Richard E. Bopp, Linda C. Smith

Sourcebook F Bibliographic Instruction:

Reference and Information Services Richard E. Bopp, Linda C. Smith, 2011-05-23 Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions In Part I Concepts and Processes chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web In Part II Information Sources and Their Use discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries A number of new authors are contributors to this new edition bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries Discussions of services in Part I integrate digital reference as appropriate to each topic such as how to conduct a reference interview online using instant messaging Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources Each chapter concludes with an updated list of additional readings to guide further study A new companion website will provide links to Web accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text

The School Librarian's Sourcebook Claire Rudin, 1990 Grade level 1 2 3 4 5 6 7 8 9 10 11 12 p e i s t *Resources in Education* , 2000-10 Library Literature H.W. Wilson Company, 1934 An index to library and information science

Chemical Librarianship Arleen N Somerville, 2013-10-18 As early as the 18th century chemists emphasis on up to date literature presented research librarians with many challenges But now Chemical Librarianship Challenges and Opportunities will show you how you can adapt your methods to the rapidly evolving demands of twentieth century chemical researchers without sacrificing your high standards of service Altogether this comprehensive overview helps you see the major role librarians still play in information education and gives you a broad assortment of strategies for coping with the accelerated demands of today s shifting electronic research environment In Chemical Librarianship you ll read about the revolutionary pedagogical experiments of librarians teachers computer specialists and graduate students You ll see how those experiments have altered the way they approach research for the better and how you can make positive adjustments in your own successful formulae Individual chapters discuss librarians as teachers the pros and cons of integrating separating chemical information courses faculty and computing staff partnership at the University of Florida Yale University s experiment with The Electronic Seminar System the evolution of electronic journals the most recent trends in academic serial collection Take 100 mg of quickly changing research technology a drop of increased enrollment and

250 cc s of faculty requests shake it up in an Erlenmeyer flask heat it at 200 degrees Celsius and what do you get An explosion A disaster If these are your fears put them away Open up Chemical Librarianship and let some of the most informed experts on research and technology help you and your staff find just the right chemistry RQ. ,1994

Measuring the Difference Catherine Mary Burroughs,2000 The underlying theme of this book is that planning and evaluating an outreach initiative is one and the same process and that asking the right questions at the beginning is essential for getting useful results at the end Moreover the guide is practical in purpose theory based and offers a range of methodological possibilities and strategies that can be adapted to the most simple or complex outreach projects The book covers areas from rural to urban to inner city and spans a diversity of racial ethnic and cultural community settings
