

SOURCEBOOK FOR CHILD ABUSE AND NEGLECT

**Intervention, Treatment, and Prevention
Through Crisis Programs**

Edited by

OLIVER C. S. TZENG and JAMIA JASPER JACOBSEN

With Twenty-One Contributors

The most effective and cost efficient approach to the intervention, treatment, and prevention of child abuse and neglect is through the development of a community-based crisis service system. This sourcebook compiles the knowledge and information necessary to develop and operate such a system in communities of differing sizes, regions, and socioeconomic conditions. The book opens with a theoretical model that addresses the fundamental principles used to combat child abuse and neglect problems within each community. Then, based on this theoretical model, following chapters discuss three basic areas of concern: legal foundations, roles and performance of crisis programs within the community-based service system; organization of crisis and care facilities; and missions, functions, and evaluations of crisis programs. Practitioners, educators, researchers, and students will find this book to be an invaluable resource.
