The English Historical Novel Walter Scott To Virginia Woolf:

The English Historical Novel Avrom Fleishman, 1971 *The English Historical Novel* Edgar Streeter Dunn, 1971

The Historical Novel from Scott to Sabatini H. Orel, 1995-02-15 Sir Walter Scott defined the parameters of the historical novel and illustrated his concept of the genre by writing a long series of novels dealing with medieval times the Elizabethan Age and the 18th Century Later novels written by his contemporaries and successors attracted smaller audiences When Robert Louis Stevenson in the early 1880s enthusiastically expanded the boundaries of romantic fiction he became a standard bearer and an inspiration to many of his fellow novelists Walter Besant Richard Doddridge Blackmore Arthur Quiller Couch Arthur Conan Doyle Stanley John Weyman Anthony Hope Henry Rider Haggard and Rafael Sabatini *Walter Scott and the Historical Imagination* David Brown, 2016-07-22 First published in 1979 This study explores the main critical issues that arise out of a modern reading of Scott's work and treats the major novels in detail It tackles the questions of Scott's place in literary history and his problems in pioneering the historical novel As well as examining the greater novels of the Scottish series the author also deals with the relation between historical fiction and reality with reference to the Waverley Novels and Scott's own attitude to history Also discussed are some of the possible reasons for Scott's failure to depict conflicts in his contemporary society This book would be of interest to students of literature The American Historical Romance George Dekker, 1990-05-03 This book traces the tradition of American historical fiction from its origins in the early nineteenth century to the eve of World War II It examines the historical novel's connections with Enlightenment and Romantic theories of history with the rise of literary regionalism with the ambitions of Romantic writers to revive the epic and romance with changing conceptions of gender roles and with the authors' troubled responses to the great revolutionary and imperialistic conflicts of the modern era However though inevitably much concerned with the theory of genre and with the specific contents of the genre of historical romance Professor Dekker devotes most of his book to new readings of major texts by James Fenimore Cooper Nathaniel Hawthorne Herman Melville Mark Twain Allen Tate Edith Wharton Willa Cather and William Faulkner as well as to the Briton whose name was synonymous with the genre for most of the nineteenth century Sir Walter Scott *The American Historical Romance* is the richest most fully meditated and most rewarding yet written by this author It is the most important book on the relations of British and American fiction to come out for many years No devotee of the American novel will ignore it *The Times Literary Supplement* The Historical Novel in Nineteenth-Century Europe Brian Hamnett, 2011-11-24 Even at the height of its popularity in the early nineteenth century the historical novel faced criticism at many levels After its predominance in the 1810s and 1820s writers and historians shunned it as a travesty of their respective disciplines Even so the historical novel has frequently attracted a wide ranging public right up to the present day Brian Hamnett examines key novels by authors including Scott Balzac Manzoni Dickens Eliot Flaubert Fontane Gald s and Tolstoy revealing the contradictions inherent in this form of fiction and exposing the challenges writers faced in

attempting to represent a reality that linked past and present He argues that the historical novel in the nineteenth century was a common European phenomenon with considerable interconnection of themes and periods Accordingly the book ranges from the British Isles and France through the Germanic territories Italy and Spain to the Russian Empire identifying the different objectives and phases of the historical novel Although historical novels did appear in the two previous centuries the form came to maturity in the nineteenth century a consequence of the developing nature of history as a discipline distinct from literature and philosophy and the increasing primacy of the novel for writers and the reading public Yet the frontiers between history and literature remained blurred and the two disciplines continued to influence one another as each sought a faithful representation of human experience *The Woman's Historical Novel* D. Wallace, 2004-11-19 The historical novel has been one of the most important forms of women's reading and writing in the twentieth century yet it has been consistently under rated and critically neglected In the first major study of British women writers use of the genre Diana Wallace tracks its development across the century She combines a comprehensive survey with detailed readings of key writers including Naomi Mitchison Georgette Heyer Sylvia Townsend Warner Margaret Irwin Jean Plaidy Mary Renault Philippa Gregory and Pat Barker **The Contemporary British Historical Novel** M. Boccardi, 2009-06-25 A detailed study of an increasingly popular genre this book offers readings of a group of significant and representative works drawing on a range of interpretative strategies to examine the ways in which the contemporary historical novel engages with questions of nation and identity to illuminate Britain's post imperial condition **The British Raj Novels** P. A. Attar, 2016-11-30 This book is about a brief resum of the major critical responses received by Scott and proves the fact that he still needs a wider critical attention to have a deeper insight of his novels At the moment his Raj quartet is the only work that has received extensive critical attention The generally accepted verdict that the Raj quartet is Scott's greatest achievement is confirmed by the fact that it has aroused considerable interest among critics since its publication Its position of acknowledged greatness therefore certainly demands a reference to various critical responses to it John Mellors for instance considers it important because by evoking the final episode in the long and passionate affaire between British and India it contains something of all the issues Scott wants to raise justice responsibility political expediency law and order sex and race pride and prejudice love and loyalty The Postcolonial Historical Novel H. Dalley, 2014-10-17 The Postcolonial Historical Novel is the first systematic work to examine how the historical novel has been transformed by its appropriation in postcolonial writing It proposes new ways to understand literary realism and explores how the relationship between history and fiction plays out in contemporary African and Australasian writing
