Soup Travis Haugen, 2018-10-17 Scott Yonge exploded onto the national consciousness at the 2001 Garrett Awards and quickly rose to legendary status on the wings of his music and his whirlwind romance with independent film actress Michelle Zoe. What should have been a perfect life was interrupted by an ultra-right wing militant group called the American Freedom Force and its leader Colonel Randall, who forces Scott to choose between his life and that of his son. After his heroic sacrifice, his family is left to pick up the pieces and forge ahead to a future in the vacuum he left behind. Now in 2021, his son Hedley inherits music for himself, becoming a star in his own right as technology gives new life to the medium. Scott's daughter, affectionately known as Soup, throws herself into unravelling the mysteries of her family's history. Michelle commits herself to keeping them all together and trying to make sense of life without the one she loves. Through it all, the AFF looms in the shadows, threatening to resurrect the pain they have just begun to overcome. In the first of his new series, Travis Haugen explores the reaches of the near future through his love of music, technology, and the unbreakable bonds of family. This book includes access to twenty-four original songs created by the author to bring the story and its characters to life. Link to Music www.soupsyz.com

A South You Never Ate Bernard L. Herman, 2019-08-20 Nestled between the Chesapeake Bay and the Atlantic Ocean and stretching from Hampton Roads to Assateague Island, Virginia's Eastern Shore is a distinctly southern place with an exceptionally southern taste. In this inviting narrative, Bernard L. Herman welcomes readers into the communities, stories, and flavors that season a land where the distance from tide to tide is often less than five miles. Blending personal observation, history, memories of harvests and feasts, and recipes, Herman tells of life along the Eastern Shore through the eyes of its growers, watermen, oyster and clam farmers, foragers, church cooks, restaurant owners, and everyday residents. Four centuries of encounter, imagination, and invention continue to shape the foodways of the Eastern Shore of Virginia, melding influences from Indigenous peoples, European migrants, enslaved and free West Africans, and more recent newcomers. Herman reveals how local ingredients and the cooks who have prepared them for the table have developed a distinctly American terroir, the flavors of a place experienced through its culinary and storytelling traditions. This terroir flourishes even as it confronts challenges from climate change, declining fish populations, and farming monoculture. Herman reveals this resilience through the recipes and celebrations that hold meaning not just for those who live there but for all those folks who sit at their tables and other tables near and far.
