M. Spellman, 2020-09-16 This lively synthesis of global history since the end of World War II offers a gripping account of an interdependent world and the challenges facing individuals in the 21st century The narrative is arranged around two key tensions the struggle between socialism and free market capitalism and the interaction between cultural fragmentation and the competing integrative force of globalization Considering the historical experience of Africa Asia and Latin America as well as the West it addresses the ever expanding gulf between the developed North and developing South and the environmental impact of development on the planet s delicate ecosystems Authoritative and well written this is an ideal introductory guide for undergraduate and postgraduate students taking courses on global history since 1945 It is also a fascinating primer for anyone with an interest in global history and the issues affecting the globe today New to this Edition Updated to cover events since 2006 including the conflicts in Afghanistan Iraq and Syria China s economic and military advance to great power status the refugee crises and the global financial crisis of 2008 New material on the international drugs trade global opioid crisis and healthcare implications Expanded material on social media Updated material on environmental issues considering US disengagement from traditional global partners in the area of climate change and the Trump administration s distrust of climate science and executive roll back of established environmental laws More social history especially coverage of women and recent developments around issues of sexuality Expanded section on Islam to include developments within the mainstream as opposed to radical tradition worldwide and current historiography **A Concise History of Afghanistan-Central Asia and India in 25 Volumes** HAMID ALIKUZAI, 2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan

but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high [A Concise History of Southeast Asia](#) Arthur Gordon Melvin,1966 [The Cambridge History of Southeast Asia](#) Nicholas Tarling,1999 Volume 2 discusses Southeast Asia s interaction with foreign countries during the period c 1500 to c 1800 [A Concise History of U.S. Foreign Policy](#) Joyce P.
