**Moby-Duck** Donovan Hohn,2011-03-03 Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science adventure and modern myth When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea he figured he would interview a few oceanographers talk to a few beachcombers and read up on Arctic science and geography But questions can be like ocean currents wade in too far and they carry you away Hohn s accidental odyssey pulls him into the secretive world of shipping conglomerates the daring work of Arctic researchers the lunatic risks of maverick sailors and the shadowy world of Chinese toy factories Moby Duck is a journey into the heart of the sea and an adventure through science myth the global economy and some of the worst weather imaginable With each new discovery Hohn learns of another loose thread and with each successive chase he comes closer to understanding where his castaway quarry comes from and where it goes In the grand tradition of Tony Horwitz and David Quammen Moby Duck is a compulsively readable narrative of whimsy and curiosity      AB Bookman's Weekly ,1996      **On God's Payroll** Arno W.

Schroeder, 2024-09-12 On God's Payroll From the Depression Era Prairies of South Dakota to the WWII Islands of the South Pacific and Back is the compilation of over two hundred handwritten personal stories of the unique and full life of Arno W Schroeder. Arno's life told through his own words reflects his deep personal faith in God, formative years far different than those experienced by today's youth, and a life filled with unique experiences including those of a twenty-year-old Marine fighting and surviving the frontline battles of Okinawa during WWII. Taken individually as they were written, the topics of the stories are broad and wide ranging from historical, informative, and humorous to serious, silly, and reflective. But assembled as a collection, the individual stories become a book of the history of the Great Depression, the crazy antics of a restless, overactive young farm lad who said of himself, "when I think of all the silly, dumb, stupid, crazy, unexpected, and unusual things I always seemed to be doing, maybe I was all the entertainment my family could handle." The lifelong impact war has on those that have fought to defend America's freedoms and the vastly different life experiences between individuals of the Greatest Generation and subsequent generations just to name a few. *Proceedings* Raul Valdez, 1989
