South African Dispatches Letters To My Countrymen:

South African Dispatches Donald Woods,1988 **South Africa and the International Media, 1972-1979** James Sanders,2012-10-12 This book studies the Anglo American media's representation of South Africa in the 1970s the international media is shown to have been under continuous pressure from both the South African Dept of Information and the anti apartheid movement **Flashpoint** Derek Charles Catsam,2021-08-28 Forty years ago a South African rugby tour in the United States became a crucial turning point for the nation's burgeoning protests against apartheid and a test of American foreign policy In Flashpoint How a Little Known Sporting Event Fueled America's Anti Apartheid Movement Derek Charles Catsam tells the fascinating story of the Springbok's 1981 US tour and its impact on the country's anti apartheid struggle The US lagged well behind the rest of the Western world when it came to addressing the vexing question of South Africa's racial policies but the rugby tour changed all that Those who had been a part of the country's tiny anti apartheid struggle for decades used the visit from one of white South Africa's most cherished institutions to mobilize against both apartheid sport and the South African regime more broadly Protestors met the South African team at airports chanted outside their hotels and courted arrests at matches which ranged from the bizarre to the laughable with organizers going to incredible lengths to keep their locations secret In telling the story of how a sport little appreciated in the United States nonetheless became ground zero for the nation's growing anti apartheid movement Flashpoint serves as a poignant reminder that sports and politics have always been closely intertwined **War of Words** Benjamin Pogrund,2000-03-07 When Benjamin Pogrund one of South Africa's most distinguished journalists first began his career as a young reporter in the 1950s There had been little reason at that stage to believe that anything revolutionary was about to start As the African affairs reporter and then deputy editor it was Pogrund who first brought the words of black leaders like Robert Sobukwe and Nelson Mandela to the pages of South Africa's leading newspaper the Rand Daily Mail This was the period of apartheid in South Africa and for most of the next thirty years the Rand Daily Mail was the country's liberal white voice against the tyranny of the Afrikaner Nationalist government A riveting memoir and a complex commentary on apartheid and freedom of the press War of Words offers an insider's perspective on one of the most turbulent and arguably one of the most significant periods in modern history **Africa** Air University (U.S.).
