Facing South David Bowman, Anita Parlow, Carl Abbott, Wayne Greenhaw, Allen Tullos, John Siceloff, Bill Finger, Valerie Quinney, Chip Hughes, Alvin Rosenbaum, Susan Moss, Throughout the country and even this region people view the South through myth and stereotype It s not surprising If they turn to newspapers to television and radio to popular films and literature to most history books and folklore they encounter these distortions They find insulting portraits of Southerners whitewashed presentations of southern economics and politics selective visions of history misunderstandings of relationships between people and between people and their land and work Many trivial qualities are romanticized other important ones are totally ignored Blacks are presented only as victims of racism and labor struggles are completely forgotten This view is inevitable when people simply treat the South as an aberration of mainstream America or a remnant of some past culture We at Southern Exposure look at the South from another perspective This is our home we are of it and examine it that we may know more of ourselves and our neighbors These are the politics and culture that surround us and affect us daily that we must analyze praise and attack so our lives can grow and prosper And this is the ground from which we must view the larger world By listening to local tobacco farmers discuss the pressures on them to expand or die we can better understand Earl Butz s plan for US agribusiness By hearing a bluesman s story we come to appreciate how a particular culture evolves from material hardship and inspires immense creativity *National Union Catalog* ,1978 *Current Book Review Citations* ,1977 *The Publishers Weekly* ,1911 *The Library Journal Book Review* R. R. Bowker LLC,1977 *AB Bookman's Weekly* ,1991 **The Publishers' Trade List Annual** ,1985 **Southern Exposure** ,1975 **The Alabama Librarian** ,1975 **Contemporary Poets, Dramatists, Essayists, and Novelists of the South** Robert A. Bain, Joseph M. Flora, 1994-11-07 From the early 20th century to the present Southern literary talent has flourished The newer poets dramatists essayists and novelists of this region often use their writings to explore the changing social values of the South while also drawing upon traditional Southern values and culture This reference work is a guide to the writings of 50 contemporary Southern poets dramatists essayists and novelists Many of the authors profiled in this volume have established

themselves as writers of lasting significance. However, the book also profiles the careers and work of authors who are emerging only now as masters of their art. Each chapter in this book is devoted to a single author and arranged alphabetically for the reader's convenience. Each is written by an expert on the author and includes a biographical sketch, a discussion of major themes, a survey of criticism, and a bibliography of works by and about the author. An introductory essay overviews modern Southern writing, and a selected general bibliography concludes the work. **Subject Catalog** Library of Congress, 1976 *Subject Catalog, 1976* Library of Congress, 1976
