

ance would probably drop again in the fall, "as the crops are very promising and many of the pupils will be called upon to aid in gathering them." The greatest difficulty was procuring "a supply of competent teachers; as, owing to our distance from missionary societies and the disturbed and uncertain conditions of the State, I have not felt warranted in applying for teachers from the north."³⁰

Welch also noted the increased proportion of black teachers, and he reported on the conditions of the schools that he had observed. He found the situation particularly distressing in East Texas—an area with a heavy concentration of Negroes. Most of the whites were ill disposed toward black schools, and, even in the few localities where they were tolerated, the poverty of the Negroes was so great as to render it virtually impossible to secure scholars enough to support a teacher.³¹

The semi-annual school report for the period ending July 1, 1868, listed small increases in the number of both schools and teachers in Texas—forty-one schools and thirty-seven teachers (twenty-five white and twelve black)—and a marked increase both in number of pupils and in average daily attendance. Pupils enrolled increased from 1,133 to 1,718, and average daily attendance rose from approximately 688 to 1,476. The freedmen also made new gains financially, for they now owned seventeen schools and paid over \$1,600 in tuition. Students doing "higher" academic work totalled 160, and while this was substantially above Arkansas's 47, it was considerably below the 237 in Mississippi—whose average daily attendance was only slightly above that of Texas. Agents throughout the state concluded that "either the government or benevolent societies must continue the care of the education of the freedmen in Texas, at least until provision shall be made for them by the State."³²

"The freedmen's schools [of Texas] do not compare favorably with those of many other southern States," Commissioner Howard noted in his report to Congress in October, 1868. Just two years previously a similar report praised the progress of Negro education in Texas and asserted that Texas was in this respect ahead of the other southern states; but since then epidemics, crop failures, and natural disasters

³⁰ Ibid., 42.

³¹ Ibid.

³² Freedmen's Bureau, *Fifth Semi-Annual Report on Schools*, 3; *ibid.*, *Sixth Semi-Annual Report on Schools*, 7, 43. Quote is from *Sixth Semi-Annual Report*, 43. There is no indication as to whether or not the white children attended school with blacks. However, the inference seems to be that there was "token integration" of these schools.

Southwestern Historical Quarterly July 1973

Thomas W. Cutrer

Southwestern Historical Quarterly July 1973:

The Southwestern Historical Quarterly, 1976 *Southwestern Historical Quarterly*, 1999 *Ben McCulloch and the Frontier Military Tradition* Thomas W. Cutrer, 2000-11-09 A well written comprehensively researched biography Publishers Weekly Will both edify the scholar while captivating and entertaining the general reader Cutrer's research is impeccable his prose vigorous and his life of McCulloch likely to remain the standard for many years Civil War A well crafted work that makes an important contribution to understanding the frontier military tradition and the early stages of the Civil War in the West Civil War History A penetrating study of a man who was one of the last citizen soldiers to wear a general's stars Blue and Gray A brisk narrative filled with colorful quotations by and about the central figure Will become the standard biography of Ben McCulloch Journal of Southern History A fast paced clearly written narrative that does full justice to its heroically oversized subject American Historical Review **Theater of a Separate War** Thomas W. Cutrer, 2023-04-04 Though its most famous battles were waged in the East at Antietam Gettysburg and throughout Virginia the Civil War was clearly a conflict that raged across a continent From cotton rich Texas and the fields of Kansas through Indian Territory and into the high desert of New Mexico the Trans Mississippi Theater was site of major clashes from the war's earliest days through the surrenders of Confederate generals Edmund Kirby Smith and Stand Waite in June 1865 In this comprehensive military history of the war west of the Mississippi River Thomas W Cutrer shows that the theater's distance from events in the East does not diminish its importance to the unfolding of the larger struggle Through Many Dangers, Toils and Snares Merline Pitre, 2016-07-25 Through Many Dangers Toils and Snares originally published in 1985 was the first book to make an in depth examination of the cadre of African American lawmakers in Texas after the Civil War Those few books that addressed the subject at all treated black legislators en masse and offered little or nothing about their individual histories Early scholars tended to present isolated events of the violence and political deterrents inflicted upon black voters but said very little about how these obstacles affected black lawmakers Author Merline Pitre has departed from this traditional method and relied upon the untapped original materials found on these black lawmakers This third edition features a new preface and extended updated appendixes ensuring that this study will remain useful to political scientists sociologists and historians of Texas political history Afro American history and revisionists of Reconstruction *Texas* Rupert N. Richardson, Cary D. Wintz, Adrian Anderson, Ernest Wallace, 2016-05-23 Written in a narrative style this comprehensive yet accessible survey of Texas history offers a balanced scholarly presentation of all time periods and topics From the beginning sections on geography and prehistoric people to the concluding discussions on the start of the twenty first century this text successfully considers each era equally in terms of space and emphasis **Tejano South Texas** Daniel D. Arreola, 2002-04-15 Examines the cultural geography of Tejano South Texas and the Mexican ancestry of its residents discussing where they originated when they came to Texas and how the area differs from other Mexican American regions Senators of the United States

,1995 The Frontier Army in the Settlement of the West Michael L. Tate,2001-10-01 A reassessment of the military's role in developing the Western territories moves beyond combat stories and stereotypes to focus on more non martial accomplishments such as exploration gathering scientific data and building towns The Devil's Triangle James M. Smallwood,Kenneth W. Howell,Carol C. Taylor,2019-09-15 In the Texas Reconstruction Era 1865 1877 many returning Confederate veterans organized outlaw gangs and Ku Klux Klan groups to continue the war and to take the battle to Yankee occupiers native white Unionists and their allies the free people This study of Benjamin Bickerstaff and other Northeast Texans provides a microhistory of the larger whole Bickerstaff founded Ku Klux Klan groups in at least two Northeast Texas counties and led a gang of raiders who at times numbered up to 500 men He joined the ranks of guerrilla fighters like Cullen Baker and Bob Lee and with their gangs often riding together brought chaos and death to the Devil's Triangle the Northeast Texas region where they created one disaster after another This book provides a well researched exhaustive and fascinating examination of the life of Benjamin Bickerstaff a desperado who preyed on blacks Unionists and others in northeastern Texas during the Reconstruction era until armed citizens killed him in the town of Alvarado in 1869 The work adds to our knowledge of Reconstruction violence and graphically supports the idea that the Civil War in Texas did not really end in 1865 but continued long afterward Carl Moneyhon author of Texas after the Civil War The Struggle of Reconstruction **Women and the Creation of Urban Life** Elizabeth York Enstam,1998 Those individuals remembered as the founders of cities were men but as Elizabeth York Enstam shows it was women who played a major role in creating the definitive forms of urban life we know today The Old Chisholm Trail Wayne Ludwig,2018-09-04 The Old Chisholm Trail charts the evolution of the major Texas cattle trails explores the rise of the Chisholm Trail in legend and lore and analyzes the role of cattle trail tourism long after the end of the trail driving era itself The result of years of original and innovative research often using documents and sources unavailable to previous generations of historians Wayne Ludwig's groundbreaking study offers a new and nuanced look at an important but short lived era in the history of the American West Controversy over the name and route of the Chisholm Trail has persisted since before the dust had even settled on the old cattle trails But the popularity of late nineteenth century Wild West shows dime novels and twentieth century radio movie and television western drama propelled the already bygone era of the cattle trail into myth and a lucrative one at that Ludwig correlates the rise of automobile tourism with an explosion of interest in the Chisholm Trail Community leaders were keenly aware of the potential economic impact if tourists were induced to visit their town rather than another and the Chisholm Trail was often just the hook needed Numerous historical markers were erected on little more than hearsay or boosterish memory and as a result the true history of the Chisholm Trail has been overshadowed The Old Chisholm Trail is the first comprehensive examination of the Chisholm Trail since Wayne Gard's 1954 classic study The Chisholm Trail and makes an important and modern contribution to the history of the American West Winner 2018 Elmer Kelton Book of the Year sponsored by the Academy of Western Artists

Texas Divided James Marten, 2021-10-21 The Civil War hardly scratched the Confederate state of Texas Thousands of Texans died on battlefields hundreds of miles to the east of course but the war did not destroy Texas s farms or plantations or her few miles of railroads Although unchallenged from without Confederate Texans faced challenges from within from fellow Texans who opposed their cause Dissension sprang from a multitude of seeds It emerged from prewar political and ethnic differences it surfaced after wartime hardships and potential danger wore down the resistance of less than enthusiastic rebels it flourished as some reaped huge profits from the bizarre war economy of Texas Texas Divided is neither the history of the Civil War in Texas nor of secession or Reconstruction Rather it is the history of men dealing with the sometimes fragmented southern society in which they lived some fighting to change it others to preserve it and an examination of the lines that divided Texas and Texans during the sectional conflict of the nineteenth century The Papers of Jefferson Davis Jefferson Davis, 1999-12-01 Kenneth H Williams Associate Editor Peggy L Dillard Editorial Associate The autumn of 1863 was a trying time for Jefferson Davis Even as he expressed unwavering confidence about the eventual success of the Confederate movement he had to realize that mounting economic problems low morale and rotating army leadership were threatening the welfare of the new nation Less than a year after the October 1863 Confederate victory at Chickamauga the South relinquished Atlanta to Sherman During the tumultuous eleven months chronicled in Volume 10 Davis retained his fervor for southern nationalism as he struggled furiously to command a war and maintain a government As the letters contained here illustrate he soldiered bravely on **The History of Texas** , 2014-01-28 The History of Texas is fully revised and updated in this fifth edition to reflect the latest scholarship in its coverage of Texas history from the pre Columbian era to the present Fully revised to reflect the most recent scholarly findings Offers extensive coverage of twentieth century Texas history Includes an overview of Texas history up to the Election of 2012 Provides online resources for students and instructors including a test bank maps presentation slides and more **Painting Texas History to 1900** Sam DeShong Ratcliffe, 2014-11-06 Certificate of Commendation American Association for State and Local History 1994 T R Fehrenbach Book Award Texas Historical Commission 1992 San Antonio Conservation Society Citation 1993 Dramatic historical events have frequently provided subject matter for artists particularly in pre twentieth century Texas where works portraying historical often legendary events and individuals predominated Until now however these paintings of Texas history have never received the kind of study given to historical fictional and film versions of the same events Painting Texas History to 1900 fills this gap with an interdisciplinary approach that explores these paintings both as works of art and as historical documents The author examines the works of more than forty artists including Henry McArdle Theodore Gentilz Robert Onderdonk William Huddle Frederic Remington Friedrich Richard Petri Arthur T Lee Seth Eastman Sarah Hardinge Frank Reaugh W G M Samuel Carl G von Iwonski and Julius Stockfleth He places each work within its historical and cultural context to show why such subject matter was chosen why it was depicted in a particular way and why such a depiction

gained popular acceptance For example paintings of heroic events of the Texas Revolution were especially popular in the years following the Civil War when in Ratcliffe s view Texans needed such images to assuage the loss of the war and the humiliation of Reconstruction Though the paintings cut across traditional art history categories from the pictographs of early historic Indians to European inspired oil paintings they are bound together by their artists intent for them to function as historically evocative documents With their visual narratives of events that characterized all of America s westward expansion Indian encounters military battles farming ranching surveying and the closing of the frontier these works add an important chapter to the story of the American West

America's Civil War Brian Holden Reid,2009-12-02 Civil War historian Reid examines in depth the operational military history during the first three years of America s Civil War In particular he focuses on generalship command decisions strategy and tactics as well as the experiences of ordinary soldiers

Texas, the Dark Corner of the Confederacy B. P. Gallaway,1994-01-01 Collection of forty documents dating from the eve of the Civil War to the collapse of the Confederacy chronicling the Civil War in Texas **Secession and the Union in Texas** Walter L. Buenger,2013-11-18 This history of secession in the Lone Star State offers both a vivid narrative and a powerful case study of the broader secession movement In 1845 Texans voted overwhelmingly to join the Union Then in 1861 they voted just as overwhelmingly to secede The story of why and how that happened is filled with colorful characters raiding Comanches German opponents of slavery and a border with Mexico It also has important implications for our understanding of secession across the South Combining social and political history Walter L Buenger explores issues such as public hysteria the pressure for consensus and the vanishing of a political process in which rational debate about secession could take place Drawing on manuscript collections and contemporary newspapers Buenger also analyzes election returns population shifts and the breakdown of populations within Texas counties Buenger demonstrates that Texans were not simply ardent secessionists or committed unionists At the end of 1860 the majority fell between these two extremes creating an atmosphere of ambivalence toward secession which was not erased even by the war

Blacks in the American West and Beyond--America, Canada, and Mexico George H. Junne,2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers

Getting the books **Southwestern Historical Quarterly July 1973** now is not type of inspiring means.
