Southern Family:

Redeeming the Southern Family Scott Stephan, 2011-12-01 In the years leading up to the Civil War southern evangelical denominations moved from the fringes to the mainstream of the American South Scott Stephan argues that female Baptists Methodists and Presbyterians played a crucial role in this transformation While other scholars have pursued studies of southern evangelicalism in the context of churches meetinghouses and revivals Stephan looks at the domestic rituals over which southern women had increasing authority from consecrating newborns to God's care to ushering dying kin through life's final stages Laymen and clergymen alike celebrated the contributions of these pious women to the experience and expansion of evangelicalism across the South This acknowledged domestic authority allowed some women to take on more public roles in the conversion and education of southern youth within churches and academies although always in the name of family and always cloaked in the language of Christian self abnegation At the same time however women's work in the name of domestic devotion often put them at odds with slaves children or husbands in their households who failed to meet their religious expectations and thereby jeopardized evangelical hopes of heavenly reunification of the family Stephan uses the journals and correspondence of evangelical women from across the South to understand the interconnectedness of women's personal family and public piety Rather than seeing evangelical women as entirely oppressed or resigned to the limits of their position in a patriarchal slave society Stephan seeks to capture a sense of what agency was available to women through their moral authority

Nalley, A Southern Family Story Evelyn McCollum, 2002-12-26 Nalley A Southern Family Story is filled with stories that make the Nalley family come alive This book is not a genealogical record although genealogy is included The opening chapter portrays the illustrious life of the enigmatic patriarch George Burdine Nalley An active minister in the Wesleyan church for eleven years he fell from grace because of his involvement with another woman and he had the audacity to bring the other woman to live in the house with his wife Emma Burns and their children The next twelve chapters depict the lives of the twelve children nine boys and three girls Since all of them are deceased their stories were written by their children as they remember their parents and their own childhoods These stories give a picture of life in a less sophisticated time in the rural south when people lived off the land and had none of the modern conveniences that we enjoy today Nalley A Southern Family Story chronicles 170 years in the life of a family In one chapter the dates of births marriages and deaths of this line of the family are interwoven into national and world events Another chapter gives statistical information on the numerous family members including a chronological list of the births marriages and deaths of the twelve children and ninety four grandchildren Newspaper clippings are included of the obituaries of the twelve children and their spouses as well as accounts of the tragic deaths which have occurred Information on places and events pertinent to the family is recorded The family reunion which began the year after George Burdine's untimely death in 1914 and continues to this day Camp meeting where families lived for two weeks under conditions even more primitive than at home while they

worshipped their God got caught up on family news and renewed acquaintance with old friends Fairview Methodist Church where many baptisms weddings and funerals of the Nalley clan took place and where many of them are buried Central Wesleyan College which the Rev G B Nalley was instrumental in founding This is a book that you can sit down and read but it is more than that It is a reference book that you can refer to over and over again when you are discussing family trying to remember who was older who married first when someone died and the endless number of other facts and fallacies that we Nalleys talk and argue about when we get together In addition this book is a social history of the way life was lived in those days as Daddy used to say When I think of how much change has occurred in the last one hundred years I am grateful that we have this written record of how our forefathers and foremothers actually lived Here it is as complete as I can make it the history of the George Burdine and Emma Burns Nalley family I hope you enjoy reading it and referring to it as much as I have enjoyed putting it together If you have a drop of Nalley blood flowing through your veins you will want to own a copy of this book for your library

Affection and Estrangement: a Southern Family Memoir Preston M. Browning Jr.,2009-10-30 Preston Browning Jr entered the world in 1929 a few months before the Crash and the onset of the Great Depression In Culpeper Virginia Browning grew up amid the pervasive poverty of the times where he recalls being labeled by his father as the worlds worst grouch led in song by Miss Lizzy Lovellwho banged on the piano at the local Episcopal church and seated astride a cow who needed a lot of convincing to take him for a ride around the pasture beyond his house With humor and exceptional detail Browning shares a lively memoir that focuses on his coming of age

journey and subsequent experiences in the rural South during the 1930s and 1940s providing a compelling glimpse into how his family and others helped shape his emerging sense of self his convictions and his character While providing snippets about the era and sketches of more than twenty relatives and ancestors that include an amusing retelling about his Uncle Sweets experiences at a hoochie coochie show Browning details the fascinating legacy of his Southern upbringing during a time when a struggle for racial economic and social justice prevailed in America In this inspiring memoir a Southerner reminisces about small town Virginia before during and after the Great Depression through entertaining stories about his unconventional ancestors his immediate family and his own experiences

A Southern Family in White and Black Douglas Hales, 2003 The complex issues of race and politics in nineteenth century Texas may be nowhere more dramatically embodied than in three generations of the family of Norris Wright Cuney mulatto labor and political leader Douglas Hales explores the birthright Cuney received from his white plantation owner father Philip Cuney and the way his heritage played out in the life of his daughter Maud Cuney Hare This intergenerational study casts light on the experience of race in the South before Emancipation after Reconstruction and in the diaspora that eventually led cultural leaders of African American heritage into the cities of the North Most Texas history books name Norris Wright Cuney as one of the most influential African American politicians in nineteenth century Texas but they tell little about him beyond his elected positions In *The Cuneys* Douglas Hales not only fills in the details of Cuney's life and contributions but places him in the context of his family's generations A politically active plantation owner and slaveholder in Austin County Philip Cuney participated in the annexation of Texas to the United States and supported the role of slavery and cotton in the developing economy of the new state Wealthy and powerful he fathered eight slave children whom he later freed and saw educated Hales explores how and why Cuney differed from other planters of his time and place He then turns to the better known Norris Wright Cuney to study how the black elite worked for political and economic opportunity in the reactionary period that followed Reconstruction in the South Cuney led the Texas Republican Party in those turbulent years and through his position as collector of customs at Galveston distributed federal patronage to both white and black Texans As the most powerful African American in Texas and arguably in the entire South Cuney became the focal point of white hostility from both Democrats and members of the Lily White faction of his own party His effective leadership won not only continued office for him but also a position of power within the Republican Party for Texas blacks at a time when the party of Lincoln repudiated African Americans in many other Southern states From his position on the Galveston City Council Cuney worked tirelessly for African American education and challenged the domination of white labor within the growing unions Norris Wright Cuney's daughter Maud who was graced with a prestigious education pursued a successful career in the arts as a concert pianist musicologist and playwright A friend of W E B Du Bois she became actively involved in the racial uplift movement of the early twentieth century Hales illuminates her role in the intellectual and political awakening of black America that culminated in the Harlem Renaissance of the 1920s

He adroitly explores her decision against passing as white and her commitment to uplift Through these three members of a single mixed race family Douglas Hales gives insight into the issues challenges and strengths of individuals His work adds an important chapter to the history of Texas and of African Americans more broadly The Family Saga in the South:
