Soviet East European Survey 1985 1986:

Soviet-east European Survey, 1986-1987 Vojtech Mastny, 2019-06-12 First published in 1988 Radio Free Europe Radio Liberty is well known for broadcasting news and information to millions of listeners in Eastern Europe and the Soviet Union In order to be an effective surrogate home service RFE RL has built up over the years a large research capacity where Western trained specialists describe and analyze develop *Soviet/East European Survey, 1985-1986* Vojtech Mastny, 1987

Soviet/East European Survey 1985-1986 Vojtech Mastny, 1987-06-01 **East European Fault Lines** Janusz Bugajski, 2019-04-10 This book provides a comparative analysis of oppositionist trends in the Soviet satellite states of contemporary Eastern Europe It evaluates the extent and objectives of independent social activism in these countries and explores both the causes and effects of public dissent **The Last Decade of the Cold War** Olav Njølstad, 2004 The last decade of the Cold War witnessed the transformation of world politics with the collapse of one party Communist rule in Eastern Europe and the Soviet Union This book explains how it happened and why *East Central Europe* Lawrence D. Orton, 1989 **Economic Adjustment and Reform in Eastern Europe and the Soviet Union** Franklyn D. Holzman, 1988 Economic reform structural adjustment macroeconomic stabilization and participation in the world economy are interconnected aspects of the same issue the long term economic viability of centrally planned economies in the rapidly changing economic environment of the modern world Any economic strategy that focuses on only one or two of these aspects at the expense of the others is likely to fail yet even strategies that build on all of these bases may well fail unless political leaders can muster exceptional skill garner international support and enjoy some good luck The contributions to this volume reflect the recent research on this issue by various specialists on the economies of the Soviet Union and Eastern Europe Each author emphasizes macroeconomic stabilization structural adjustment participation in the larger world economy or economic reform A History of the Gypsies of Eastern Europe and Russia D. Crowe, 2016-04-30 David Crowe draws from previously untapped East European Russian and traditional sources to explore the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages until the present **Human Rights And Security** Vojtech Mastny, 2020-01-29 Inquiries into the relationship between security and human rights are of very recent vintage They have long been hampered by political scientists predilection for political realism From that perspective there seemed little doubt that power comes first and any human rights but a poor second As wishful thinking turned into reality during the Eastern European revolutions of 1989 the limitations of such shortsighted realism became apparent This book examines the causes and consequences of the emerging new relationship between security and human rights It is divided into two parts which deal respectively with security and human rights and their relationship to states and societies What is the theoretical linkage between security and human rights How has this linkage evolved within the context of East West relations What was the particular role of the Helsinki process in shaping this evolution How do these issues affect the difficult transition from

dictatorship to pluralism in countries facing the challenge of ethnic economic and social dislocation The contributors to this volume seek to deepen our understanding of the forces that brought about the collapse of communism in Europe and they explore the broader implications of change for the emerging post cold war international order *Problems of Communism* ,1987 *A Guide to the Socialist Economies* Ian Jeffries,2022-03-07 First published in 1990 A Guide to the Socialist Economies explores the evolution of a variety of economic systems in the socialist world and highlights major problems facing fourteen countries Albania Bulgaria China Cuba Czechoslovakia the GDR Hungary North Korea Mongolia Poland Romania the Soviet Union Vietnam and Yugoslavia against a background of continuous change characterized by such events as the Berlin blockade the Korean war the Hungarian revolution and the invasion of Czechoslovakia The traditional Soviet economic model is studied in detail as the basic system adopted by or imposed upon all of these countries A separate chapter is devoted to foreign trade in general and Comecon in particular while each of the country studies deals with the political and economic background economic reforms including industry agriculture the financial system and foreign trade and capital and the private sector The book provides information on the economic institutions of all the individual countries which is invaluable if the various courses of reform each country has engaged upon are to be understood Historical material supplements contemporary information in a work which is to be an essential reference for anyone engaged in a study of or trade with the socialist countries **The American Bibliography of Slavic and East European Studies** ,1992 Provides information on East Central Europe and the former Soviet Union **East-West Financial Relations** Iliana Zloch-Christy,1991-04-26 The impact of Eastern Europe s convertible currency external debt situation on the financing of East West trade in the late 1908s and early 1990s **Statistical Reference Index** ,1990 *Balkan Imbroglia* Daniel N Nelson,2021-11-28 As Europe underwent extraordinary changes in 1989 1990 the continent s south eastern region the Balkans began once again to draw attention for its ethnic rivalries its political turmoil and its interstate disputes Continuing tensions and instability have fostered images of a Balkan imbroglia where regional instability could affect all of Europe This study offers country specific and comparative assessments of political trends during this transitional era placing emphasis on matters of international security socioeconomic policy and political leadership Also considered are the requisite conditions for democracy in the role of the military in a civil society and the manner in which security can be achieved without overarching hegemonic alliances **Socialist Cuba** Sergio G Roca,Rhoda Rabkin,Sergio Diaz-Briquets,Carmelo Mesa-Lago,2019-07-11 This book examines change within continuity and analyzes stability within revolution It focuses on uneven rate of development among the political economic and social realms of revolutionary life in socialist Cuba on the implications of the changes unleashed by the Third Party Congress in 1986 *The Crisis of Marxist Ideology in Eastern Europe* Vladimir Tismaneanu,2023-03-31 First published in 1988 The Crisis of Marxist Ideology in Eastern Europe states that since de Stalinisation began in Eastern Europe the dead hand of institutional Marxism has been eroded by revisionist

Marxism with the turn to young Marx and the philosophy of human emancipation to undermine prevailing orthodoxies But this revisionism clung to the old socialist dogmas and refused a total break with the system and the effort eventually failed The result was the emergence of a dissident counterculture rejecting the system entirely Independent social movements such as unofficial peace groups and trade unions like Solidarity have given this counterculture a major role in Eastern Europe whilst the ruling elites have responded with confusion Tismaneanu concludes that the only hope for the anti totalitarian intellectuals of Eastern Europe is to oppose the regimes with non Marxist ideas otherwise they will be permanently reduced to the status of a hopeless albeit heroic minority This book will be of interest to students of economics political science and international relations

Occupational Crime Gerald Mars, 2020-12-17 This title was first published in 2001 Occupational crime is found in the whole range of occupations and at all levels Despite the fact that activities are widespread and well known the area is blurred by contradictory perceptions denials and arguments over definition This volume presents influential essays on the topic

Crisis and Reform in Eastern Europe Ferenc Feher, 2020-02-13 Communism in Eastern Europe is in crisis Its dimensions are social and economic its manifestation is political This volume a collection of essays by leading authorities describes the symptoms of the crisis diagnoses the causes of the malady and offers alternative scenarios for therapy A unique dimension of this collection is its avoidance of one dimensional explanations The contributors approach the subject from very different angles and start from very distinct sociopolitical premises The volume includes original accounts of unexplored aspects of East European communism as well as classic interpretations of the economic crisis and social stagnation that characterize the area Contributions not only examine the sociopolitical behavior of the ruling apparatus but also analyze its strategies political culture and the opposition Both the professional and the general reader seeking more information about Eastern Europe will find this volume an extensive in depth portrait of the current situation in what many observers predict may develop into the major area of tension in post World War II Europe

United States-East European Relations in the 1990s Richard Felix Staar, 1989 This volume is the result of a workshop on the future relations between the U S and each of the East European countries sponsored by the Hoover Institution on War Revolution and Peace The contributors present political economic and military surveys as well as country background papers Beginning with the changing relations after 1985 between the Soviet Union and its client regimes the volume covers Western policies likely to result in economic growth and stability and the role of the Warsaw Treaty Organization The authors analyze the domestic and foreign affairs of Poland the German Democratic Republic Czechoslovakia Romania Bulgaria Hungary Yugoslavia and Albania and include projections for their future relationships with the United States ISBN 0 8448 1612 4 47 50 ISBN 0 8448 1613 2 pbk 27 00
