referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Saudi Arabia *Saudi Arabia in the Oil Era* Pbdirect Mordechai Abir,2020-07-26 Saudi Arabia has undergone a rapid social and economic transformation When Ibn Saud declared the nation a unified kingdom in 1932 the majority of its population was nomadic and lived in a state of poverty or semi poverty Now the processes of modernisation financed by the exploitation of the country's vast oil reserves have produced a prosperous and predominantly urban population However this social change has not been without its tensions the emergence of a rising middle class has called into question the monopoly of power of the House of Saud its involvement in the kingdom's economy and its oil and foreign policy while the rapid urbanisation of the rural population has eroded the traditional social structures and has not solved but in some cases promoted social division This book first published in 1988 explores the recent history of the Saudi oil state in an analysis of the struggle for social and political power in modern Saudi Arabia *Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia)* Anthony Cordesman,2020-07-26 Saudi Arabia's strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force **Saudi Arabia Diplomatic Handbook Volume 1 Strategic Information and Developments** IBP USA,2013-08 Saudi Arabia Diplomatic Handbook Strategic Information and Developments **State, Society and Economy in Saudi Arabia (RLE Saudi Arabia)** Tim Niblock,2015-02-20 Saudi Arabia is one of the most important countries in the modern world Not only does it possess some 25 per cent of the world's proven oil reserves it also plays a crucial role in the wider Gulf region where over 50 per cent of proven reserves are located Developments in Saudi Arabia will inevitably affect the economic well being of the Western industrialised world Japan and much of the Third World At the same time Saudi Arabia is ruled in a traditional way by an all powerful king and royal family and is one of the key countries of Islam the Holy City of Mecca being within the country's boundaries The inroad of modern Western forces into this traditional Islamic society is underlined by the fact that many key posts are filled with imported Western workers This book first published in 1982 containing contributions by the world's leading Middle Eastern experts

provides a comprehensive overview of important social political and economic developments in Saudi Arabia The opening chapters consider the formation of the Saudi State and the bulk of the book surveys key themes such as political opposition the oil industry energy policy banking external relations and the future direction of development **China-Saudi Arabia Relations, 1990-2012** Naser M.
