The Escape From Elba

Mark Braude

The Escape From Elba:

The Escape from Elba Norman MacKenzie, 2007-09-20 A lively account of Napoleon's first exile and his escape full of cunning and daring accident and error The New York Times Book Review The year is 1814 The Allies have driven Napoleon's once mighty armies back to Paris Trapped forced to abdicate after two decades of triumphant rule the emperor takes leave of his comrades in arms and sets sail for his new domain the tiny poverty stricken pestilential island of Elba Yet within ten months Napoleon will enter Paris once again at the heels of the fleeing Bourbon king flushed with victory and cheered by the masses The Escape from Elba tells the heroic story of Napoleon's exile and phoenix like return In this classic account Norman MacKenzie chronicles this extraordinary year the tense last hours of Napoleon's empire his humiliating exile his midnight escape and his whirlwind march over snowbound mountains to Grenoble where in a dramatic confrontation with the French army he became a reigning prince again Also described in vivid detail are Napoleon's adventures as the head of Elba He brought society splendor organization and political intrigue to this run down backwater and displayed on this small stage the many sides of his charismatic leadership Includes illustrations *The Escape from Elba* Norman MacKenzie, 2007 The year is 1814 The Allies have driven Napoleon's once mighty armies back to Paris Trapped forced to abdicate after two decades of triumphant rule the Emperor takes leave of his comrades in arms and sets sail for his new domain the tiny poverty stricken pestilential island of Elba Yet within ten months Napoleon will enter Paris once again at the heels of the fleeing Bourbon king flushed with victory and cheered by the masses The Escape From Elba tells the heroic story of Napoleon's exile and phoenix like return In this classic account now republished in paperback Norman MacKenzie chronicles this extraordinary year the tense last hours of Napoleon's empire his humiliating exile his midnight escape and his whirlwind march over snowbound mountains to Grenoble where in a dramatic confrontation with the French army he became a reigning prince again Described in vivid detail are Napoleon's adventures as the head of Elba He brought society splendor organization and political intrigue to this run down backwater And he displayed on this small stage the many sides of his charismatic personality **The Invisible Emperor** Mark Braude, 2019-10-08 A suspenseful fast paced account Braude's prose glints with humor and humanity Seattle Times A gripping narrative history of Napoleon Bonaparte's ten month exile on the Mediterranean island of Elba In the spring of 1814 Napoleon Bonaparte was defeated Having overseen an empire spanning half the European continent and governed the lives of some eighty million people he suddenly found himself exiled to Elba less than a hundred square miles of territory This would have been the end of him if Europe's rulers had had their way But soon enough Napoleon imposed his preternatural charisma and historic ambition on both his captors and the very island itself plotting his return to France and to power After ten months of exile he escaped Elba with just over a thousand supporters in tow marched to Paris and retook the Tuileries Palace all without firing a shot Not long after tens of thousands of people would die fighting for and against him at Waterloo Braude dramatizes this strange exile and improbable escape in

granular detail and with novelistic relish offering sharp new insights into a largely overlooked moment He details a terrific cast of secondary characters including Napoleon's tragically noble official British minder on Elba Neil Campbell forever disgraced for having let Boney slip away and his young second wife Marie Louise who was twenty two to Napoleon's forty four at the time of his abdication What emerges is a surprising new perspective on one of history's most consequential figures which both subverts and celebrates his legendary persona

Vienna, 1814 David King, 2009-03-24 Reads like a novel A fast paced page turner it has everything sex wit humor and adventures But it is an impressively researched and important story David Fromkin author of *Europe's Last Summer* Vienna 1814 is an evocative and brilliantly researched account of the most audacious and extravagant peace conference in modern European history With the feared Napoleon Bonaparte presumably defeated and exiled to the small island of Elba heads of some 216 states gathered in Vienna to begin piecing together the ruins of his toppled empire Major questions loomed What would be done with France How were the newly liberated territories to be divided What type of restitution would be offered to families of the deceased But this unprecedented gathering of kings dignitaries and diplomatic leaders unfurled a seemingly endless stream of personal vendettas long simmering feuds and romantic entanglements that threatened to undermine the crucial work at hand even as their hard fought policy decisions shaped the destiny of Europe and led to the longest sustained peace the continent would ever see Beyond the diplomatic wrangling however the Congress of Vienna served as a backdrop for the most spectacular Vanity Fair of its time Highlighted by such celebrated figures as the elegant but incredibly vain Prince Metternich of Austria the unflappable and devious Prince Talleyrand of France and the volatile Tsar Alexander of Russia as well as appearances by Ludwig van Beethoven and Emilia Bigottini the sheer star power of the Vienna congress outshone nearly everything else in the public eye An early incarnation of the cult of celebrity the congress devolved into a series of debauched parties that continually delayed the progress of peace until word arrived that Napoleon had escaped abruptly halting the revelry and shrouding the continent in panic once again Vienna 1814 beautifully illuminates the intricate social and political intrigue of this history defining congress a glorified party that seemingly valued frivolity over substance but nonetheless managed to drastically reconfigure Europe's balance of power and usher in the modern age

The Amazing Career of Bernadotte, 1763-1844 Sir Dunbar Plunket Barton, 1929

[The downfall of Napoleon: his escape from Elba, the battle of Waterloo, captivity in St. Helena, and death. From sir W. Scott's Life of Napoleon Buonaparte](#) sir Walter Scott (bart.), 1896

The Secret World Christopher Andrew, 2018-09-04 A comprehensive exploration of spying in its myriad forms from the Bible to the present day Easy to dip into and surprisingly funny Ben Macintyre in The New York Times Book Review The history of espionage is far older than any of today's intelligence agencies yet largely forgotten The codebreakers at Bletchley Park the most successful WWII intelligence agency were completely unaware that their predecessors had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada Those who do not understand past

mistakes are likely to repeat them Intelligence is a prime example At the outbreak of WWI the grasp of intelligence shown by US President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and eighteenth century British statesmen In the first global history of espionage ever written distinguished historian and New York Times bestselling author Christopher Andrew recovers much of the lost intelligence history of the past three millennia and shows us its continuing relevance Accurate comprehensive digestible and startling a stellar achievement Edward Lucas The Times For anyone with a taste for wide ranging and shrewdly gossipy history or for that matter for anyone with a taste for spy stories Andrew s is one of the most entertaining books of the past few years Adam Gopnik The New Yorker Remarkable for its scope and delightful for its unpredictable comparisons there are important lessons for spymasters everywhere in this breathtaking and brilliant book Richard J Aldrich Times Literary Supplement Fans of Fleming and Furst will delight in this skillfully related true fact side of the story Kirkus Reviews A crowning triumph of one of the most adventurous scholars of the security world Financial Times Includes illustrations
