Hallowell, 2018-06-12 From the bestselling author of the classic book on ADD Driven to Distraction a memoir of the strange upbringing that shaped Dr Edward M Hallowell's celebrated career When Edward M Hallowell was eleven a voice out of nowhere told him he should become a psychiatrist A mental health professional of the time would have called this psychosis But young Edward Ned took it in stride despite not quite knowing what psychiatrist meant With a psychotic father alcoholic mother abusive stepfather and two so called learning disabilities of his own Ned was accustomed to unpredictable behavior from those around him and to a mind he felt he couldn't always control The voice turned out to be right Now decades later Hallowell is a leading expert on attention disorders and the author of twenty books including Driven to Distraction the work that introduced ADD to the world In *Because I Come from a Crazy Family* he tells the often strange

story of a childhood marked by what he calls the WASP triad of alcoholism mental illness and politeness and explores the wild wish surging beneath his incredible ambition that he could have saved his own family of drunk crazy and well intentioned eccentrics and himself *Because I Come from a Crazy Family* is an affecting at times harrowing ultimately moving memoir about crazy families and where they can lead about being called to the mental health profession and about the unending joys and challenges that come with helping people celebrate who they are A portion of the author s proceeds of this book will go to NAMI National Alliance on Mental Illness *Proof Positive* Karen L. Anderson,1996-01-01 *Sourcebook for the History of the Philosophy of Mind* Simo Knuuttila,Juha Sihvola,2013-10-23 Fresh translations of key texts exhaustive coverage from Plato to Kant and detailed commentary by expert scholars of philosophy add up to make this sourcebook the first and most comprehensive account of the history of the philosophy of mind Published at a time when the philosophy of mind and philosophical psychology are high profile domains in current research the volume will inform our understanding of philosophical questions by shedding light on the origins of core conceptual assumptions often arrived at before the instauration of psychology as a recognized subject in its own right The chapters closely follow historical developments in our understanding of the mind with sections dedicated to ancient medieval Latin and Arabic and early modern periods of development The volume s structural clarity enables readers to trace the entire progression of philosophical understanding on specific topics related to the mind such as the nature of perception Doing so reveals the fascinating contrasts between current and historical approaches In addition to its all inclusive source material the volume provides subtle expert commentary that includes critical introductions to each thematic section as well as detailed engagement with the central texts A voluminous bibliography includes hundreds of primary and secondary sources The sheer scale of this new publication sheds light on the progression and discontinuities in our study of the philosophy of mind and represents a major new sourcebook in a field of extreme importance to our understanding of humanity as a whole **Communication Research Measures II** Rebecca B. Rubin,Alan M Rubin,Elizabeth E. Graham,Elizabeth M. Perse,David Seibold,2010-04-26 Expanding and building on the measures included in the original 1994 volume *Communication Research Measures II A Sourcebook* provides new measures in mass interpersonal instructional and group organizational communication areas and highlights work in newer subdisciplines in communication including intercultural family and health It also includes measures from outside the communication discipline that have been employed in communication research The measures profiled here are the best of the best from the early 1990s through today They are models for future scale development as well as tools for the trade and they constitute the main tools that researchers can use for self administered measurement of people s attitudes conceptions of themselves and perceptions of others The focus is on up to date measures and the most recent scales and indexes used to assess communication variables Providing suggestions for measurement of concepts of interest to researchers inspiring students to consider research directions not considered previously and supplying models for scale

developers to follow in terms of the work necessary to produce a valid and reliable measurement instrument in the discipline the authors of this key resource have developed a significant contribution toward improving measurement and providing measures for better science      **Communication Research Measures III** Elizabeth E.
