Sociological Readings And Rereadings Cardiff Papers In Qualitative Research Vol 4:

Sociological Readings and Re-readings (1996) Paul Atkinson, 2018-05-08 Published in 1996 this book comprises a number of essays by Paul Atkinson in which he reflects on processes of reading and writing in the social sciences Topics covered include ethnographers confessions an analysis of the style of Erving Goffman a reflection of his own experiences of re reading work and a discussion of the challenges of reading an alien discipline This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson Sara Delamont and Amanda Coffey The series publishes original sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff The series includes monographs reporting on empirical research edited collections focussing on particular themes and texts discussing methodological developments and issues **Forthcoming Books** Rose Arny, 1996-06 *The British National Bibliography* Arthur James Wells, 1996 American Book Publishing Record , 1996-09 **Qualitative Research and Hypermedia** Bella Dicks, Bruce Mason, Amanda Coffey, Paul Atkinson, 2005-10-14 Digital culture and digital technologies have rapidly become unavoidable and essential forms of social experience and communication in our emerging globalised society If we want to attempt to analyse and understand our technology saturated society and all its new media then we must also develop research methods and forms of analysis that can accommodate and exploit digital culture and digital technologies This important new methods text sets out to equip qualitative researchers with the tools necessary to conduct ethnography in the age of email and the internet It will investigate how digital technologies potentially transform the ways in which we do research This text also introduces the reader to new emerging methods that utilise new technologies and explains how to conduct data collection analysis and representation using new technologies and hypermedia Essential reading for any student or researcher interested in qualitative research in an age of hypermedia this text explains how digital technology impacts on social research investigates how digital technology has reshaped the field of social research consider the implications of bringing multimedia into the forefront of qualitative research suggests new ways of observing and documenting a technologised and design rich society enables the reader to use new technologies to handle and represent qualitative data unpacks the theoretical implications of writing and researching for the electronic screen *Qualitative Research in Social Work* Ian Shaw, Nick Gould, 2001-10-04 A really fine book an impressive work that adds much to the development of the use of qualitative methodology in social work research William J Reid University at Albany The back cover of the book proclaims that Qualitative Research in Social Work will be essential reading for all students practitioners and researchers undertaking social work research That just about sums it up for me British Journal of Social Work This book is a significant milestone in the development of social work research It is characterized by an unparalleled command of the field of qualitative research in social work and by a commitment to an understanding of the demands and potential of day to day social work practice Mike Fisher Director of Research National Institute for Social Research Qualitative Research in Social

Work edited by Ian Shaw and Nick Gould provides a state of the art exposition and analysis of qualitative inquiry in relation to social work. The book has an unusual degree of coherence for one with several authors. The five chapters by the editors, parts one and three do an exceptional job of providing the necessary background information and setting the context for the six application chapters and of highlighting and discussing the issues raised in those chapters. The editors are respected scholars well versed in the theory and practice of qualitative research. Similarly the contributing authors represent both considerable experience in this field and a diversity of interests. This combination makes *Qualitative Research in Social Work* an excellent text for students, practitioners and researchers alike. It is a benchmark for social work progress in this area and points the way for the continued development of qualitative inquiry. Professor Stanley L Witkin, Department of Social Work, University of Vermont. There is a clear need for a book which treats qualitative research as a substantive theme within social work, setting epistemological and methodological issues in a context whereby the agenda is set by and is relevant to social work. *Qualitative Research in Social Work* is just such a book and will be immensely useful for students, practitioners and researchers interested in and undertaking social work research. In the introductory chapters the co-authors set qualitative research within a context of social work developments and problems. The central section provides additional topicality and directness through specially commissioned chapters from leading figures in this field, each covering key qualitative methods and relating them to social work settings, and the final section which reviews qualitative research in social work and aims to exemplify ways in which social work thought and practice can be advanced through research. *Cardiff Papers in*

Qualitative Research, 1997. **Doing Qualitative Research in Social Work** Ian Shaw, Sally Holland, 2014-05-16. Bringing key developments and debates together in a single volume, this book provides an authoritative guide for students and practitioners embarking on qualitative research in social work and related fields. Frequently illustrated with contemporary and classic case examples from the authors' own empirical research and from international published work, and with self-directed learning tasks, the book provides insight into the difficulties and complexities of carrying out research as well as sharing success stories from the field. Shaw and Holland have long experience of writing for practitioners and students and in making complex concepts accessible and readable, making this an ideal text for those engaging in qualitative social work research at any level. Ian Shaw is a Professor of Social Work at the University of York and at the University of Aalborg. Sally Holland is a Reader in Social Work at the School of Social Sciences in Cardiff University. **Qualitative Research, Volume 4** Alan Bryman, 1999. **Qualitative Research Methods** Darin Weinberg, 2001-10-22. *Qualitative Research Methods* is an indispensable definitive collection of readings for students undertaking any kind of social science inquiry. These readings represent the finest classic and contemporary scholarship in the field. **The SAGE Handbook of Qualitative Research** Norman K. Denzin, Yvonna S. Lincoln, 2011-04-27. Now in its fourth edition, this handbook is an essential resource for those interested in all aspects of qualitative research and has been extensively revised and updated to cover new topics including

applied ethnography queer theory and auto ethnography **Making Sense of Qualitative Data** Amanda Jane Coffey, Paul A. Atkinson, 1996-04-03 After a research project has been designed and the data have been gathered what is the best way to transform the myriad varieties of data into something useful Authors Amanda Coffey and Paul Atkinson underscore the diversity of approaches at the disposal of the qualitative researcher by using a single data set doctoral students and faculty members in social anthropology that they analyze using a number of techniques User friendly and accessible Making Sense of Qualitative Data is not intended as a comprehensive cookbook of methods It describes and illustrates a number of key complementary approaches to qualitative data and offers practical advice on the many ways to analyze data which the reader is encouraged to explore and enjoy Practical and straightforward with special attention paid to the possibilities in computer aided analysis Making Sense of Qualitative Data is an invaluable resource to students and professionals in qualitative and research methods sociology anthropology communication management and education **Key Themes in Qualitative Research** Paul Atkinson, Amanda Coffey, Sara Delamont, 2003-04-16 Key Themes in Qualitative Research is an attempt by three well respected ethnographic researchers to present a balanced view of qualitative methodology and research The book is structured around classic texts written by methodological pioneers which comprise the basic foundation of modern qualitative research The authors examine key premises in these texts such as intimacy advocacy and validity and how they may be supported redesigned or made problematic in today's field This allows for a critical analysis of Old Guard vs Avant Garde ideas and provides for the reader a guide to wade through the proliferation of texts and theories available since the postmodern turn While not designed as a primer in qualitative research methods anyone with modest experience in the field should find this book extremely useful **Qualitative Research** David Silverman, 2016-06-16 A who's who of methodologists this book introduces students to the big picture of qualitative research teaching both the why and the how to of getting started selecting a method and conducting research and data analysis With practical tips summaries exercises and further reading each chapter is like a masterclass from a leading scholar in qualitative research New to the fourth edition A streamlined structure to guide readers step by step through the research process Substantial new section with 4 chapters on how to collect and analyse online data A new chapter on reflexive ethnography More hands on advice on how to conduct research at every stage making this a perfect field handbook Updated reading lists provide a go to guide to the literature and help improve citations The most comprehensive qualitative research book available this is the perfect all in one companion for any student embarking on a qualitative research course or project **Keywords in Qualitative Methods** Michael Bloor, Fiona Wood, 2006-08-25 An essential companion for students across the social and health sciences this text provides a wide ranging coverage of qualitative methods complemented by extended illustration from the array of academic disciplines in which qualitative research is found and employed Written in a lively and reader friendly style the guide covers a comprehensive range of topics including a concise definition of the method a description of distinctive features examples to

convey the flavour of a technique or principle a critical and reflective evaluation of the method or approach under consideration cross references to associated concepts within the dictionary a list of key readings

Qualitative Studies in Social Work Research Catherine Kohler Riessman, 1994 Sociology and psychology are experiencing an increase of interest in qualitative methods yet existing literature emphasizes quantitative methods *Qualitative Studies in Social Work Research* provides actual examples of social work investigators working systematically with data in alternative ways A diversity of qualitative approaches are represented including field observations interviews organizational documents and literary narratives The studies all by social workers range from examining surface content to analysis of deep structures of discourse Among the social work problems examined are isolation of the chronically ill child welfare sexual abuse and what happens when the homeless apply for welfare This much needed volume is perfect for students *Qualitative Studies in Social Work Research* will also be of interest to practitioners looking for empirically based insights This edited collection is a first rate celebration of the diversity of methods used in qualitative research What I found most unique about this collection is that the articles do not simply present findings instead they locate the findings within the oftentimes frustrating process of doing research and making sense out of it I strongly recommend this book for qualitative methods courses in sociology Rosanna Hertz Wellesley College and Coeditor *Qualitative Sociology Reading* this innovative compilation of social work studies provides a wonderful opportunity to explore the strengths and perhaps underexamined limitations of qualitative reports The reports are vibrant and directly convey the language of the participants Affect comes across vividly Characters stand out We do understand participants unique experiences Social workers now have a basis for the exploration of their own qualitative studies It is an important and timely contribution *Smith College Studies in Social Work* This useful volume offers alternatives to the dominant quantitative paradigm in social research It provides exemplary studies of social work problems using a diversity of qualitative approaches Fokus p Familien Focus on the Family

Qualitative Research Johnny Saldana, Matt Omasta, 2016-12-19 *Qualitative Research Analyzing Life* presents a fresh approach to teaching and learning qualitative methods for social inquiry one that focuses on analysis from the very beginning of the text By exploring qualitative research through a unique analytic lens then cumulatively elaborating on methods in each successive chapter this innovative work cultivates a skill set and literacy base that prepares readers to work strategically with empirical materials in their own fieldwork Renowned authors Johnny Salda a and Matt Omasta combine clear accessible writing and analytic insight to show that analysis in its broadest sense is a process undertaken throughout the entire research experience

Strategies of Qualitative Inquiry Norman K. Denzin, Yvonna S. Lincoln, 2012-10-24 This book is the second of three paperback volumes taken from *The SAGE Handbook of Qualitative Research Fourth Edition* This volume isolates the major strategies historically the research methods that researchers can use in conducting concrete qualitative studies The question of methods begins with questions of design and the matters of money and funding These questions always begin with the researcher who moves

from a research question to a paradigm or perspective and then to the empirical world The history and uses of these strategies are explored extensively in this volume The chapters move from forms and problems with mixed methods inquiry to case study performance and narrative ethnography to constructionist analytics to grounded theory strategies testimonies participatory action research and clinical research *Reworking Qualitative Data* Janet Heaton, 2004-03-02 What is qualitative secondary analysis How can it be most effectively applied in social research This timely and accomplished book offers readers a well informed reliable guide to all aspects of qualitative secondary analysis The book Defines secondary analysis Distinguishes between quantitative and qualitative secondary analysis Maps the main types of qualitative secondary analysis Covers the key ethical and legal issues Offers a practical guide to effective research Sets the agenda for future developments in the subject Written by an experienced researcher and teacher with a background in sociology the book is a comprehensive and invaluable introduction to this growing field of social research **Analyzing Qualitative Data** Alan Bryman, Bob Burgess, 2002-09-09 This major inter disciplinary collection edited by two of the best respected figures in the field provides a superb general introduction to this subject Chapters include discussions of fieldwork methodology analyzing discourse the advantages and pitfalls of team approaches the uses of computers and the applications of qualitative data analysis for social policy Shrewd and insightful the collection will be required reading for students of the latest thinking on research methods
