alanlara odaklanacakları konusunda bir yol haritası olması beklenmektedir.

Social Policy A Comparative Analysis

W. Arts, R. Muffels

Social Policy A Comparative Analysis:

Social policy; a comparative analysis Michael James Hill, 1996 A Handbook of Comparative Social Policy Patricia Kennett, 2006-01-01 Kennett has made a major contribution to the comparative study of social policy The book will undoubtedly serve as a major resource for social policy scholars and the editor is to be commended for taking on what must have been a Herculean task It is to be hoped that the book will be available in many university libraries It deserves to be widely consulted not only by those interested in international issues but by anyone concerned with the challenges facing the academic field of social policy today Journal of Sociology and Social Welfare This volume makes a heroic effort to transform the abstractions floating around in the literature on comparative social policy research into a more grounded discussion of what the policy controversies are all about The contributions in the book climb down the ladder of abstraction which asserts that context institutions and globalization all count and that the public private discourse has changed The book attempts to specifically show how these abstractions matter in recent social policy practice and research Martin Rein Massachusetts Institute of Technology US The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this impressive volume explores the contextual conceptual analytical and processual aspects of undertaking comparative social research In the first part the authors are concerned with de centring the state and extending the epistemological framework through which cross national analysis is explored In Parts II and III the focus is on the conceptual and theoretical frameworks for analysing social policy cross nationally while Part IV examines the day to day reality of preparing for and carrying out cross national analysis In the final section the authors highlight continuing and emerging themes and issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy **Patterns of Social Policy** Catherine Jones, 1985 **Solidarity in Health and Social Care in Europe** W. Arts, R. Muffels, 2013-03-14 OF SOLIDARITY IN UK SOCIAL WELFARE Here then perhaps is a British version of solidarity in social welfare but early there are strong tensions between the powerfully liberal individualistic strands of the British understanding of the functions of the state and the socialistic or communitarian tendency of a commitment to universal welfare provision In the search for the roots of this understanding of welfare we shall survey first the historical

background to these tensions in some early British political philosophers starting with Hobbes and ending with Mill We then consider the philosophical and social influences on the Beveridge Report itself and we will trace the emergence of the philosophy of the welfare state in the era following the Second World War Finally we consider the contemporary debate as it relates to the Third Way thinking of New Labour 2 A mSTORICAL SKETCH In the previous section we observed that the philosophy underlying the Beveridge Report could be described as liberal collectivism What are the historical antecedents of this strange amalgam of individualism and collectivism Within the short scope of this chapter any account of the philosophical history must be little more than a sketch but we can perhaps understand most debates in British socio political thought as a continuing dialogue with the well known claim of Thomas Hobbes in Leviathan that all political institutions are founded on egoistic motives

Comparative Social Policy Patricia Kennett,2001 This text explores the new context of social policy and considers how cross national theory and research can respond to the challenges facing welfare It is suitable for undergraduate and masters level students of social policy

Comparative Social Policy Jochen Clasen,1999-01-26

Comparative Social Policy provides students with an introduction to cross national social policy research conveying the fascinating and challenging issues involved in conducting research of this kind The book examines the theoretical conceptual and methodological approaches discusses prevailing concepts and reflects on methodological difficulties

Ideal Types in Comparative Social Policy Christian Aspalter,2020-12-06 This book introduces readers to the world of ideal types within the readings of Max Weber by giving a theoretical understanding of ideal types as well as applying the development of ideal types to an array of social policy arenas The 21st century has seen the development of welfare regime analysis marked by two differing strands real typical welfare regime analyses and ideal typical welfare regime analysis the latter focusing on the formation development and application of ideal types in general comparative social policy Designed to provide new theoretical and practical frameworks as well as updated in depth developments of ideal typical welfare regime theory this book shows how Weber s method of setting up and checking against ideal types can be used in a wide variety of policy areas such as welfare state system comparison comparative social and economic development health policy mental health policy health care system analysis gender policy employment policy education policy and so forth The book will be of interest to all scholars and students working in the fields of social policy including health policy public policy political economy sociology social work gender studies social anthropology and many more

Reclaiming Social Policy Arjan de Haan,2007-07-31 This book re evaluates the importance of social policies in shaping well being and combating exclusion and enhances understanding of how these policies are formed in a globalizing world It emphasises the context and path dependence of patterns and policies of inclusion and exclusion and provides a framework for supporting social policy making

Handbook on the Political Economy of Social Policy Bent Greve,Amílcar Moreira,Minna van Gerven,2024-05-02 Research in social policy has been greatly influenced by the emergence of modern political economy in the late 1970s The Handbook on the Political

Economy of Social Policy offers a systematic yet comprehensive framework for understanding how concepts theoretical standpoints and methodological approaches stemming from political economy have been applied to the study of social policies and models of welfare provision The authors also signpost current developments and discuss their likely impact on future research *The SAGE Handbook of Social Gerontology* Dale Dannefer, Chris Phillipson, 2010-08-13 This SAGE Handbook integrates basic research on social dimensions of aging It presents programmatic applications of research in areas not often seen in Handbooks including imprisonment technology and aging urban society aged and elderly migration The authors constitute a Who's Who of international gerontology and the focus on globalization and aging is unique among Handbooks today This Handbook should be in the library of every social gerontologist Vern L Bengtson Professor of Gerontology University of Southern California This volume reflects the emergence of ageing as a global concern including chapters by international scholars from Asia Australasia Europe and North America It provides a comprehensive overview of key trends and issues in the field drawing upon the full range of social science disciplines The Handbook is organized into five parts each exploring different aspects of research into social aspects of ageing Disciplinary overviews summaries of findings from key disciplinary areas within social gerontology Social relationships and social differences explores area like social inequality gender religion inter generational ties social networks and friendships Individual characteristics and change in later life examines different aspects of individual aging including self and identity cognitive processes and bio social interactions and their impact on physical and psychological aging Comparative perspectives and cultural innovations topics include ageing and development ageing in a global context migration and cross cultural perspectives on grandparenthood Policy issues covering policy concerns such as long term care technology and older people end of life issues work and retirement and the politics of old age This will be essential reading for all students researchers and policy makers concerned with the major issues influencing the lives of older people across the globe States of Welfare Joan Higgins, 1981

States of Welfare Joan Higgins, 1981-01-01 *Issues in Sociology and Social Work Research and Application: 2011 Edition*, 2012-01-09 Issues in Sociology and Social Work Research and Application 2011 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Sociology and Social Work Research and Application The editors have built Issues in Sociology and Social Work Research and Application 2011 Edition on the vast information databases of ScholarlyNews You can expect the information about Sociology and Social Work Research and Application in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Sociology and Social Work Research and Application 2011 Edition has been produced by the world's leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www>

ScholarlyEditions.com *De Gruyter Handbook of Contemporary Welfare States* Bent Greve, 2022-09-06 Globalisation regionalisation new technology demography voters expectations and re structuring of societies are expected to influence welfare state development for years to come This handbook analyses how different welfare state models and regimes will be able to cope with contemporary and future challenges providing a variety of evidence based tools that make it essential reading for students researchers and policy makers alike **Welfare and Inequality in Marketizing East Asia** Jonathan D. London, 2018-03-20 The world scale expansion of markets and market relations ranks among the most transformative developments of our times We can refer to this process by way of a generic if inelegant term marketization This book explores how processes of marketization have registered across East Asia's diverse social landscape and its implications for patterns of welfare and inequality While there has been great interest in East Asia's economic rise treatments of welfare and inequality in the region have been largely relegated to specialist literatures Proceeding from a synthetic critique of political economy this book places welfare and inequality at the center of a more encompassing comparative approach to political economy that construes countries as dynamic globally embedded social orders defined and animated by distinctive social relational and institutional features *Globalizing China - Social and Governance Reforms* Ka Ho Mok, 2022-12-30 Unlike most books which consider China's transformation and globalization over the last four decades by focusing on China's economic growth this book examines how the Chinese regime has handled the increasingly complex sociopolitical and socio economic challenges generated as a result of the country's economic growth and transformation challenges arising both from within the country and also from the external political environment Based on extensive original research the book outlines how China's economic development has generated social and governance pressures discusses the government's social educational and governance reforms and highlights how China's development experiences which differ from the Western economies with democratic political regimes have drawn increasing attention from other countries in the developing world as an example to follow **Rethinking Welfare and the Welfare State** Greve, Bent, 2022-05-06 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com Centralising the role of land and landowners Spatial Flood Risk Management brings together knowledge from socio economy public policy hydrology geomorphology and engineering to establish an interdisciplinary knowledge base on spatial approaches to managing flood risks **The Risk of Social Policy?** Nathalie Giger, 2011-03-07 The Risk of Social Policy uses a comparative perspective to systematically analyse the effects of social policy reforms and welfare state retrenchment on voting choice for the government It re examines twenty elections in OECD countries to show if and how social policy issues drive elections This book contributes to the existing literature by providing an empirical analysis of the electoral implications of social policy Giger asks the basic research question What are the electoral consequences of social policy performance and retrenchment More specifically the following questions are addressed in order to provide a systematic test of the topic Is

retrenchment indeed completely unpopular Do people punish the government for bad performance in the field of social policy And what are the political implications of such a punishment reaction does it affect the government composition It shows empirically that the risks of welfare state retrenchment to incumbent governments may be lower than previously thought and presents a theoretical framework for re examining the impact of retrenchment initiatives on election outcome Making an important contribution to studies in political economy and welfare by questioning the assumption that social policy is an inherently controversial policy field in times of elections The Risk of Social Policy will be of interest to scholars and students concerned with the interplay between government and citizens social policy and voting behaviour and the political economy of welfare

The European Social Model under Pressure Romana Careja,Patrick Emmenegger,Nathalie Giger,2019-07-11 The European Social Model is at a crossroad Although from the 1990s onwards the threat of an imminent crisis shaped much of the rhetoric surrounding the future of the welfare state disagreement within the academic community remains What is however increasingly clear is that with the global financial crisis and the Euro crisis that followed it the challenges the European Social Model faces have become more acute and demand action This volume launches a multifaceted inquiry into these challenges Each contribution written by renowned scholars in their fields represents an in depth exploration of issues that cut to the core of current political economic and social processes They are an invitation to the seasoned scholars as well as to the beginning students of social sciences public administration or journalism to engage with by now a large body of scholarship to accompany the authors in their endeavours to seek an explanation to burning questions and start their own inquiries

Minimum Income Protection in Flux I. Marx,K. Nelson,2012-11-19 The current economic crisis has presented itself as a formidable challenge to the welfare states of Europe It is more relevant than ever to ask do existing minimum income protection schemes succeed in adequately protecting citizens be it whether they are excluded from work working retired or having children Drawing on in depth and up to date institutional data from across Europe and the US this volume details the reality of minimum income protection policies over time Including contributions from leading scholars in the field each chapter provides a systematic cross national analysis of minimum income protection policies developing concrete policy guidance on an issue at the heart of the European debate

Whispering the Techniques of Language: An Psychological Journey through **Social Policy A Comparative Analysis**

In a digitally-driven earth wherever monitors reign supreme and quick interaction drowns out the subtleties of language, the profound strategies and psychological subtleties hidden within words usually move unheard. However, set within the pages of **Social Policy A Comparative Analysis** a captivating fictional treasure sporting with natural thoughts, lies an extraordinary journey waiting to be undertaken. Penned by an experienced wordsmith, that charming opus encourages readers on an introspective journey, gently unraveling the veiled truths and profound influence resonating within the very fabric of each and every word. Within the psychological depths of this moving review, we shall embark upon a heartfelt exploration of the book's primary subjects, dissect their fascinating writing type, and yield to the strong resonance it evokes serious within the recesses of readers' hearts.
