The Essentials Of Mysticism And Other Essays:

The Essentials of Mysticism Evelyn Underhill, 2017-03-02 Offering different essays of the practice of mysticism Underhill gives a thorough treatment of the practice that relies on experience rather than logic to justify the matters of faith While a dangerous path to follow as it can quickly lead to paths away from God this thinking is valid to a point in that we must be able to experience the fullness of God in some way to be fully alive in the realization of who God the Father is

The Essentials of Mysticism and Other Essays Evelyn Underhill, 1999-08-26 Nothing is more striking in the literature of contemplation and of high aesthetic experience than an experienced reality a joy and richness which can never be conveyed save by allusion Offering a unique introduction to the wide ranging thought of one of the foremost writers on mysticism this innovative collection of essays brings together some of Evelyn Underhill s most enduringly valuable work The volume exemplifies the variety of issues Underhill considered in depth from the mystical life to the ordination of women and from the nature of prayer and the power of contemplation to social reform and education As relevant and challenging today as it was in Underhill s time this delightfully clear and accessible book will offer valuable advice and true inspiration to all those seeking insight into spirituality in our complex modern world

ESSENTIALS OF MYSTICISM AND OTHER ESSAYS EVELYN. UNDERHILL, 2018 *The Essentials of Mysticism and Other Essays (Classic Reprint)* Evelyn Underhill, 2017-05-18 Excerpt from The Essentials of Mysticism and Other Essays So we are forced to ask ourselves what is the essential element in spiritual experience Which of the many states and revelations described by the mystics are integral parts of it and what do these states and degrees come to when we describe them In the current phraseology and strip off the monastic robes in which they are usually dressed What elements are due to the suggestions of tradition to conscious or unconscious symbolism to the misinterpretation of emotion to the invasion of cravings from the lower centres or the disguised fulfilment of an unconscious wish And when all these channels of illusion have been blocked what is left This will be a difficult and Often a painful enquiry But it is an enquiry which ought to be faced by all who believe in the validity of man s spiritual experience in order that their faith may be established on a firm basis and disentangled from those unreal and impermanent elements which are certainly destined to destruction and with which it is at present too often confused I am sure that at the present moment we serve best the highest interests of the soul by subjecting the whole mass of material which is called mysticism to an inexorable criticism Only by inflicting the faithful wounds of a friend can we save the science of the inner life from mutilation at the hands of the psychologists About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any
