Alex Gitterman

Social Work With The Dying Patient And The Family:

Social Work Theory and Practice with the Terminally Ill Joan K Parry, 2014-04-08 Social Work Theory and Practice with the Terminally Ill second edition takes a compassionate look at ways that social workers can help dying people and their families The social workers who work most effectively with terminally ill patients and their families are the ones who best understand the multifaceted nature of the dying process and its impact on the the patient the family and even on the health care professionals who work with patients at the end of life Dr Parry who specializes in dying and bereavement offers astute observations on the stages of dealing with the diagnosis of a terminal illness and the impending death that patients and their families confront This updated second edition provides valuable new information on ways that social workers can help those with AIDS and their families on traumatic death from any cause and on the grieving processes of parents Social Work Theory and Practice with the Terminally Ill second edition also includes stimulating discussions on the interdisciplinary health team the grieving process professional burnout how social workers adapt to working with dying patients euthanasia and physician assisted dying living wills and patients rights In touching case studies this volume illustrates the particular needs and concerns of the terminally ill and their families impending losses financial worries job concerns pain unfinished business and spiritual needs and reviews successful interventions used by social workers to help patients and their families work through the dying process

Hospice Social Work Dona Reese, 2013-02-26 This is the first book to explore the history characteristics and challenges of hospice social work incorporating leading research into an underlying framework for practice and care A longtime hospice social work practitioner Dona J Reese describes the hospice social work role in assessment and intervention with individuals families groups organizations and the community while honestly confronting the personal and professional difficulties of such life changing work She introduces a well tested model of psychosocial and spiritual variables that predict hospice client outcomes and she advances a social work assessment tool that documents their occurrence Operating at the center of national leaders coordinated efforts to develop and advance professional organizations and guidelines for end of life care Reese reaches out with support and practice information helping social workers understand their significance in treating the whole person contributing to the cultural competence of hospice settings and claiming a definitive place within the hospice team

Social Work with the Dying Patient and the Family Elizabeth R. Prichard, 1977 Handbook of Social Work Practice with Vulnerable and Resilient Populations Alex Gitterman, 2014-06-03 Every day social workers deal with individuals families and groups struggling with problems that are often chronic persistent acute and or unexpected When community and family support systems are weak or unavailable and when internal resources fail these populations become vulnerable to physical cognitive emotional and social deterioration Yet despite numerous risk factors a large number of vulnerable people do live happy and productive lives This best selling handbook examines not only risk and vulnerability factors in disadvantaged populations but also resilience and protective strategies for managing and overcoming adversity

This third edition reflects new demographic data research findings and theoretical developments and accounts for changing economic and political realities and immigration and health care policy reforms Contributors have expanded their essays to include practice with individuals families and groups and new chapters consider working with military members and their families victims and survivors of terrorism and torture bullied children and young men of color

Social Work Theory and Practice with the Terminally Ill Joan K Parry,2014-04-08 Social Work Theory and Practice with the Terminally Ill second edition takes a compassionate look at ways that social workers can help dying people and their families The social workers who work most effectively with terminally ill patients and their families are the ones who best understand the multifaceted nature of the dying process and its impact on the the patient the family and even on the health care professionals who work with patients at the end of life Dr Parry who specializes in dying and bereavement offers astute observations on the stages of dealing with the diagnosis of a terminal illness and the impending death that patients and their families confront This updated second edition provides valuable new information on ways that social workers can help those with AIDS and their families on traumatic death from any cause and on the grieving processes of parents Social Work Theory and Practice with the Terminally Ill second edition also includes stimulating discussions on the interdisciplinary health team the grieving process professional burnout how social workers adapt to working with dying patients euthanasia and physician assisted dying living wills and patients rights In touching case studies this volume illustrates the particular needs and concerns of the terminally ill and their families impending losses financial worries job concerns pain unfinished business and spiritual needs and reviews successful interventions used by social workers to help patients and their families work through the dying process

Handbook of Social Work in Health and Aging Barbara Berkman,2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today

Cinemeducation Alexander Matthew,Patricia Lenahan,Anna Pavlov,2024-11-01 Companion volume to Cinemeducation Volume 1 Cinemeducation Volume 2 outlines a comprehensive approach to using film in graduate and medical education It provides

readers with a wide array of film excerpts ready for immediate application in the classroom Each excerpt includes the counter time year of release names of actors a short description of the movie and the scene being highlighted as well as discussion questions Entire chapters are dedicated to reality television mainstream television music videos documentaries and YouTube Clearly structured this second volume dives deep into human experiences Authors from five continents have composed 49 chapters devoted to a wide assortment of new topics relevant to medical and postgraduate healthcare education Some of the specific issues covered include substance abuse gambling dealing with tragedy diabetes heart disease chronic illness and obstetrics as well as mental health problems Some films portray health care professionals both positively and negatively and these are presented with rich detail A wide variety of specialties and different health careers are covered All of these areas converge on the common ground of compassion in the medical experience This book is ideal for the undergraduate or postgraduate classroom All healthcare educators will appreciate its comprehensive scope and innovative approach including those in psychology social services dentistry and veterinary science The Oxford Textbook of Palliative Social Work Terry Altilio, Shirley Otis-Green, John G. Cagle, 2022 It is so important to advocate for things that may not always seem possible Getting to work with patients families at the end of their life is the ultimate honor Lauren G Markham MSW LCSW APHSW C In this work one witnesses both depths of human suffering and heights of human transcendence that can inspire both awe and fear At those times I have found that surrendering my need to be an expert and instead allow myself to simply be a human is the wisest action Kerry Irish LCSW OSW C FAOSW Care of the Terminally Ill , 1980 **Social Work in Health and Mental Health** Tuula Heinonen, Anna Metteri, 2005 Social Work in Health and Mental Health Issues Developments and Actions was created for final year undergraduate and master s level students in the health and mental health fields It is primarily a book on social work practice discussing how one might approach a specific health or mental health related problem or issue as a social worker Health and mental health are conceptualized broadly in this volume The health and well being of body and mind are seen as integrally connected shaped by biological physics psychological material social and structural features and determinants Clients are viewed as active engaged agents with strengths and resources from which to draw in meeting everyday challenges and major life crises Contributions form around the world allow the social work student to learn about current practice in places as diverse as Australia Finland China South Africa Wales Canada and the United States Each chapter is accompanied by both reflection questions and a case study derived from practice and written to stimulate discussion that develops assessment and treatment planning skills **Handbook of Health Social Work** Sarah Gehlert, Teri Browne, 2011-10-13 Praise for HANDBOOK of HEALTH SOCIAL WORK SECOND EDITION Handbook of Health Social Work Second Edition is a crucial addition for seasoned practitioners libraries as well as an essential foundation for fledgling social workers ready to enter health as a practice and research area From the Foreword by Suzanne Heurtin Roberts U S Department of Health and Human Services The book s strengths include the high quality of

writing and the expertise of its contributors It covers the field of health social work in significant depth and is sure to leave readers well informed Mary Sormanti PhD MSW Associate Professor of Professional Practice Columbia University School of Social Work Quite simply this is the definitive volume for health and social work In this second edition Gehlert and Browne and their expert contributors have confidently managed to keep pace with current theory and empirical research across a wide range of subject matter that will be of interest to practitioners educators and researchers Michael Vaughn PhD Assistant Professor School of Social Work School of Public Health and Department of Public Policy Studies Saint Louis University Thoroughly revised and updated the only comprehensive handbook of its kind covering the diverse field of health social work Now in its Second Edition Handbook of Health Social Work provides a comprehensive and evidence based overview of contemporary social work practice in health care Written from a wellness perspective the chapters cover practice and research areas ranging from chronic disorders to infectious disease from physical to mental disorders and all areas in between An excellent resource preparing social workers for the present and future challenges of practice in the field of health care the Handbook of Health Social Work Second Edition features discussion on New trends in social work and health care including genetics transdisciplinary care as well as national and state changes in policy Health social work and children The wide array of roles performed by social workers in health care settings Ethical issues and decision making in a variety of arenas Understanding of community factors in health social work Edited by two respected leaders in the field of health social work this second edition includes contributions from a diverse team of notable experts researchers and scholars addressing multiple theoretical foundations models issues and dilemmas for the social worker in health care The resulting resource offers both a foundation for social work practice in health care and a guide for strategy policy and program development in proactive and actionable terms
