Reform of the Federal Criminal Laws United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Laws and Procedures, 1971 **Social Control under Stalin and Khrushchev** Immo Rebitschek, Aaron B Retish, 2023-08-31 How did the Soviet Union control the behaviour of its people How did the people themselves engage with the official rules and the threat of violence in their lives In this book the contributors examine how social control developed under Stalin and Khrushchev Drawing on deep archival research from across the former Soviet Union they analyse the wide network of state institutions that were used for regulating individual behaviour and how Soviet citizens interacted with them Together they show that social control in the Soviet Union was not entirely about the monolithic state imposing its vision with violent force Instead a wide range of institutions such as the police the justice system and party sponsored structures in factories and farms tried to enforce control The book highlights how the state leadership itself adjusted its policing strategies and moved away from mass repression towards legal pressure for policing

society Ultimately Social Control under Stalin and Khrushchev explores how the Soviet state controlled the behaviour of its citizens and how the people relied on these structures *The Readers of Novyi Mir* Denis Kozlov,2013-06-10 In the Thaw following Stalin's death probing conversations about the nation's violent past took place in the literary journal Novyi mir New World Readers letters reveal that discussion of the Terror was central to intellectual and political life during the USSR's last decades Denis Kozlov shows how minds change even in a closed society **Encyclopedia of Soviet Law** Ferdinand J.M. Simons,2024-10-28 **Jewish Foreign Trade Officials on Trial** Veronica Rozenberg,2022-03-21 This book deals with six trials conducted by the Romanian state against Jewish key officials employed in state owned import export companies between 1950 and 1960 It begins with a presentation of the political realities of Romania following the Communist Party's rise to power in particular those regarding its relationship with Romania's Jews and Gheorghiu Dej's policy of National Communism Rozenberg describes the criminal procedure used in the staged economic trials follows and then examines this procedure based on the legal system of the period as exemplified by the six analyzed trials The Romnoexport Jewish officials trial is analyzed in depth as the case study of the whole book This book concludes by bringing to light two phenomena that dissipate some mystique surrounding the events first the state's practice of using its legal system as a means of oppressing the population and second the stereotypical image of The Jew which the regime in Romania developed Despite its supposed anti religiosity it held on to centuries old prejudices against Jews as pariahs with supposed allegiance to foreign elements preferred over their surrounding society even to the point of betraying and exploiting their own country **Hearings, Reports and Prints of the Senate Committee on the Judiciary** United States.
