Investing in Development Theodore Moran, 2021-12-24 This volume surveys current views in the debate about the impact of foreign direct investment on Third World development on growth employment exports technology and distribution of income It examines whether the efforts of less developed countries to attract and control multinational corporations have constituted a serious distortion of trade that threatens jobs in the home nations It provides new studies of foreign investment in agriculture and in the least developed states It looks at the threat of transmitting environmental pollution And it analyzes the link between international companies and the umbrella of World Bank cofinancing as a mechanism to reduce risk Finally it attempts to estimate how much of the gap in commercial bank

lending might plausibly be filled by direct corporate investment over the next decade

The Internationalisation of

Antitrust Policy Maher M. Dabbah, 2003-10-30 The internationalisation of antitrust policy is a topic of great contemporary significance and debate Dr Dabbah provides an inquiry that is at once clearly stated original and empirical setting out the relevant issues in the context of law economics and politics He draws on the decisional practice of antitrust authorities actions and statements of political bodies as well as the decisions of law courts Providing a detailed examination of the experiences of the European Community and the United States Dr Dabbah includes a comprehensive examination of central concepts and ideas related to antitrust law and practice The book concludes by looking forward to potential developments in the landscape and suggests an approach to the internationalisation of antitrust policy This will be of interest to antitrust officials as well as international organisations members of the business community academics researchers and policy makers who are involved in antitrust law and policy

The Legal Protection of Foreign Investments Against Political Risk Thomas Nektarios Papanastasiou, 2015-08-19 The Legal Protection of Foreign Investments Against Political Risk examines how political risks associated with foreign direct investment in the energy sector are managed or mitigated and suggests new ways to deal with the possibility of such risk It applies its analysis using case studies and international law and examining actual contracts to the specific context of foreign investment in five Asian countries power infrastructure projects Legal protection of foreign investments against political risk has been a problem for a long time Professor Papanastasiou's book brilliantly balances the legitimate regulatory power of host states with legitimate business interests of foreign investors by presenting a neatly designed multi layered legal framework for political risk management This is an important contribution to both the study of international investment law and the practice of foreign investment business transactions Junji Nakagawa Professor of International Economic Law Institute of Social Science University of Tokyo Author International Harmonization of Economic Regulation Oxford University Press 2011 This book is an impressive and important entry into the field of international investment law scholarship While maintaining a focus on the important Japanese and Asian regions it also provides a general and up to date coverage of relevant international investment law and political risk considerations faced by multinational corporations It is impressively concise yet thorough it is practical yet takes into account relevant and recent legal scholarship it is well written and organized The ultimate goal is to help foreign investors and their advisors understand the current international investment law framework and climate to enable them to devise strategies to help their clients reduce political risk and to protect their clients property rights and investments This work should be of interest to in house counsel and international law practitioners as well as to law students and scholars for its coverage of current international investment law standards scholarship and practices N Stephan Kinsella Attorney Houston Texas Co author International Investment Political Risk and Dispute Resolution OUP 2005 This study contributes insightfully to the literature on international economics and in particular on the laws protecting foreign investment The book is unique in two ways First it

analyzes and measures the impact of such multi tier legal frameworks as FTAs investment contracts FDI regulations and insurance by combining legal interpretative tools and scoring techniques Second it adds a new narrative on how Japanese business can use law to secure investments from political risks in the energy sector of foreign countries Shujiro Urata Professor of International Economics Graduate School of Asian Pacific Studies Waseda University Co editor Economic Consequences of Globalization Evidence from East Asia Routledge 2012

Stability and Legitimate Expectations in International Energy Investments Rahmi Kopar, 2021-08-12 This book assesses stability guarantees through the lens of the legitimate expectations principle to offer a new perspective on the stability concept in international energy investments The analysis of the interaction between the concepts of stability and legitimate expectations reveals that there are now more opportunities for energy investors to argue their cases before arbitral tribunals The book offers detailed analyses of the latest energy investment arbitral awards from Spain Italy and the Czech Republic and reflects on the state of the art of the legitimate expectations debate and its relationship with the stability concept The author argues that in order to achieve stability the legitimate expectations principle should be employed as the main investment protection tool when a dispute arises on account of unilateral host state alterations This timely work will be useful to both scholars and practitioners who are interested in international energy law investment treaty arbitration and international investment law
